SCIENTISTS ASK 'CLEAR' EVALUATION ON H-BOMB

Portsmouth Denied Phone Service until Order Is Restored

COLUMBUS (AP)—The president of the struck Ohio Consolidated Telephone Co. says telephone service in the Portsmouth area will not be restored "until stern and forceful law enforcement is an established fact."

President C. E. Williams said that "the company is not interested in pledges and assurances from law enforcement officials that they will do their best.

"Concrete evidence of adequate law enforcement must be demonstrated as a preliminary to consideration of restoration of telephone service."

Negotiations seeking a settlement of the 96-day strike will be resumed here next Monday, Federal Mediator Edward L. Phillips said today.

Phillips said he will monitor the talks between the struck company and the union. Negotiations were recessed Oct. 11 because, Phillips said, they "weren't getting anywhere."

Some 18 issues remain deadlocked, but the four principal ones are said to be a proposed no-strike clause, union shop, arbitration and job classification.

The Scioto County exchanges were closed for the third time Monday night after another outbreak of vandalism against company property in the 96-day-old strike by the Communications Workers of America (CWA). The union has consistently denied responsibility for attacks against company installations and personnel.

The company first closed the exchanges Sept. 18 after a cable repair crew was attacked. They were reopened Sept. 21. Last Friday the company again closed the exchanges after a wave of cable slashings.

Monday, they were reopened after Gov. Frank J. Lausche ordered the Ohio Highway Patrol into the area. The exchanges were closed again less than 10 hours later after company installations were stoned.

But Williams said "the company did not shut down the exchanges on Oct. 15. The order to close up came from the state patrol and from Portsmouth Chief of Police Hughie Rudity."

Meanwhile, in Portsmouth, the City Council has agreed to hear citizens' complaints about alleged lax law enforcement during the recent outbreaks.

Portsmouth City Manager R. E. Layton said the council agreed to have an informal meeting tonight which will be attended by five of the city's six councilmen, Chief Rudity and Layton. The sixth councilman is out of town.

Scioto County Sheriff Burl Justice said he also would attend the meeting and is working on a prepared statement he will present.

The meeting was called after the Voluntary Citizens Committee for Law Enforcement, organized last Saturday by local businessmen and clergymen, demanded a special council session to hear complaints that local law officers failed in their duties during Monday's disturbance.

Rudity defended his officers. He said they were hampered in efforts to deal with the crowd that assaulted the Portsmouth exchange.

"There were women and children and we couldn't use tear gas," he said. "It's hard to put your finger on someone in the back of a big crowd who is throwing rocks, because you can't get to him before he disappears. The rocks were thrown from way back."

Rudity said his department has 51 men including 30 patrolmen. Of the entire force, 16 to 18 men might be off duty at the same time and "we should have at least 50 patrolmen just to take care of our regular police work," he added.

Rudity said he believes his department is doing a good job of enforcing the law with the men it now has.

Layton said he has been gathering first-hand reports on Monday's demonstration.

"We definitely had a riot, from what I read," he commented. "If the exchanges are opened again, we had better be ready."

He said he doubted very much that the Ohio National Guard would be called to Portsmouth.

3 Medics Get Nobel Prizes

Heart Experts Cited In Latest Awards

STOCKHOLM, Sweden (AP)—Two Americans and a German were awarded the 1956 Nobel prize in Medicine jointly today for evolving a simple method of charting the interior of the human heart.

The winners are Drs. Andre F. Cournard, 61, and Dickinson W. Richards Jr., 61. on Oct. 30, both of Columbia University in New York, and Werner Forssmann, 52, of Bad Kreuznach, West Germany.

The Croline Institute of Medicine and Physiology, which makes the awards under the will of the late inventor of dynamite, Alfred Nobel, said in its citation the prize was given in recognition of "the introduction of heart catheterization and discoveries made thereby."

For their contribution to the fight against heart disease, the three scientists will divide Nobel prize money totaling $38,633.

The awards will be presented here Dec. 10 along with the literary prize to be announced Oct. 25 and those for physics and chemistry, which will be announced at the end of the month.

* * *

THE THREE DOCTORS are credited with having opened a new area in cardiology by shedding more light on virtually heart ailments.

The story of the 47th Nobel Award in Medicine and Physiology dates back to a 1929 experiment by Forssmann, then a Berlin urologist curious about the functions of the heart.

Forssmann sat down one night behind an X-ray screen and mirror and pushed a uretary catheter (a flexible tubular instrument which is introduced into canals or passages of the body) from the crook of his arm into his heart.

Forssmann's idea was refined by a New York Columbia University team, headed by Dr. Cournand and Dr. Richards.

Honor Medal Winner Guilty In Hearing

PARRIS ISLAND, S. C. (AP) — A Marine Medal of Honor winner has been convicted by special court-martial. Sgt. Alford Lee McLaughlin was sentenced to three months hard labor, reduction to private and a $20 fine.

The unpublicized court - martial was held on this sprawling recruit training center Wednesday. McLaughlin pleaded guilty to drunkenness and unauthorized absence and was found guilty of disrespect to a superior officer.

The 28-year-old native of Leeds, Ala., was court-martialed for an episode last March at Rome, Ga., where he was stationed with a Marine reserve outfit.

Rome police said McLaughlin was arrested after going to the home of his commanding officer, Maj. Henry A. Checklou, and threatening the officer with an automatic shotgun. He was reported to have been drinking.

The sergeant received the nation's highest award for bravery from President Eisenhower Aug. 17, 1953. He was decorated for his defense of an outpost in Korea on the night of Sept. 4-5, 1952.

The citations said that McLaughlin killed an estimated 150 Chinese Communists and wounded another 50.

Although wounded, he alternately fired two machineguns — holding one at the hip until the weapon became too hot to handle and then switching to the other.

Executive Convicted

CLEVELAND (AP) — Joseph I. Bodner, a 42-year-old Solon trucking executive, was convicted by Federal Judge Paul C. Weick Wednesday of evading nearly $10,000 in income taxes.

News in Brief

East Germany Said Plagued By Slowdowns

BERLIN (AP)—Labor unrest has erupted into slowdown strikes in three Communist East German cities, a West Berlin newspaper reported today.

The independent paper Der Tag said 2,000 Red police had been rushed from East Berlin to the city of Magdeburg, reported center of the strikes.

Official sources in West Berlin said so far they had not received confirmation of Der Tag's report. But the official Communist trade union paper Tribuene admitted two days ago that workers in four big Magdeburg plants had shown "dissatisfaction" with excessive work and poor pay.

The Red organ said the complaints were justified and warned local union officials to take care that in the future "the interests of the workers are not violated."

Der Tag said the slowdowns have spread to sections of factories in two other cities—Erfurt and Karl-Marx-Stadt.

"The main reason for the refusal to work," the West Berlin paper said, "lies in the fact that management has raised work quotas without granting suitable wage increases."

LONDON (AP)—Greta Garbo, once the first lady of the movies, had tea Wednesday at No. 10 Downing Street, with Prime Minister Eden's wife.

Educator Says Dixie to 'Join' U. S. Some Day

JACKSON, Tenn. (AP) — A University of Mississippi professor says he thinks the South, including Mississippi, "will probably join the United States in a few years."

Dr. James W. Silver, head of the University's History department, was speaking of a mental union, not geographical.

In a talk here Wednesday, Silver said there are two separate creeds, American and Southern. Southern minds have found them difficult to reconcile, he added.

However, he said, the American creed is beginning to replace the Southern creed and one of these days the Union will be complete.

Silver called secession from the Union, the act that brought on the Civil War, "the greatest blunder, the most stupid action and most tragic thing that ever happened."

A number of "illusions" caused the action, he said, among them the false belief among Southerners that the Abolitionists controlled the North.

He said a present-day comparison shows how many Southerners believe the National Assn. for the Advancement of Colored People controls the North now.

New Rail Union Contract Hinted

CHICAGO (AP) — An agreement for a three-year contract providing substantial pay increases for more than a million railroad workers was reported imminent today between the country's carriers and a score of unions.

Reports that a tentative agreement had been reached with "package" wage increases totaling roughly 25 cents an hour over the three-year period subject to approval by the full negotiating committees, were not immediately verified.

State Examiner Cites Illegal Payments In Miami Trace School District Report

A state auditor's report on the examination of Miami Trace Local School District records, made public Thursday, cites a series of illegal payments by the board and contains criticism of bookkeeping practices and school lunchroom credit procedures.

Among the expenditures cited as illegal were payments totaling $9,029.19 to the Hockman Grain and Feed Co., Madison Mills, of which Taylor Groff, president of the Miami Trace Board, is manager.

The purchases included a $159.96 mower and six coal deliveries at a total cost of $2,890.48 during the July 1, 1955—July 31, 1956 audit period. A report on a recheck of previous audits also lists 17 coal purchases totaling $6,138.71 made by the Madison Local School District Board from the Hockman firm from Feb. 1950 to April 1955 while Groff was clerk and member of the Madison board.

These purchases, the examiner's report states, were in violation of Sections 3313.33 and 2919.09 of the Revised Code of Ohio.

The examiner also points out that a recheck of previous audits of local schools now incorporated in Miami Trace District reveals "exceptions to correct legal procedure" in payments totaling $1,033.

Copies of the report, signed by Robert W. Barnes, examiner in the Bureau of Inspection and Supervision of Public Offices, and approved by E. A. Keller, deputy inspector, have been filed with the Miami Trace Board and with Fayette County Prosecutor John S. Bath.

* * *

IN COMMENTING on its contents, Groff told a Record-Herald representative:

"Previous to an audit in 1953, I discussed sales of coal by the Hockman company to the Madison Township Board with a state examiner, and he said that in his opinion it was a legal transaction because I did not have (nor do I now have) a pecuniary interest in the business".

"The audit of the Madison District books at the time of the consolidation in 1955 made no findings in connection with these sales. The same examiner who made the present audit made the 1955 audit. If there was doubt in 1953 it should have been so stated."

"In my opinion", Groff continued, "this audit, the recheck of the previous audit and the timing of the release of the report are the result of political pressure to adversely affect the proposed Miami Trace District bond issue."

* * *

PROSECUTOR Bath, who last week filed a $3,564 recovery suit against County Superintendent W. J. Hilty on the basis of an examiner's report on the office of the Fayette County Board of Education, said he planned to confer with Rollo Marchant, unopposed candidate for county prosecutor at the November election, before taking any action on the Miami Trace report. The latter document was filed with the Bureau of Inspection Oct. 2 and approved Oct. 3.

The reference to the 1955-1956 payments involving Groff are contained in the following paragraphs:

"An audit of bills discloses that during the period covered by this examination, purchases were made for a mower and coal from the Hockman Grain and Feed Co., Madison Mills.

"Mr. Taylor Groff, the manager of the above firm, has served as president of the Miami Trace Board of Education during the entire period of this examination. The owner of this firm, Mr. Ottie B. Hockman, served as a member of the Mount Sterling Local School District Board of Education from Jan. 4, 1956, to June 23, 1956. These purchases were a violation of Sections 3313.33 and 2919, Revised Code, as concerns Mr. Groff and Mr. Hockman respectively."

* * *

SECTION 3313.33 says in part "No member of the board shall have, directly or indirectly, any pecuniary interest in any contract of the board or be employed in any manner for compensation by the board of which he is a member except as clerk."

* * *

Section 2919.09 says in part "No person, holding an office of

Mother Arrested at Son's Hearing, Held in Food Thefts

The mother of a 14-year - old Bloomingburg boy was arrested in Juvenile Court Thursday morning for receiving stolen property after the boy had been fined $25 and placed on probation for a year on a charge of stealing food from the Bloomingburg school.

Mrs. Marie Birchfield, in whose home Deputy Sheriffs Don Thompson and Charles Hays last Monday found an assortment of food allegedly taken from the school, was released under $500 bond set by Municipal Court Judge Max G. Dice.

She is to be arraigned Monday at 9:30 a. m. on a specific charge of receiving a stolen gallon jar of grape jelly valued at $1.75, although the two deputies Monday brought back to the sheriff's office several other jars of jelly, a partially filled sack of flour and a package of prunes they said they found in the house.

* * *

THE AFFIDAVIT was prepared by Thompson early Thursday morning and was read to Mrs. Birchfield while she was at her 14-year-old son's hearing in Juvenile Court by Judge Robert Brubaker. She was arrested then and held until she put up bond in Municipal Court.

Another of Mrs. Birchfield's sons, Howard Birchfield, is now serving a one-to-seven year term in the Mansfield Reformatory. He was sentenced by Judge John P. Case about two weeks ago when he pleaded guilty to an indictment charging theft of tools from Walter Seifried.

Sheriff Orland Hays said food had been reported missing from the Bloomingburg school over a period of about two months and that the investigation had been in progress all that time. He said reports listed a wide variety of food missed, including several hams.

Principal G. H. Biddle of the Bloomingburg school was at the hearing in Juvenile Court Thursday morning.

Cincy Workhouse Safe Burglarized

CINCINNATI (AP) — Somebody got away with $4,579 from a safe at the Cincinnati workhouse Wednesday, and Supt. George Studt said he thinks it was "an inside job."

Officers said the safe had not been forced open. Guard Capt. Richard Lobeck said he was sure it was locked. Studt said that about $3,900 was money of the prisoners and $679 was money spent at the commissary.

Slayer of Couple Ruled To Be Sane

COLUMBUS (AP)—Mrs. Blanche E. Jacobs, indicted on two counts of first degree murder in the July 2 knife-slaying of an elderly Groveport couple, has been found legally sane by psychiatrists at Lima State Hospital.

Prosecutor Samuel L. Devine said Wednesday that Mrs. Jacobs, wife of an Air Force major and mother of three, probably will go on trial late next month. Mrs. Jacobs, at her arraignment two months ago, pleaded innocent and innocent by reason of insanity to charges of murdering Mr. and Mrs. A. J. Robinson.

Mother of Slain Infant To Leave Mental Hospital

MIDDLETOWN, Conn. (AP)—The 33-year-old mother of slain infant Cynthia Ruotolo plans to leave the state mental institution today.

Mrs. Eleanor Ruotolo entered the Connecticut State Hospital voluntarily Oct. 4 after asking doctors for help with her "emotional problems."

Her 6-week - old daughter was taken from her carriage left in the foyer of a department store in Hamden Sept. 1. Five days later her body, stuffed in a plastic bag and weighted down with a rock, was found in a lake about a mile from the store.

State's Atty. Abraham S. Ullman, heading the investigation into the infant's death, said he was told Wednesday night by Mrs. Ruotolo's husband Stephen, 33, that his wife had requested release from the hospital and would go home today.

4 Men Killed In Train Crash

Speeding Freights Collide in Florida

PINEOLA, Fla. (AP)—Two Atlantic Coast Line freight trains raced down a straightaway stretch into a headon collision today, killing 4 out of 10 crewmen aboard and injuring 4 others.

Cars immediately behind the two diesel engines piled up and broke into flames after the crash, trapping two of the men inside. Their charred bodies were recovered later.

Cause of the 6 a. m. collision on the ACL's main line near the Pineola Depot was not determined immediately

"It's a scrambled-up mess," said John Purcell, an ambulance driver from Brooksville, who took the four injured men to a hospital.

"The engines and the cars just behind them are all tangled up together."

Two of the dead men were taken to a funeral home in Inverness and the others to a funeral home in Ocala.

* *

TWO BODIES were removed from the wreck shortly after the collision but the others were not recovered until flames were extinguished in the car in which they were trapped.

Firemen from Bushnell and Brooksville fought the blaze.

Pineola is 60 miles north of Tampa.

The dead were identified as B. T. Martin, engineer from High Springs, Fla.; E. W. Vaughn, fireman from High Springs; J. L. Phillips, brakeman from Lakeland Fla., and W. E. Snyder, brakeman from Lakeland.

Martin, Vaughn and Phillips were members of the crew on the southbound freight. Snyder was on the northbound freight.

Banking Costs For Farm Deal Labeled Huge

JOPLIN, Mo. (AP) — Sen. Estes Kefauver said today "the Eisenhower price support plan for big banking interests" costs the government more in one year than farm price supports cost in 20 years of Democratic administration.

Criss - crossing drought plagued western Missouri and Kansas in a bid for the farm vote, the Democratic vice - presidential candidate whacked away at Eisenhower administration farm policies.

He declared:

"As soon as President Eisenhower got into office, he started to force farm prices down and to push interest payments up.

"The result of the price support is that we taxpayers have to pay much higher interest charges on the federal debt.

"The cost of interest to the federal government has increased to $1.2 billion a year more than it was in 1952.

"The added cost of interest amounts to more, every year, than farm price supports cost in all 20 years under Democratic administrations."

In a Springfield talk, Kefauver stressed peace and pleaded for an international agreement to halt hydrogen bomb testing as proposed by his running mate Adlai Stevenson. He was accorded a roaring reception by an audience filling all 4,000 seats in the Shrine Auditorium. It was one of the most impressive demonstrations thus far given Kefauver.

Both Political Parties Urged To Give Views

ST. LOUIS (AP) — Twenty - four scientists at Washington University called today for "intensive scientific study and public discussion" on how continued H-bomb tests might affect mankind. They said the tests have created an "alarming" outlook.

The scientists said both political parties "owe the American people a clear statement of their positions on this transcendent issue."

Adlai E. Stevenson, the Democratic presidential nominee, has urged that the United States take the lead in trying to obtain an East-West agreement on halting further H-bomb tests.

The Republican administration has taken the position any bar on tests must be a part of a comprehensive disarmament plan with adequate controls and safeguards.

A spokesman for the scientists emphasized the statement represented their views as individuals and had not been approved by university officials.

* * *

"THE TESTS already completed have burdened the upper atmosphere with radioactive materials which continue to fall on the earth, contaminate our food and become incorporated into human organs," the statement said. "There are at present insufficient data to permit an absolute conclusion on the danger in continued accumulation of such radioactivity to ourselves and to future generations. The outlook is, however, alarming. This situation calls for intensive scientific study and public discussion."

Meanwhile, a former medical research chief for the Atomic Energy Commission said nuclear tests have produced only an "insignificant" amount of a substance Stevenson terms "the most dreadful poison."

The commission made public a telegram from Dr. Shields Warren, head of its division of biology and medicine from early AEC days until mid-1952, in which Warren said some statements Stevenson made regarding strontium-90 "should be corrected."

In connection with Stevenson's call for this country to take the lead in working toward an end of hydrogen bomb tests, Dr. Warren said that from a genetic standpoint, "radioactive fallout including strontium-90 has given only small dose to date, as compared with dose from naturally occurring and hence unavoidable background radiation."

"If weapons testing continues at present rate for 30 years," he continued, "genetic dose would be still insignificant."

Utah Governor Again Refuses to OK 'U. N. Day'

SALT LAKE CITY (AP)—Gov. J. Bracken Lee has once again declined to proclaim United Nations Day in Utah, electing instead to set Oct. 23 as United States Day.

But Lee adds in a statement that "I am not the isolationist that some people brand me. I see nothing wrong with a world organization based on fair and equal treatment of all, but I see danger in the charter of the United Nations as now written."

Lee, seeking re-election as an independent after losing his third-term bid in the Republican primary, says the Korean War was a U. N. undertaking but that the United States furnished 90 per cent of the men and 100 per cent of the money to carry on the war.

Grand Jury Shuns Cruelty Report

CANTON (AP)—The Stark County grand jury reported Wednesday it had been unable to substantiate a report of mistreatment of prisoners in the county jail.

The report had been made to Gov. Frank J. Lausche by families of two prisoners. The jury report said that "treatment of prisoners is good. We do not believe the prisoners were struck and knocked down, as was reported."

Teen-Age Gang War Leaves Youth Dead

CHICAGO (AP) — One youth was fatally shot, another was seriously wounded and a third was slashed and beaten in teen-age gang violence Wednesday night in a Southwest Side park.

Police said Fred Kruse, 18, walked into a police station shortly after the brief but violent gang fight and admitted he had fired the shots which killed Warren White, 17, and wounded Edward Melant Jr., 18.

Slashed on the face and beaten was Richard Bukovic, 19, described by police as a member of Kruse's gang. Bukovic, Kruse and four other youths were held by police without charge in connection with the fight

Ike, Adlai Trade New Blows

'Political Fables' Rapped; School Aid Pledged by Chief

TACOMA, Wash. (AP) — President Eisenhower pledged today to work for a school - building program geared to "this atomic age." He did so after accusing Adlai Stevenson of telling "political fables" in the campaign.

In a speech prepared for delivery at the College of Puget Sound, the President said he would not go into reasons why there was no action on his five-year school program at the last session of the Democratic-controlled 84th Congress. But he promised:

"I shall again call upon the Congress to act at the beginning of the next session. I shall support this request with all the force at my command."

The House last July 5 killed a bill that would have authorized $1.6 billion in federal aid to the states for school construction. It did so after adopting an amendment that would have denied money to areas which did not comply with the Supreme Court's decision outlawing segregation of Negro and white pupils.

Eisenhower called it essential that America's youth be prepared "to be skilled and accomplished citizens—able to grasp the great levers, turn the giant wheels, of this new atomic age as nature finally surrenders to men so many of its colossal secrets."

* * *

THE PRESIDENT, in the third day of a West Coast vote-seeking tour, spoke after spending the night in suburban Tacoma.

It was in a address Wednesday

(Please Turn to Page Twenty-Four)

'Single Interest' Program Gets Lashing by Stevenson

AKRON (AP)—Adlai E. Stevenson attacked the Eisenhower administration today as a "single interest government" he said must be ousted by "election of the Democratic party."

The Democratic presidential nominee thus wrapped up a new attack on President Eisenhower in the same package with a shift in campaign tactics toward a party—rather than a personal—appeal for votes.

Stevenson said in a speech prepared for delivery here that Eisenhower has a "Cadillac Cabinet" that "fears nothing as much as change." He added that the people "will carry forward again when the present Cabinet is back in General Motors next January."

"If Mr. Eisenhower didn't want his administration called a big business single interest government, why did he ever join the Republican party?" Stevenson demanded.

Stevenson prefaced an onslaught against Vice President Nixon with the observation that any President might be "prevented by higher will from serving his full term." Then he said Nixon's political "trademark is slander."

* * *

HE DEPICTED the vice president as a "man of many masks," asking: "Who can say they have seen his real face?"

He accused Nixon of upsetting American relations with India. He said the vice president had been "rash and inexperienced" in saying two years ago that the United States might have to send troops

Der Tag said the slowdowns have spread to sections of factories in two other cities—Erfurt and Karl-Marx-Stadt.

"The main reason for the refusal to work," the West Berlin paper said, "lies in the fact that management has raised work quotas without granting suitable wage increases."

LONDON (AP)—Greta Garbo, once the first lady of the movies, had tea Wednesday at No. 10 Downing Street, with Prime Minister Eden's wife.

Educator Says Dixie to 'Join' U. S. Some Day

JACKSON, Tenn. (AP) — A University of Mississippi professor says he thinks the South, including Mississippi, "will probably join the United States in a few years."

Dr. James W. Silver, head of the University's History department, was speaking of a mental union, not geographical.

In a talk here Wednesday, Silver said there are two separate creeds, American and Southern. Southern minds have found them difficult to reconcile, he added.

However, he said, the American creed is beginning to replace the Southern creed and one of these days the Union will be complete.

Silver called secession from the Union, the act that brought on the Civil War, "the greatest blunder, the most stupid action and most tragic thing that ever happened."

A number of "illusions" caused the action, he said, among them the false belief among Southerners that the Abolitionists controlled the North.

He said a present-day comparison shows how many Southerners believe the National Assn. for the Advancement of Colored People controls the North now.

New Rail Union Contract Hinted

CHICAGO (AP) — An agreement for a three-year contract providing substantial pay increases for more than a million railroad workers was reported imminent today between the country's carriers and a score of unions.

Reports that a tentative agreement had been reached with "package" wage increases totaling roughly 25 cents an hour over the three-year period subject to approval by the full negotiating committees, were not immediately verified.

State Examiner Cites Illegal Payments In Miami Trace School District Report

A state auditor's report on the examination of Miami Trace Local School District records, made public Thursday, cites a series of illegal payments by the board and contains criticism of bookkeeping practices and school lunchroom credit procedures.

Among the expenditures cited as illegal were payments totaling $9,029.19 to the Hockman Grain and Feed Co., Madison Mills, of which Taylor Groff, president of the Miami Trace Board, is manager.

The purchases included a $159.96 mower and six coal deliveries at a total cost of $2,890.48 during the July 1, 1955—July 31, 1956 audit period. A report on a recheck of previous audits also lists 17 coal purchases totaling $6,138.71 made by the Madison Local School District Board from the Hockman firm from Feb. 1950 to April 1955 while Groff was clerk and member of the Madison board.

These purchases, the examiner's report states, were in violation of Sections 3313.33 and 2919.09 of the Revised Code of Ohio.

The examiner also points out that a recheck of previous audits of local schools now incorporated in Miami Trace District reveals "exceptions to correct legal procedure" in payments totaling $1,033.

Copies of the report, signed by Robert W. Barnes, examiner in the Bureau of Inspection and Supervision of Public Offices, and approved by E. A. Keller, deputy inspector, have been filed with the Miami Trace Board and with Fayette County Prosecutor John S. Bath.

* * *

IN COMMENTING on its contents, Groff told a Record-Herald representative:

"Previous to an audit in 1953, I discussed sales of coal by the Hockman company to the Madison Township Board with a state examiner, and he said that in his opinion it was a legal transaction because I did not have (nor do I now have) a pecuniary interest in the business".

"The audit of the Madison District books at the time of the consolidation in 1955 made no findings in connection with these sales. The same examiner who made the present audit made the 1955 audit. If there was doubt in 1953 it should have been so stated."

"In my opinion", Groff continued, "this audit, the recheck of the previous audit and the timing of the release of the report are the result of political pressure to adversely affect the proposed Miami Trace District bond issue."

* * *

PROSECUTOR Bath, who last week filed a $3,564 recovery suit against County Superintendent W. J. Hilty on the basis of an examiner's report on the office of the Fayette County Board of Education, said he planned to confer with Rollo Marchant, unopposed candidate for county prosecutor at the November election, before taking any action on the Miami Trace report. The latter document was filed with the Bureau of Inspection Oct. 2 and approved Oct. 3.

The reference to the 1955-1956 payments involving Groff are contained in the following paragraphs:

"An audit of bills discloses that during the period covered by this examination, purchases were made for a mower and coal from the Hockman Grain and Feed Co., Madison Mills.

"Mr. Taylor Groff, the manager of the above firm, has served as president of the Miami Trace Board of Education during the entire period of this examination. The owner of this firm, Mr. Ottie B. Hockman, served as a member of the Mount Sterling Local School District Board of Education from Jan. 4, 1956, to June 23, 1956. These purchases were a violation of Sections 3313.33 and 2919, Revised Code, as concerns Mr. Groff and Mr. Hockman respectively."

* * *

SECTION 3313.33 says in part "No member of the board shall have, directly or indirectly, any pecuniary interest in any contract of the board or be employed in any manner for compensation by the board of which he is a member except as clerk."

* * *

Section 2919.09 says in part "No person, holding an office of

Mother Arrested at Son's Hearing, Held in Food Thefts

The mother of a 14-year - old Bloomingburg boy was arrested in Juvenile Court Thursday morning for receiving stolen property after the boy had been fined $25 and placed on probation for a year on a charge of stealing food from the Bloomingburg school.

Mrs. Marie Birchfield, in whose home Deputy Sheriffs Don Thompson and Charles Hays last Monday found an assortment of food allegedly taken from the school, was released under $500 bond set by Municipal Court Judge Max G. Dice.

She is to be arraigned Monday at 9:30 a. m. on a specific charge of receiving a stolen gallon jar of grape jelly valued at $1.75, although the two deputies Monday brought back to the sheriff's office several other jars of jelly, a partially filled sack of flour and a package of prunes they said they found in the house.

* * *

THE AFFIDAVIT was prepared by Thompson early Thursday morning and was read to Mrs. Birchfield while she was at her 14-year-old son's hearing in Juvenile Court by Judge Robert Brubaker. She was arrested then and held until she put up bond in Municipal Court.

Another of Mrs. Birchfield's sons, Howard Birchfield, is now serving a one-to-seven year term in the Mansfield Reformatory. He was sentenced by Judge John P. Case about two weeks ago when he pleaded guilty to an indictment charging theft of tools from Walter Seifried.

Sheriff Orland Hays said food had been reported missing from the Bloomingburg school over a period of about two months and that the investigation had been in progress all that time. He said reports listed a wide variety of food missed, including several hams.

Principal G. H. Biddle of the Bloomingburg school was at the hearing in Juvenile Court Thursday morning.

Cincy Workhouse Safe Burglarized

CINCINNATI (AP) — Somebody got away with $4,579 from a safe at the Cincinnati workhouse Wednesday, and Supt. George Studt said he thinks it was "an inside job."

Officers said the safe had not been forced open. Guard Capt. Richard Lobeck said he was sure it was locked. Studt said that about $3,900 was money of the prisoners and $679 was money spent at the commissary.

Slayer of Couple Ruled To Be Sane

COLUMBUS (AP)—Mrs. Blanche E. Jacobs, indicted on two counts of first degree murder in the July 2 knife-slaying of an elderly Groveport couple, has been found legally sane by psychiatrists at Lima State Hospital.

Prosecutor Samuel L. Devine said Wednesday that Mrs. Jacobs, wife of an Air Force major and mother of three, probably will go on trial late next month. Mrs. Jacobs, at her arraignment two months ago, pleaded innocent and innocent by reason of insanity to charges of murdering Mr. and Mrs. A. J. Robinson.

Mother of Slain Infant To Leave Mental Hospital

MIDDLETOWN, Conn. (AP)—The 33-year-old mother of slain infant Cynthia Ruotolo plans to leave the state mental institution today.

Mrs. Eleanor Ruotolo entered the Connecticut State Hospital voluntarily Oct. 4 after asking doctors for help with her "emotional problems."

Her 6-week - old daughter was taken from her carriage left in the foyer of a department store in Hamden Sept. 1. Five days later her body, stuffed in a plastic bag and weighted down with a rock, was found in a lake about a mile from the store.

State's Atty. Abraham S. Ullman, heading the investigation into the infant's death, said he was told Wednesday night by Mrs. Ruotolo's husband Stephen, 33, that his wife had requested release from the hospital and would go home today.

4 Men Killed In Train Crash

Speeding Freights Collide in Florida

PINEOLA, Fla. (AP)—Two Atlantic Coast Line freight trains raced down a straightaway stretch into a headon collision today, killing 4 out of 10 crewmen aboard and injuring 4 others.

Cars immediately behind the two diesel engines piled up and broke into flames after the crash, trapping two of the men inside. Their charred bodies were recovered later.

Cause of the 6 a. m. collision on the ACL's main line near the Pineola Depot was not determined immediately

"It's a scrambled-up mess," said John Purcell, an ambulance driver from Brooksville, who took the four injured men to a hospital.

"The engines and the cars just behind them are all tangled up together."

Two of the dead men were taken to a funeral home in Inverness and the others to a funeral home in Ocala.

* * *

TWO BODIES were removed from the wreck shortly after the collision but the others were not recovered until flames were extinguished in the car in which they were trapped.

Firemen from Bushnell and Brooksville fought the blaze.

Pineola is 60 miles north of Tampa.

The dead were identified as B. T. Martin, engineer from High Springs, Fla.; E. W. Vaughn, fireman from High Springs; J. L. Phillips, brakeman from Lakeland Fla., and W. E. Snyder, brakeman from Lakeland.

Martin, Vaughn and Phillips were members of the crew on the southbound freight. Snyder was on the northbound freight.

Banking Costs For Farm Deal Labeled Huge

JOPLIN, Mo. (AP) — Sen. Estes Kefauver said today "the Eisenhower price support plan for big banking interests" costs the government more in one year than farm price supports cost in 20 years of Democratic administration.

Criss - crossing drought plagued western Missouri and Kansas in a bid for the farm vote, the Democratic vice - presidential candidate whacked away at Eisenhower administration farm policies.

He declared:

"As soon as President Eisenhower got into office, he started to force farm prices down and to push interest payments up.

"The result of the price support is that we taxpayers have to pay much higher interest charges on the federal debt.

"The cost of interest to the federal government has increased to $1.2 billion a year more than it was in 1952.

"The added cost of interest amounts to more, every year, than farm price supports cost in all 20 years under Democratic administrations."

In a Springfield talk, Kefauver stressed peace and pleaded for an international agreement to halt hydrogen bomb testing as proposed by his running mate Adlai Stevenson. He was accorded a roaring reception by an audience filling all 4,000 seats in the Shrine Auditorium. It was one of the most impressive demonstrations thus far given Kefauver.

Both Political Parties Urged To Give Views

ST. LOUIS (AP) — Twenty - four scientists at Washington University called today for "intensive scientific study and public discussion" on how continued H-bomb tests might affect mankind. They said the tests have created an "alarming" outlook.

The scientists said both political parties "owe the American people a clear statement of their positions on this transcendent issue."

Adlai E. Stevenson, the Democratic presidential nominee, has urged that the United States take the lead in trying to obtain an East-West agreement on halting further H-bomb tests.

The Republican administration has taken the position any bar on tests must be a part of a comprehensive disarmament plan with adequate controls and safeguards.

A spokesman for the scientists emphasized the statement represented their views as individuals and had not been approved by university officials.

* * *

"THE TESTS already completed have burdened the upper atmosphere with radioactive materials which continue to fall on the earth, contaminate our food and become incorporated into human organs," the statement said. "There are at present insufficient data to permit an absolute conclusion on the danger in continued accumulation of such radioactivity to ourselves and to future generations. The outlook is, however, alarming. This situation calls for intensive scientific study and public discussion."

Meanwhile, a former medical research chief for the Atomic Energy Commission said nuclear tests have produced only an "insignificant" amount of a substance Stevenson terms "the most dreadful poison."

The commission made public a telegram from Dr. Shields Warren, head of its division of biology and medicine from early AEC days until mid-1952, in which Warren said some statements Stevenson made regarding strontium-90 "should be corrected."

In connection with Stevenson's call for this country to take the lead in working toward an end of hydrogen bomb tests, Dr. Warren said that from a genetic standpoint, "radioactive fallout including strontium-90 has given only small dose to date, as compared with dose from naturally occurring and hence unavoidable background radiation."

"If weapons testing continues at present rate for 30 years," he continued, "genetic dose would be still insignificant."

Utah Governor Again Refuses to OK 'U. N. Day'

SALT LAKE CITY (AP)—Gov. J. Bracken Lee has once again declined to proclaim United Nations Day in Utah, electing instead to set Oct. 23 as United States Day.

But Lee adds in a statement that "I am not the isolationist that some people brand me. I see nothing wrong with a world organization based on fair and equal treatment of all, but I see danger in the charter of the United Nations as now written."

Lee, seeking re-election as an independent after losing his third-term bid in the Republican primary, says the Korean War was a U. N. undertaking but that the United States furnished 90 per cent of the men and 100 per cent of the money to carry on the war.

Grand Jury Shuns Cruelty Report

CANTON (AP)—The Stark County grand jury reported Wednesday it had been unable to substantiate a report of mistreatment of prisoners in the county jail.

The report had been made to Gov. Frank J. Lausche by families of two prisoners. The jury report said that "treatment of prisoners is good. We do not believe the prisoners were struck and knocked down, as was reported."

Teen-Age Gang War Leaves Youth Dead

CHICAGO (AP) — One youth was fatally shot, another was seriously wounded and a third was slashed and beaten in teen-age gang violence Wednesday night in a Southwest Side park.

Police said Fred Kruse, 18, walked into a police station shortly after the brief but violent gang fight and admitted he had fired the shots which killed Warren White, 17, and wounded Edward Melant Jr., 18.

Slashed on the face and beaten was Richard Bukovic, 19, described by police as a member of Kruse's gang. Bukovic, Kruse and four other youths were held by police without charge in connection with the fight.

Ike, Adlai Trade New Blows

'Political Fables' Rapped; School Aid Pledged by Chief

TACOMA, Wash. (AP) — President Eisenhower pledged today to work for a school - building program geared to "this atomic age." He did so after accusing Adlai Stevenson of telling "political fables" in the campaign.

In a speech prepared for delivery at the College of Puget Sound, the President said he would not go into reasons why there was no action on his five-year school program at the last session of the Democratic-controlled 84th Congress. But he promised:

"I shall again call upon the Congress to act at the beginning of the next session. I shall support this request with all the force at my command."

The House last July 5 killed a bill that would have authorized $1.6 billion in federal aid to the states for school construction. It did so after adopting an amendment that would have denied money to areas which did not comply with the Supreme Court's decision outlawing segregation of Negro and white pupils.

Eisenhower called it essential that America's youth be prepared "to be skilled and accomplished citizens—able to grasp the great levers, turn the giant wheels, of this new atomic age as nature finally surrenders to men so many of its colossal secrets."

* * *

THE PRESIDENT, in the third day of a West Coast vote-seeking tour, spoke after spending the night in suburban Tacoma.

It was in a address Wednesday

'Single Interest' Program Gets Lashing by Stevenson

AKRON (AP)—Adlai E. Stevenson attacked the Eisenhower administration today as a "single interest government" he said must be ousted by "election of the Democratic party."

The Democratic presidential nominee thus wrapped up a new attack on President Eisenhower in the same package with a shift in campaign tactics toward a party—rather than a personal—appeal for votes.

Stevenson said in a speech prepared for delivery here that Eisenhower has a "Cadillac Cabinet" that "fears nothing as much as change." He added that the people "will carry forward again when the present Cabinet is back in General Motors next January."

"If Mr. Eisenhower didn't want his administration called a big business single interest government, why did he ever join the Republican party?" Stevenson demanded.

Stevenson prefaced an onslaught against Vice President Nixon with the observation that any President might be "prevented by higher will from serving his full term." Then he said Nixon's political "trademark is slander."

* * *

HE DEPICTED the vice president as a "man of many masks," asking: "Who can say they have seen his real face?"

He accused Nixon of upsetting American relations with India. He said the vice president had been "rash and inexperienced" in saying two years ago that the United States might have to send troops

Christmas Seal Leaders Named

Plans under Way For 1956 Campaign

The framework for an organization to conduct the annual Christmas Seal sale here this year was set up at Thursday night's meeting of the directors of the Fayette County Tuberculosis and Health Assn.

After routine matters had been disposed of during the early part of the business session, over which Miss Mary Frances Snider presided, Joseph Peters, chairman of the 1956 sale committee, named the chairmen for this year's campaign, which is to open Nov. 15.

Chairmen appointed were: Seal sale letters, Warren Brannon; sale mechanics, Mrs. Dwight Martin; downtown business area, Robert Tice; sale in Good Hope, Frank Grubbs; in Bloomingburg, Robert Jefferson; in Jeffersonville, Eldon Long; window displays, Miss Frances White and distribution of publicity material for cars, F. M. Kennedy. Peters agreed to head the industrial campaign himself.

* * *

EARLY in November, after the chairman have appointed the committes, are to ge' together for a kickoff luncheon. The date for this has not yet been set.

Mrs. Donald Stephens, executive-secretary of the association told the directors that the Fayette and Highland County Tuberculosis and Health Assns. will sponsor a Christmas party at Mt. Logan Sanitorium for the patients there. The date has been set tentatively for Dec. 23, but details for the party remain to be worked out.

Probe Reopens Into Federal Nickel Deal

WASHINGTON (AP) — A House Government Operations subcommittee reopens today its investigation of a government nickel plant project in a move which three Republican members called "politics."

Called as the first witness was Randall Cremer, former project manager for a $43 million expansion of the government's Nicaro, Cuba, nickel plant. Subcommittee aides said he would be asked to identify some 200 documents filmed from his files.

The cry of "politics" came from the subcommittee's three Republicans, Reps. Riehlman (NY), Younger (Calif) and Krueger (ND), who in a joint telegram to subcommittee chairman Jack Brooks (D-Tex), protested the reopening of the hearing.

Brooks has said some of the documents from Cremer's files "strongly indicate that contractors of the Nicaro expansion had to qualify as political supporters of the present administration."

The current hearing, expected to run two days, is a resumption of an inquiry earlier this year.

At that time, Democrats contended testimony indicated "political and private influence" had figured in the expansion program. Republican members issued a "blanket rejection" of the charge and accused the majority of "an amazing suppression of evidence."

Airplane Crashes Short of Airport

LOUISVILLE, Ky. (AP) — A pilot whose single engine plane ran out of gas and crashed upside down in a residential area two blocks from the airport lived to tell about it.

"I just thought I could make it," said 30-year - old George B. Babcock Jr., from his hospital bed. Doctors said his condition was good.

Babcock said his plane ran out of gas just as it approached the airport. He was flying home from a business trip to Dallas.

Homer Scott, Jeffersonville Rd., Thursday morning medical.

Miss Arabelle Cottrill, Route 1, Williamsport, Thursday morning, medical.

Mrs. Walter B. English, 901 E. Temple St., Thursday morning, medical.

Indiana Area Hit By New Grass Fire

PORTLAND, Ind. (AP)—A series fires swept several hundred acres along a 25-mile stretch of the Pennsylvania Railroad in Jay and Randolph counties in East central Indiana Wednesday.

Floydd Wickersham, Winchester fire chief, said sparks from a hot journal box on a freight train probably started the fires.

Firemen from Portland, Ridgeville, Saratoga, Winchester, Lynn, Farmland and from Fort Recovery, Ohio, worked five hours to bring the fires under control.

The first fire, sighted near Bluff's Point, south of Portland, burned over 10 acres of evergreens and 400 acres of grass.

Antarctic Blizzard Grounds Navy Fliers

AUCKLAND, New Zealand (AP)—A white-out blizzard, one of the Antarctic's worst features, held up today the third flight of U. S. Navy planes to McMurdo Sound for this year's Operation Deepfreeze.

Six navy aircraft barely reached the airstrip after a 2,250-mile overnight trip from New Zealand, before communications almost blanked out.

Rear Adm. George Dufek, commander of Operation Deepfreeze, sent this message today: "Visibility zero. Total white-out blizzard covering runway and walking area. Do not send any planes until further word."

High Court Denies Man Spot on Ballot

COLUMBUS, Ohio (AP)—The Ohio Supreme Court Wednesday denied Floyd Hillman a place on the Nov. 6 ballot as a candidate for Scioto County engineer.

The 6-0 decision affirmed a writ of mandamus granted by an appellate court requiring the county board of elections to omit Hillman's name from the ballot.

O. Carson Barklow, county engineer since 1937 and Democratic candidate for re-election, obtained the writ against his would-be Republican opponent. Barklow contended Hillman was ineligible as a candidate because he was not a registered surveyor at the time he acknowledged his candidacy.

Hillman was nominated by write-in votes in the May 8 primary election but did not obtain a surveyor's license until after paying his filing fee for the candidacy. The court said this made him ineligible as a candidate.

In another action, the court affirmed for a second time an appellate court order for Tuscarawas County commissioners to provide court and jury room space for Probate Judge Ralph Finley.

Finley brought the mandamus action to obtain space adjacent to the court's present quarters now occupied by the county recorder.

The Supreme Court reversed the original order and returned the case for testimony on the need for additional space. After hearing the evidence, the appellate court granted the writ and a second appeal went to the Supreme Court.

In other actions, the court:

Refused to review an appeal from lower courts in Belmont County which held for the removal of Joel T. Yost and C. C. Sedgwick, Bellaire, as trustees of the estate of George W. Yost, who died Dec. 13, 1931. Violet A. Moll, a beneficiary, brought the suit.

Unanimously reversed an $8,000 award to Albert Peleps, Youngstown, against Homer J. Oliver in a traffic accident suit and returned the case to the trial court for further proceedings. Peleps was injured in an accident at Johnson, Trumbull County, on Sept. 14, 1949.

Police Are Pushing Vandal Crackdown

Pushing their crackdown on vandalism in Washington C. H. night patrols have been increased by the police, Chief Vaiden Long said Thursday morning. He noted with satisfaction that no reports of window breakage had come in for 24 hours.

He revealed that four youths had been questioned and added that "they appear to check out all right." He said police have their eyes on several others and are keeping a tab on their activities.

After half a dozen reports of vandalism had been made in less than a week, Chief Long expressed the belief that it was not related to Halloween and attributed it to "irresponsible youths".

Baby Is Plaintiff In Damage Action

RAVENNA (AP)—A $100,000 damage suit is on file in Portage County common pleas court here on behalf of 27-month-old Ronnie Lee Bolyard as the result of an automobile accident.

The suit was filed Wednesday by the boy's father, Carl L. Bolyard of Kent. It alleges the boy suffers nightmares and his personality has been completely altered as a result of seeing his mother, Mrs. Betty Bolyard, crushed to death in the accident here on Oct. 13, 1955.

Named defendant is Mrs. Lillian Thomas, of Ravenna, identified as driver of one of the cars involved in the accident.

Medics Puff Away At Cancer Display

PROVIDENCE R. I. (AP)—More than 100 Rhode Island physicians and surgeons watched a closed circuit television program Wednesday night in which a medical authority described long-term smoking as a major cause of lung cancer.

A reporter with them said the doctors sat in a smoke-filled hotel room with most of the doctors puffing on cigarettes while watching the program.

In the program originating from Boston, Dr. Henry L. Bockus, of the University of Pennsylvania, said the reason for more lung cancer among males is that men have been smoking longer than women.

Blessed Events

Mr. and Mrs. William Gorman, nee Ann Nelson, 1017 Sherman Ave. Springfield, are announcing the birth of a six pound daughter, Cherry Lynn, October 15.

Longshoremen Again Reject AFL-CIO Link

NEW YORK (AP) The International Longshoremen's Assn., 64-year-old orphan of organized labor, has scored a ballot box victory to retain its right to represent the 22,000 waterfront workers in the Port of New York.

The National Labor Relations Board announced today that longshoremen and other dock workers had voted 11,827 to 7,428 in favor of the ILA against the AFL-CIO International Brotherhood of Longshoremen (IBL).

This is the third time in three years that the ILA has beaten challenges by the IBL, set up by the AFL as a rival after the AFL ousted the ILA on charges of failing to rid itself of racket and crime elements. That was before the merger of the AFL and CIO.

The ILA's counsel said the new victory should lead the AFL-CIO to "welcome back" the ousted union.

The orderly conduct of the election won praise from officials of the Police Department and the Waterfront Commission of New York Harbor.

A similar election between the two unions in December 1953 was marked by stabbings and brawls. The results of that election, in which the ILA was the apparent victor, were set aside by the NLRB on the ground that voters had been intimidated and coerced. The NLRB ordered a new election, and in May 1954, the ILA won 9,407 to 9,144. The IBL resumed its organizing efforts and campaigning, and instituted Wednesday's new test of strength.

Midway Halloween Carnival Planned

The Midway Parent Teacher Organization has completed plans for its big Halloween Carnival, to be held Saturday, Oct. 27 beginning at 5 p. m. in Midway School, Sedalia.

Cake walks, costume contests with the judging at 8 p. m., and a 50-50 dance with Butch Brock and his band are part of the program.

Co-chairmen of the committee planning the carnival, Mrs. Homer Robinson and Mrs. LeRoy Peck, said they expect a turnout of around 500.

The Catholic Travel League says that next to Rome, Lourdes and Fatima, the most popular choice for Catholic pilgrimages is the Holy Land in Israel.

Mainly About People

Glenn Woodmansee, 232 E. Market St. a patient in Good Samaritan Hospital, Cincinnati, is reported as showing slight improvement on Wednesday. He is suffering with a heart ailment.

Gene Smith, of the Circleville Road, a patient in Mt. Carmel Hospital, Columbus, for observation and treatment remains in an unchanged condition.

Letter Carrier Bound to Jury

CLEVELAND (AP)—Substitute letter carrier Fulton A. McCants was bound to the grand jury Wednesday on charges of stealing from the mails and making a false statement about his health.

Postal Inspector Frank Farrell said McCants, 29, also bought $140 worth of goods with a charge-plate he took from the mails and had cards describing himself as a physician and surgeon.

The inspector said McCants netted $800 last month by taking checks from envelopes mailed to banks, making out deposit slips, presenting them to the bank and pocketing the differences.

Paintings Coming

ROME (AP) — A big shipment of priceless Italian paintings will be taken to the United States for exhibit starting next month despite bitter protests from art lovers of Florence.

IT'S SO EASY TO PLACE A WANT AD.

Sen. Bender Calls Lausche A 'Liar' in Detail of Funds

By THE ASSOCIATED PRESS

Sen. George H. Bender, Republican candidate for reelection, Wednesday night labeled his Democratic opponent, Gov. Frank J. Lausche, a "liar" in the strongest statement yet made in a bitterly fought campaign.

"He (Lausche) is lying," Bender said, "when he says or infers that I have $500,000 to spend for campaigning and he is lying when he says he has only $20,000."

Bender referred to remarks by Lausche Tuesday about the relative size of his and Bender's campaign funds.

Bender asserted that Lausche has a "co-partner" who "is negotiating to purchase or already has purchased $20,000 worth of television time alone."

The GOP senator identified the co-partner as John E. Elder, a Cleveland auto registrar, but did not explain the nature of the partnership.

Nor was it reported that Bender commented on previously-announced plans of the Ohio Republican Senate Campaign Committee to raise $500,000 for the Bender campaign. This was where Lausche got his figure concerning his opponent's expense setup.

* * *

LATER IN A speech before the Hamilton Women's Republican Club, Bender attacked the Lausche administration's record on schools, mental health and roads.

He told the women's club that Lausche has "performed miserably" as Ohio's chief executive and added:

"Ohio has the worst roads of any state. We rank 43rd among the states in mental hospitals. And our schools lack 235 million dollars in classroom space."

Lausche, in an address in Cleveland, criticized what he called "extravagance" in the federal government.

The federal highway program, he said, could have been left to the states. As for school construction, he said, "Ohio can build its own."

The governor added:

"There is no such thing as federal aid. For every dollar coming back to Ohio, $1.50 to $2 was first going out."

Lausche also called for a reduction in the national debt.

Michael V. DiSalle, Democratic candidate for governor, told a party ox roast at the fairgrounds in Ashland that Secretary of Agriculture Benson "opposed the soil bank, under its Democratic names, until 1955."

DiSalle said Benson has chalked up nearly as much mileage as Secretary of State Dulles as "he (Benson) goes around trying to explain to farmers why they are better off though they're making less money."

Meanwhile, the Toledo Times, DiSalle's hometown newspaper, which lists itself as independent politically, endorsed the candidacy of his Republican opponent, C. William O'Neill.

Energy Misplaced

MADISON, Wis. (AP)—Pranksters from the University of Wisconsin last night removed a 1,764-pound auto from a parking lot and carried it into the lobby of the YMCA here.

PET MILK No. H56—42-C1

WESTERN RANCH DINNER

1 cut-up frying chicken (about 3 lbs.)
1½ cups Pet Evaporated Milk
1¾ cups flour
1 teaspoon salt
¼ teaspoon pepper
2 teaspoons paprika
½ cup shortening
No. 2½ can cling peach halves, drained
1 cup water
1 can oven-ready biscuits

Turn on oven and set at 425 (very hot). Dip chicken in ½ cup Pet Milk, then roll in mixture of 1 cup flour, the salt, pepper and paprika. Melt shortening in 13 x 9 x 2-in. pan in oven. Put chicken into pan, skin side down. Bake 50 min.

Turn chicken and move to one end of pan. Arrange peaches on chicken. Separate biscuits and put into other end of pan. Bake 15 min. longer, or until biscuits are light brown. Remove food to hot plates.

For gravy: Mix ¼ cup flour into drippings left in pan. Stir in water gradually. Boil and stir 2 min. Stir in 1 cup Pet Milk. Heat, but do not boil. Add salt and pepper to taste. Serve over biscuits. Makes 4 servings.

Christmas Seal Leaders Named

Plans under Way For 1956 Campaign

The framework for an organization to conduct the annual Christmas Seal sale here this year was set up at Thursday night's meeting of the directors of the Fayette County Tuberculosis and Health Assn.

After routine matters had been disposed of during the early part of the business session, over which Miss Mary Frances Snider presided, Joseph Peters, chairman of the 1956 sale committee, named the chairmen for this year's campaign, which is to open Nov. 15.

Chairmen appointed were: Seal sale letters, Warren Brannon; sale mechanics, Mrs. Dwight Martin; downtown business area, Robert Tice; sale in Good Hope, Frank Grubbs; in Bloomingburg, Robert Jefferson; in Jeffersonville, Eldon Long; window displays, Miss Frances White and distribution of publicity material for cars, F. M. Kennedy. Peters agreed to head the industrial campaign himself.

* * *

EARLY in November, after the chairman have appointed the committes, are to get together for a kickoff luncheon. The date for this has not yet been set.

Mrs. Donald Stephens, executive-secretary of the association told the directors that the Fayette and Highland County Tuberculosis and Health Assns. will sponsor a Christmas party at Mt. Logan Sanitorium for the patients there. The date has been set tentatively for Dec. 23, but details for the party remain to be worked out.

Probe Reopens Into Federal Nickel Deal

WASHINGTON (AP) — A House Government Operations subcommittee reopens today its investigation of a government nickel plant project in a move which three Republican members called "politics."

Called as the first witness was Randall Cremer, former project manager for a $43 million expansion of the government's Nicaro, Cuba, nickel plant. Subcommittee aides said he would be asked to identify some 200 documents filmed from his files.

The cry of "politics" came from the subcommittee's three Republicans, Reps. Riehlman (NY), Younger (Calif) and Krueger (ND), who in a joint telegram to subcommittee chairman Jack Brooks (D-Tex), protested the reopening of the hearing.

Brooks has said some of the documents from Cremer's files "strongly indicate that contractors of the Nicaro expansion had to qualify as political supporters of the present administration."

The current hearing, expected to run two days, is a resumption of an inquiry earlier this year.

At that time, Democrats contended testimony indicated "political and private influence" had figured in the expansion program. Republican members issued a "blanket rejection" of the charge and accused the majority of "an amazing suppression of evidence."

Airplane Crashes Short of Airport

LOUISVILLE, Ky. (AP) — A pilot whose single engine plane ran out of gas and crashed upside down in a residential area two blocks from the airport lived to tell about it.

"I just thought I could make it," said 30-year - old George B. Babcock Jr., from his hospital bed. Doctors said his condition was good.

Babcock said his plane ran out of gas just as it approached the airport. He was flying home from a business trip to Dallas.

Indiana Area Hit By New Grass Fire

PORTLAND, Ind. (AP)—A series fires swept several hundred acres along a 25-mile stretch of the Pennsylvania Railroad in Jay and Randolph counties in East central Indiana Wednesday.

Floydd Wickersham, Winchester fire chief, said sparks from a hot journal box on a freight train probably started the fires.

Firemen from Portland, Ridgeville, Saratoga, Winchester, Lynn, Farmland and from Fort Recovery, Ohio, worked five hours to bring the fires under control.

The first fire, sighted near Bluff's Point, south of Portland, burned over 10 acres of evergreens and 400 acres of grass.

Antarctic Blizzard Grounds Navy Fliers

AUCKLAND, New Zealand (AP)—A white-out blizzard, one of the Antarctic's worst features, held up today the third flight of U. S. Navy planes to McMurdo Sound for this year's Operation Deepfreeze.

Six navy aircraft barely reached the airstrip after a 2,250-mile overnight trip from New Zealand, before communications almost blanked out.

Rear Adm. George Dufek, commander of Operation Deepfreeze, sent this message today: "Visibility zero. Total white-out blizzard covering runway and walking area. Do not send any planes until further word."

High Court Denies Man Spot on Ballot

COLUMBUS, Ohio (AP)—The Ohio Supreme Court Wednesday denied Floyd Hillman a place on the Nov. 6 ballot as a candidate for Scioto County engineer.

The 6-0 decision affirmed a writ of mandamus granted by an appellate court requiring the county board of elections to omit Hillman's name from the ballot.

O. Carson Barklow, county engineer since 1937 and Democratic candidate for re-election, obtained the writ against his would-be Republican opponent. Barklow contended Hillman was ineligible as a candidate because he was not a registered surveyor at the time he acknowledged his candidacy.

Hillman was nominated by write-in votes in the May 8 primary election but did not obtain a surveyor's license until after paying his filing fee for the candidacy. The court said this made him ineligible as a candidate.

In another action, the court affirmed for a second time an appellate court order for Tuscarawas County commissioners to provide court and jury room space for Probate Judge Ralph Finley.

Finley brought the mandamus action to obtain space adjacent to the court's present quarters now occupied by the county recorder.

The Supreme Court reversed the original order and returned the case for testimony on the need for additional space. After hearing the evidence, the appellate court granted the writ and a second appeal went to the Supreme Court.

In other actions, the court:

Refused to review an appeal from lower courts in Belmont County which held for the removal of Joel T. Yost and C. C. Sedgwick, Bellaire, as trustees of the estate of George W. Yost, who died Dec. 13, 1931. Violet A. Moll, a beneficiary, brought the suit.

Uanimously reversed an $8,000 award to Albert Peleps, Youngstown, against Homer J. Oliver in a traffic accident suit and returned the case to the trial court for further proceedings. Peleps was injured in an accident at Johnson, Trumbull County, on Sept. 14, 1949.

Police Are Pushing Vandal Crackdown

Pushing their crackdown on vandalism in Washington C. H. night patrols have been increased by the police, Chief Vaiden Long said Thursday morning. He noted with satisfaction that no reports of window breakage had come in for 24 hours.

He revealed that four youths had been questioned and added that "they appear to check out all right." He said police have their eyes on several others and are keeping a tab on their activities.

After half a dozen reports of vandalism had been made in less than a week, Chief Long expressed the belief that it was not related to Halloween and attributed it to "irresponsible youths".

Baby Is Plaintiff In Damage Action

RAVENNA (AP)—A $100,000 damage suit is on file in Portage County common pleas court here on behalf of 27-month-old Ronnie Lee Bolyard as the result of an automobile accident.

The suit was filed Wednesday by the boy's father, Carl L. Bolyard of Kent. It alleges the boy suffers nightmares and his personality has been completely altered as a result of seeing his mother, Mrs. Betty Bolyard, crushed to death in the accident here on Oct. 13, 1955.

Named defendant is Mrs. Lillian Thomas, of Ravenna, identified as driver of one of the cars involved in the accident.

Medics Puff Away At Cancer Display

PROVIDENCE R. I. (AP)—More than 100 Rhode Island physicians and surgeons watched a closed circuit television program Wednesday night in which a medical authority described long-term smoking as a major cause of lung cancer.

A reporter with them said the doctors sat in a smoke-filled hotel room with most of the doctors puffing on cigarettes while watching the program.

In the program originating from Boston, Dr. Henry L. Bockus, of the University of Pennsylvania, said the reason for more lung cancer among males is that men have been smoking longer than women.

Blessed Events

Mr. and Mrs. William Gorman, nee Ann Nelson, 1017 Sherman Ave. Springfield, are announcing the birth of a six pound daughter, Cherry Lynn, October 15.

Longshoremen Again Reject AFL-CIO Link

NEW YORK (AP) The International Longshoremen's Assn., 64-year-old orphan of organized labor, has scored a ballot box victory to retain its right to represent the 22,000 waterfront workers in the Port of New York.

The National Labor Relations Board announced today that longshoremen and other dock workers had voted 11,827 to 7,428 in favor of the ILA against the AFL-CIO International Brotherhood of Longshoremen (IBL).

This is the third time in three years that the ILA has beaten challenges by the IBL, set up by the AFL as a rival after the AFL ousted the ILA on charges of failing to rid itself of racket and crime elements. That was before the merger of the AFL and CIO.

The ILA's counsel said the new victory should lead the AFL-CIO to "welcome back" the ousted union.

The orderly conduct of the election won praise from officials of the Police Department and the Waterfront Commission of New York Harbor.

A similar election between the two unions in December 1953 was marked by stabbings and brawls. The results of that election, in which the ILA was the apparent victor, were set aside by the NLRB on the ground that voters had been intimidated and coerced. The NLRB ordered a new election, and in May 1954, the ILA won 9,407 to 9,144. The IBL resumed its organizing efforts and campaigning, and instituted Wednesday's new test of strength.

Midway Halloween Carnival Planned

The Midway Parent Teacher Organization has completed plans for its big Halloween Carnival, to be held Saturday, Oct. 27 beginning at 5 p. m. in Midway School, Sedalia.

Cake walks, costume contests with the judging at 8 p. m., and a 50-50 dance with Butch Brock and his band are part of the program.

Co-chairmen of the committee planning the carnival, Mrs. Homer Robinson and Mrs. LeRoy Peck, said they expect a turnout of around 500.

The Catholic Travel League says that next to Rome, Lourdes and Fatima, the most popular choice for Catholic pilgrimages is the Holy Land in Israel.

Mainly About People

Glenn Woodmansee, 232 E. Market St. a patient in Good Samaritan Hospital, Cincinnati, is reported as showing slight improvement on Wednesday. He is suffering with a heart ailment.

Gene Smith, of the Circleville Road, a patient in Mt. Carmel Hospital, Columbus, for observation and treatment remains in an unchanged condition.

Letter Carrier Bound to Jury

CLEVELAND (AP)—Substitute letter carrier Fulton A. McCants was bound to the grand jury Wednesday on charges of stealing from the mails and making a false statement about his health.

Postal Inspector Frank Farrell said McCants, 29, also bought $140 worth of goods with a chargeplate he took from the mails and had cards describing himself as a physician and surgeon.

The inspector said McCants netted $800 last month by taking checks from envelopes mailed to banks, making out deposit slips, presenting them to the bank and pocketing the differences.

Paintings Coming

ROME (AP) — A big shipment of priceless Italian paintings will be taken to the United States for exhibit starting next month despite bitter protests from art lovers of Florence.

IT'S SO EASY TO PLACE A WANT AD.

Sen. Bender Calls Lausche A 'Liar' in Detail of Funds

By THE ASSOCIATED PRESS

Sen. George H. Bender, Republican candidate for reelection, Wednesday night labeled his Democratic opponent, Gov. Frank J. Lausche, a "liar" in the strongest statement yet made in a bitterly fought campaign.

"He (Lausche) is lying," Bender said, "when he says or infers that I have $500,000 to spend for campaigning and he is lying when he says he has only $20,000."

Bender referred to remarks by Lausche Tuesday about the relative size of his and Bender's campaign funds.

Bender asserted that Lausche has a "co-partner" who "is negotiating to purchase or already has purchased $20,000 worth of television time alone."

The GOP senator identified the co-partner as John E. Elder, a Cleveland auto registrar, but did not explain the nature of the partnership.

Nor was it reported that Bender commented on previously-announced plans of the Ohio Republican Senate Campaign Committee to raise $500,000 for the Bender campaign. This was where Lausche got his figure concerning his opponent's expense setup.

* * *

LATER IN A speech before the Hamilton Women's Republican Club, Bender attacked the Lausche administration's record on schools, mental health and roads.

He told the women's club that Lausche has "performed miserably" as Ohio's chief executive and added:

"Ohio has the worst roads of any state. We rank 43rd among the states in mental hospitals. And our schools lack 235 million dollars in classroom space."

Lausche, in an address in Cleveland, criticized what he called "extravagance" in the federal government.

The federal highway program, he said, could have been left to the states. As for school construction, he said, "Ohio can build its own."

The governor added:

"There is no such thing as federal aid. For every dollar coming back to Ohio, $1.50 to $2 was first going out."

Lausche also called for a reduction in the national debt.

Michael V. DiSalle, Democratic candidate for governor, told a party ox roast at the fairgrounds in Ashland that Secretary of Agriculture Benson "opposed the soil bank, under its Democratic names, until 1955."

DiSalle said Benson has chalked up nearly as much mileage as Secretary of State Dulles as "he (Benson) goes around trying to explain to farmers why they are better off though they're making less money."

Meanwhile, the Toledo Times, DiSalle's hometown newspaper, which lists itself as independent politically, endorsed the candidacy of his Republican opponent, C. William O'Neill.

PET MILK No. H56—42-C1

WESTERN RANCH DINNER

1 cut-up frying chicken (about 3 lbs.)
1½ cups Pet Evaporated Milk
1¼ cups flour
1 teaspoon salt
¼ teaspoon pepper
2 teaspoons paprika
½ cup shortening
No. 2½ can cling peach halves, drained
1 cup water
1 can oven-ready biscuits

Turn on oven and set at 425 (very hot). Dip chicken in ½ cup Pet Milk, then roll in mixture of 1 cup flour, the salt, pepper and paprika. Melt shortening in 13 x 9 x 2-in. pan in oven. Put chicken into pan, skin side down. Bake 50 min.

Turn chicken and move to one end of pan. Arrange peaches on chicken. Separate biscuits and put into other end of pan. Bake 15 min. longer, or until biscuits are light brown. Remove food to hot plates.

For gravy: Mix ¼ cup flour into drippings left in pan. Stir in water gradually. Boil and stir 2 min. Stir in 1 cup Pet Milk. Heat, but do not boil. Add salt and pepper to taste. Serve over biscuits. Makes 4 servings.

Health Levy Is Vital, Commissioner Declares

That the .2 of a mill levy for the Fayette County Health Department is a renewal and is considered of vital importance in maintenance of the health protection activities in the entire county, was the substance of a statement issued today by Dr. B. V. Scott, county health commissioner.

This levy, along with the .25 of a mill levy for Fayette County's share of expense in the upkeep of the Mt. Logan Sanatorium at Chillicothe, will appear on the ballots issued to Fayette County voters Nov. 6.

* * *

THE .2 of a mill health levy is designed to provide for a deficiency in local tax monies allocated to the Health Department. This same levy appeared upon the ballot in the primary election in May 1954.

The health commissioner said: "Should the levy be voted favorably upon by 55 per cent of the voters Nov. 6 the Fayette County Health Department will be able to provide the same health services to Fayette County as have been furnished during the past two years.

Should this levy fail to receive the required 55 percent vote, one of two alternatives would have to be resorted to. The first of these would be that all the townships of the county and the city of Washington C. H. would be asked to jointly provide the additional monies needed to compensate the deficit in the Health Department funds.

Since township and city funds are at present limited, this alternative would impose an extremely heavy burden upon their revenue.

The second alternative, if the levy failed to pass, would necessarily be a drastic reduction in the personnel and services of the Fayette County Health Department."

* * *

"FAYETTE COUNTY'S population, including the City of Washington C. H., estimated as of July 1, 1956, is 24,186 persons. For this population, by standards established by the American Public Health Assn., the health department should have five public health nurses, three sanitarians, three clerks and one full-time health officer. As opposed to these standards and with the renewal of the health levy, public health services to Fayette County and the City of Washington C. H., are provided by three nurses, one sanitarian, one clerk and the services of a health commissioner who also administers three other health departments.

"This comparison with standards is made to emphasis the fact that the health levy is required for the continuation of present department operations and not for the expansion of the department activities beyond their present minimum requirements.

"The Fayette County Health Department has been in existence as an organized department for some thirty-five years. When first established as such its personnel consisted of a health officer, one nurse, one sanitarian and one clerk. Since that time, with the many advances in the prevention and treatment of disease, methods of improved sanitation, more rigid control of milk and water supplies, the various functions of the health department have widened in scope to keep abreast of these advances."

* * *

AS A RESULT, the department of 1956 performs many more services the performance of which requires more highly trained personnel than did the department of 1920 - 1930 and up to 1945.

"Likewise with the development of the Ohio Department of Health the obligation of keeping more accurate and detailed records has been passed dowr to local departments.

The present day local health department in Ohio or any other of the 47 states has become a necessary and an essential division of local government. These local health departments may be credited with the assurance to the traveling public, as well as to their own residents that every effort is being made for health protection.

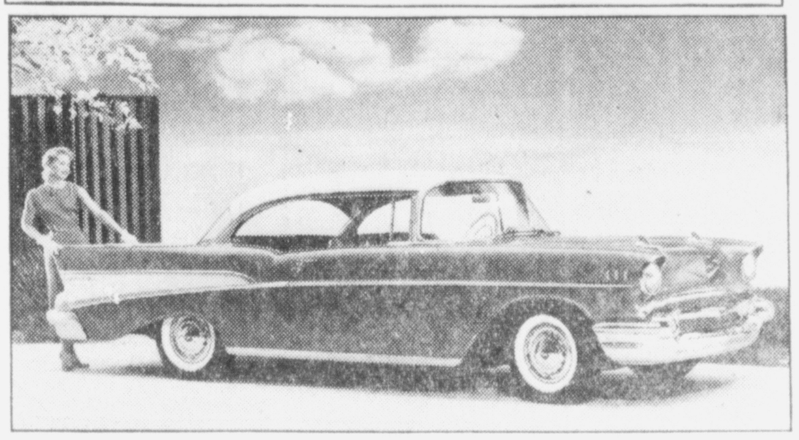

* * *

ALL OF THIS is accomplished by the local department's fulfilling its obligation in — (1) Keeping of birth and death records and other statistical data pertinent to disease control; (2) The control of communicable disease; (3) Proper environmental sanitation; (4) All possible effort to improve maternal and child health; (5) Health education; (6) Rendering laboratory services; (7) The improvement of adult health (control of chronic disease).

"Public support of the health levy is essential to the continuation of all these services to the residence of Fayette County. A failure to support the levy would necessarily result in a break - down of this line of defense against disease, which would undoubtedly sooner or later effect some member of every family residing in the county."

Grand Pre Memorial Park, scene of Longfellow's "Evangeline" in Nova Scotia, has now been made into a national landmark by the Canadian government.

Bel Air Coupe Mirrors New Styling

HERE'S THE NEW CHEVROLET—Longer, lower "in motion" emphasis on design of Chevrolet's three series of passenger cars for 1957 is evident in this view of the new Bel Air sport Coupe. Along with the exciting exterior and interior styling, a higher performance peak and marked mechanical advances are among features. The new Chevrolets, passenger cars and trucks, will go on display at R. Brandenburg Motor Sales Inc., 524 Clinton Ave., Friday.

Chickens Back As Nation's Food Feature

By THE ASSOCIATED PRESS

Meat counters in the nation's supermarkets and neighborhood grocers stores will have a familiar look to shoppers this weekend, with chickens once again the featured item.

For those shoppers who feel their families want something else, lamb, pork and round steak also are on the special lists in some areas. Lamb prices generally are down, as much as 10 cents, while pork is prominently displayed even though it's gone up a cent or two in few places.

Sirloin and porter house steaks are lower in price and placed higher in the advertisements for some stores.

The vegetable counters of most stores will look about the same as last week, too, with all types of cabbages, potatoes and onions rated the outstanding buys.

Potatoes are expected to be cheap for several months.

Good buys also may be had in celery, endive, radishes, some peppers and squash.

Carrots are reported still somewhat scarce, and therefore higher priced, while moderate prices are displayed generally for snap beans, cauliflower, corn, eggplant and tomatoes.

Apples and lines are the most attractively priced types of fruit.

Cantaloupes and honeydrew melons have graduated to the luxury class just about everywhere, and prunes also are reported getting to be more expensive.

Some oranges are grapefruit are trickling into the markets. It will be another month or so before they reach the popular price class.

Lutherans Appoint Unification Team

HARRISBURG, Pa. (AP) — The United Lutheran Church has designated a 13-man team to undertake efforts to unite "all American Lutherans" in a single church.

There are 16 Lutheran denominations, with a total of about 7½ million members.

In line with a directive of the United Lutheran Convention to seek union with all of them, the church's executive board named a key "special commission" to tackle the job.

Driver Fined $25 For 'Peeling Rubber'

SPRINGFIELD (AP)—This city imposed its first penalty Wednesday against a motorist accused of "peeling rubber" — screetching sound a tire makes in a sharp turn around a corner.

Allen Stephney Jr., 31, charged with violating the city's anti-noise ordinance, pleaded guilty and was fined $25 and costs. Municipal Judge Ben J. Goldman suspended the fine on payment of the costs.

It marked the first time the city had invoked the ordinance for this particular offense. Other motorists have been fined under the legislation for unneccessary automobile muffler noise.

Navy Authorizes A-Powered Cruiser

WASHINGTON (AP) — The Navy has authorized the drafting of plans for this country's first atomic-powered surface ship, a 14,000-ton guided missile cruiser.

It has sent the Bethlehem Steel Co. a preliminary contract authorizing the firm to take the first steps leading to construction of the 700-foot craft. The Navy said it expects the vessel to cost about $87½ million.

Tennessee Showing Signs Of Drifting Away from Ike

Editor's Note: This is another in a series of articles by veteran Associated Press political reporters surveying election sentiment in key states.

By ARTHUR EDSON

NASHVILLE, Tenn. (AP) — Other voters may not know whether they want Dwight D. Eisenhower or Adlai E. Stevenson for president.

But such doubts don't assailt R. C. Barret, a onetime sawmill worker in Covington, near Tennessee's western edge.

"I'll vote the Democratic ticket," said Barret, a frisky 79-year-old. "Always have, and always will."

On the other side of the state, and of the political fence, is Mrs. Oscar Shockley, who lives on a farm near Morristown.

Mrs. Shockey said, of course, she's a Republican. And is her husband, too?

"Naturally," Mrs. Shockley said. "I wouldn't have married him if he hadn't been."

These two examples illustrate the rewards, and the problems, that each presidential candidate has in Tennessee.

Eisenhower can count on staunch Republican support in the eastern Tennessee hills where four years ago he rolled up a 95,185-vote margin. This enabled him to overcome Democratic advantages in the rest of the state, and to squeak through a winner, by 2,437 votes. He thereby became only the third Republican presidential candidate in history to carry Tennessee.

Stevenson can count, with some exceptions, on loyal Democratic support in the western two-thirds of Tennessee.

Because Democrats normally outnumber Republicans in Tennessee, most neutral observers are saying Eisenhower won't make the grade this time and that tennessee's 11 electoral votes will go to Stevenson.

Not that the Republicans have given up.

Guy L. Smith, editor of the Knoxville Journal and the Republican campaign manager, says that by getting out a larger vote the GOP margin will be increased. His prediction: Eisenhower, by 100,000 votes.

Democrats believe that with Sen. Estes Kefauver of Tennessee as his vice presidential candidate, Stevenson shouldn't have too much trouble cutting away that narrow margin Eisenhower had in 1952. Buford Ellington, the Democratic campaign director, predicts: "a landslide victory."

Any impressions of a state as varied as Tennessee are bound to be risky, but nevertheless here are a few that stand out:

That many farmers—especially in western Tennessee where dry weather has multiplied their problems—are unhappy, but no one can say how many are disgruntled enough to switch their votes.

That anyone who doubts Eisenhower's personal popularity needs only to talk with the voters. It's hard to find a Republican who isn't going to support him, and even the Democrats often speak of him kindly.

That the race seems to boil down to this: Eisenhower vs. the Democratic Party. A voter will say, "I'm for Ike," without mentioning the Republicans, or "I'm a Democrat," without mentioning Stevenson.

Health Levy Is Vital, Commissioner Declares

That the .2 of a mill levy for the Fayette County Health Department is a renewal and is considered of vital importance in maintenance of the health protection activities in the entire county, was the substance of a statement issued today by Dr. B. V. Scott, county health commissioner.

This levy, along with the .25 of a mill levy for Fayette County's share of expense in the upkeep of the Mt. Logan Sanatorium at Chillicothe, will appear on the ballots issued to Fayette County voters Nov. 6.

* * *

THE .2 of a mill health levy is designed to provide for a deficiency in local tax monies allocated to the Health Department. This same levy appeared upon the ballot in the primary election in May 1954.

The health commissioner said: "Should the levy be voted favorably upon by 55 per cent of the voters Nov. 6 the Fayette County Health Department will be able to provide the same health services to Fayette County as have been furnished during the past two years.

Should this levy fail to receive the required 55 percent vote, one of two alternatives would have to be resorted to. The first of these would be that all the townships of the county and the city of Washington C. H. would be asked to jointly provide the additional monies needed to compensate the deficit in the Health Department funds.

Since township and city funds are at present limited, this alternative would impose an extremely heavy burden upon their revenue.

The second alternative, if the levy failed to pass, would necessarily be a drastic reduction in the personnel and services of the Fayette County Health Department."

* * *

"FAYETTE COUNTY'S population, including the City of Washington C. H., estimated as of July 1, 1956, is 24,186 persons. For this population, by standards established by the American Public Health Assn., the health department should have five public health nurses, three sanitarians, three clerks and one full-time health officer. As opposed to these standards and with the renewal of the health levy, public health services to Fayette County and the City of Washington C. H., are provided by three nurses, one sanitarian, one clerk and the services of a health commissioner who also administers three other health departments.

"This comparison with standards is made to emphasis the fact that the health levy is required for the continuation of present department operations and not for the expansion of the department activities beyond their present minimum requirements.

"The Fayette County Health Department has been in existence as an organized department for some thirty-five years. When first established as such its personnel consisted of a health officer, one nurse, one sanitarian and one clerk. Since that time, with the many advances in the prevention and treatment of disease, methods of improved sanitation, more rigid control of milk and water supplies, the various functions of the health department have widened in scope to keep abreast of these advances."

* * *

AS A RESULT, the department of 1956 performs many more services the performance of which requires more highly trained personnel than did the department of 1920 - 1930 and up to 1945.

"Likewise with the development of the Ohio Department of Health the obligation of keeping more accurate and detailed records has been passed dowr to local departments.

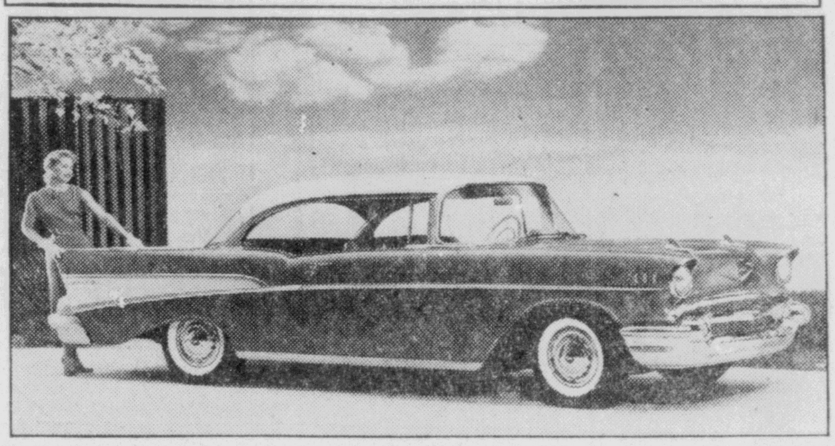

The present day local health department in Ohio or any other of the 47 states has become a necessary and an essential division of local government. These local health departments may be credited with the assurance to the traveling public, as well as to their own residents that every effort is being made for health protection.

* * *

ALL OF THIS is accomplished by the local department's fulfilling its obligation in — (1) Keeping of birth and death records and other statistical data pertinent to disease control; (2) The control of communicable disease; (3) Proper environmental sanitation; (4) All possible effort to improve maternal and child health; (5) Health education; (6) Rendering laboratory services; (7) The improvement of adult health (control of chronic disease).

"Public support of the health levy is essential to the continuation of all these services to the residence of Fayette County. A failure to support the levy would necessarily result in a break - down of this line of defense against disease, which would undoubtedly sooner or later effect some member of every family residing in the county."

Bel Air Coupe Mirrors New Styling

HERE'S THE NEW CHEVROLET—Longer, lower "in motion" emphasis on design of Chevrolet's three series of passenger cars for 1957 is evident in this view of the new Bel Air sport Coupe. Along with the exciting exterior and interior styling, a higher performance peak and marked mechanical advances are among features. The new Chevrolets, passenger cars and trucks, will go on display at R. Brandenburg Motor Sales Inc., 524 Clinton Ave., Friday.

Chickens Back As Nation's Food Feature

By THE ASSOCIATED PRESS

Meat counters in the nation's supermarkets and neighborhood grocers stores will have a familiar look to shoppers this weekend, with chickens once again the featured item.

For those shoppers who feel their families want something else, lamb, pork and round steak also are on the special lists in some areas. Lamb prices generally are down, as much as 10 cents, while pork is prominently displayed even though it's gone up a cent or two in a few places.

Sirloin and porter house steaks are lower in price and placed higher in the advertisements for some stores.

The vegetable counters of most stores will look about the same as last week, too, with all types of cabbages, potatoes and onions rated the outstanding buys.

Potatoes are expected to be cheap for several months.

Good buys also may be had in celery, endive, radishes, some peppers and squash.

Carrots are reported still somewhat scarce, and therefore higher priced, while moderate prices are displayed generally for snap beans, cauliflower, corn, eggplant and tomatoes.

Apples and lines are the most attractively priced types of fruit.

Cantaloupes and honeydrew melons have graduated to the luxury class just about everywhere, and prunes also are reported getting to be more expensive.

Some oranges and grapefruit are trickling into the markets. It will be another month or so before they reach the popular price class.

Farm-City Week Can Be Important Event

A number of different groups in Fayette County representing both Washington C. H. and our county's rural sections are now reported to be completing plans for Farm - City Week, Nov. 16-22, this year.

This easily can prove to be an important event in tying more closely together the activities and interests of the whole community.

Last year saw the first observance of Farm - City Week across the nation. It was a great success with some 400 national and regional organizations participating through various local branches.

There have been efforts made along this line in many localities in the past several years. The Washington Rotary Club, for example, every year has been holding a Rural - Urban meeting with all Rotarians of this city bringing a farmer friend as a guest. Other organizations in this city have on certain occasions arranged such meetings and for several years the annual Corn Show in this county, held in Washington C. H., contributed much to the general idea.

Last year the Kiwanis International was the spearhead group in making Farm-City Week a national affair, with nearly every community in this country and many in Canada witnessing observances.

Just about everyone on the North American continent heard the Farm - City Week story, due to the excellent coverage provided by newspapers, radio, and TV. To frost the cake, the 1955 observance of the Week was selected for the distinguished public service award by the Freedoms Foundation at Valley Forge.

Now the second annual observance of the Week is on the horizon. This year's observance, it would seem, is to be even bigger and better than last year's.

The purpose of the Week is as admirable as it is simple. It is to bring about better understanding between the urban and rural segments of our society. Through this understanding, it is hoped, will come the realization by farmers and urban people that neither is self-sufficient; that the two groups are interdependent, and that every city or house "divided against itself shall not stand".

It would take pages to list all the organizations which are sponsoring the Week and cooperating to put it over. There is a national Farm - City Week committee, with 73 members, made up of representatives from governmental agencies, service and agricultural organizations, industry and business, trade associations, farm publications, and so on and so on. Branches of such bodies will carry on the observance on the local level.

These observances, naturally, will vary somewhat from community to community. But there is a general pattern which is national in its scope. Businessmen will tour farms, rural residents will tour cities and factories, and there will be joint tours with both groups going together.

Meetings of farm and city people will feature fellowship and the exchange of pertinent information concerning particular problems the two groups face. Over the nation there will be one - day interchanges, in which city folk will spend a day on the farm, and country people a day in the city. Demonstrations of new farming techniques will be a feature, along with displays of agricultural products. Church services will be devoted to the Farm - City Interdependence theme.

It would seem evident to everybody that, all in all, this is a big job and a worthwhile effort for both city and rural localities.

It stands out as a big cause and could be made an important event for public goodwill in Fayette County.

Laff-A-Day

"Any chance of leaving your thermometer here until tomorrow?"

Diet and Health

Watch Out for Pits When You Eat Fruit

By HERMAN N. BUNDESEN

Fruit pits can at times be trouble-makers.

If you eat a lot of fresh fruit, especially apricots, prunes and plums, chances are you might have inadvertently swallowed a pit at one time or another.

You gulp as the pit does down your throat, but then generally forget about it. And in the great majority of cases, the pits are excreted without any difficulty.

Where Trouble Starts

Occasionally, however, they lodge in the gastrointestinal tract and cause local inflammation. Seldom do they block the intestinal tract completely, but they can cause incomplete or intermittent obstruction.

In such cases, the pain can be very severe.

Your physician might be hard put to try to trace this unexpected pain. Frequently a radiological examination is needed to find the source of the trouble.

Severe Pain

So if you suddenly develop a severe pain and the doctor has difficulty with his diagnosis, think back a while. Maybe you can recall accidentally gulping a fruit pit. That little pit may be the cause of your discomfort. And surgery may be needed to remove it.

It's probably best to check with your doctor right away should you swallow a pit. Meanwhile, don't take any laxative.

Immediate Action

If the pit becomes lodged in the throat, immediate action is necessary. It may help if you hold the patient upside down (make him bend over if he's an adult) and slap him sharply on the back. Call a doctor quickly.

Under no circumstances should any attempt be made by the parent to dislodge a pit or any foreign body from the throat with the fingers, food or cotton.

QUESTION AND ANSWER

V. G.: Is the dust from a broken fluorescent light bulb dangerous?

Answer: In the past, dust from a broken fluorescent bulb contained a metal known as beryllium. This beryllium can cause damage to the lungs and other organs of the body if it is inhaled.

However, since 1949, this metal has not been used in the manufacture of fluorescent light bulbs.

The Nation Today

James Marlow

Associated Press News Analyst

WASHINGTON (AP) — There is a twinship between President Eisenhower and Adlai Stevenson not only in the promises they make but in the lack of new ideas in this campaign.

Eisenhower has offered no new ideas at all. Neither has Stevenson with two possible exceptions: on the H-bomb and school aid. Eisenhower is vaguer on his promises although Stevenson in most cases is pretty vague too.

An American who looks at the two parties with fixed prejudices or new enthusiasms may feel he discerns big differences between the men. To an impartial European this election may look like a choice between two managers for the same store.

On foreign affairs Eisenhower and Stevenson basically see eye to eye on a need for alliances and continued foreign aid.

And on one of the really fiery issues of the day — getting the South to accept the Supreme Court's ruling against public school segregation — both men have expressed only platitudes. Neither has offered a program or a solution.

On this issue Stevenson has taken a little stronger stand than Eisenhower: he at least says he approves the court's decision. Eisenhower, asked several times if he endorses the decision, has never said he did but must, as president, back it up.

Eisenhower — whose theme is peace, prosperity and progress — stands on his record; belittles the Democrats, promises to expand existing programs or get action on measures previously introduced in Congress but not yet approved.

Stevenson — with no White House record of his own — points with pride to past performances of the Democrats, belittles the Republicans, and in general makes the same kind of promises as Eisenhower: expansion and action on measures already discussed.

One notable difference between the two men is in their farm programs: Eisenhower assures the farmers they'll make out fine under his flexible price support policy; Stevenson says they'll do better with higher rigid supports.

Eisenhower so far has not gone into details on anything he's promised. Stevenson has gone into detail on three programs: health, education, and older people.

If two of Stevenson's ideas can be considered new, these are the ones:

1. He was proposed the United States take the lead toward ending H-bomb tests. If he is suggesting they be ended without ironclad agreement with Russia to do the same, that would be new. But it still is not clear precisely what he has in mind.

2. Instead of offering the kind of school aid bill debated in Congress this year — to give states money only for building schools — For example: one might need money to train teachers more than to build schools.

Eisenhower and Stevenson, as is usual in a campaign, have exaggerated the differences between them and between their parties. But the general similarity of their programs can be seen from this list which both have proposed:

Erasing the schoolroom shortage; prosperity for the farmers, although by different methods; medical research; housing; jobs for older people; steps to ease unemployment; soil conservation; water resources development and new supplies of power; special laws to protect small business men; peaceful use of atomic energy.

Be Lonely, Write Fiction

By Hal Boyle

NEW YORK (AP)—Charles Mercer is an unusual author.

Not merely because he has hit the literary jackpot with "Rachel Cade," a best-selling novel that stands to net him some $200,000 when all the returns are in.

What makes Mercer unusual is that he sees no reason why practically anyone who can stand being lonely can't do the same thing.

"Writing does require a certain bent," he said, "but anyone who can tell a suspenseful situation in two pages—even in a letter can eventually write and sell fiction.

"The difference between those who do and those who don't is largely self-discipline. Writing is an anti-social sport. Many people don't write because they can't stand being lonely. Writing is the loneliest industry on earth."

Mercer, who is a 39-year-old radio and television columnist, married as soon as he left college for a $25 a week job as cub reporter.

Like most newspapermen he dreamed of writing a novel. And also like most newspapermen, he did nothing about it.

During his three-year hitch as an Army lieutenant in World War II his wife, Alma, wrote and sold for $250 a magazine article about the trials and tribulations of a bride in wartime.

"I decided if she could do it, I could," Charlie said. After leaving the service and returning to newspaper work in 1946, he started writing two hours every night.

In 1949 he finally sold a short story for $750 to the Saturday Evening Post.

During a subsequent 21-month hitch in the Army during the Korean War he sold 10 stories and a couple of novelettes. He also later published two novels.

His real bonanza idea came during a trip to the Belgian Congo in 1954 to gather newsfeature stories. Africa had interested Charlie since he was a boy of 11, and he chose it as the locale for "Rachel Cade," a tale bout a missionary nurse's search for love and understanding in defying the ancient tribal taboos of the Dark Continent.

Charlie wrote the novel in a year in 12-hour Saturday and Sunday sessions at the typewriter. It was an immediate hit. The Literary Guild picked it for its current selection, the Woman's Home Companion bought serial rights, and RKO snapped it up for the movies. It is being published in three foreign editions.

Their sudden leap to prosperity has made no difference in the lives of either Alma or Charlie, who plans to continue writing his daily column.

And Mercer says all that is probably keeping you from writing a successful novel is—you.

Why Aid for Tito?

By George Sokolsky

It was not supposed to happen until after the election, but Tito is being certified for further American aid. Apparently, this aid to Tito is a reward for his speaking up to the pro-Stalinist element in Soviet Russia and for his continued service as a deviationist in the Soviet world.

How much this aid will amount to at this writing, I do not know. Congress specifically opposed aid to Tito and that is the reason for special certification.

Tito is a Communist. Yugoslavia is a Community country. Tito was expelled from the cominform by Stalin because he deviated from the Kremlin's insistence upon a hegemony over communist parties throughout the world. Tito wanted to run his own Communist show. Khrushchev formed an alliance with Tito, the object of which was to down - grade Stalin and thereby to enhance the influence and, in time, the power of Khrushchev. This has produced an unbelieveable commotion throughout the Communist world, each party being forced to reach a decision and the influence of the Kremlin being down-graded as much as Stalin.

Undoubtedly Tito was summoned to Yalta for a conference on the down-grading of Stalin and his own position in the Communist world. At any rate, he went to Yalta where the Russian communist leaders met him as well as the Hungarian leader, Erno Gero.

Tito came away from Yalta neither the leader of the Communist world nor a fief of the Kremlin. Apparently the State Department is satisfied with Tito's conduct at Yalta and plans to reward him by further aid.

But the fact of the matter is that when Khrushchev apologized to Tito for Stalin's and Beria's misconduct, it made Tito very happy and he toured Russia more the prodigal son than the friendly guest and he has been a supporter of Khrushchev's program to the Soviet international and he has refused to permit an inspection of the use of the material aid which this country sent to Yugoslavia. On what terms is further aid given to him? What strings are attached?

When one inquires about Tito, it is found that just as there is a pro-Arab clique in the State Department, so there is a pro-Tito clique who believe that Tito will eventually weaken Soviet Russia by succeeding in tearing away from the Kremlin some of the satellites, particularly Poland and Hungary. They believe that if Poland and Hungary join Yugoslavia, Rumania must follow.

Into this complex situation enters the problem of Roman Catholicism. Yugoslavia, Poland and Hungary are broadly speaking Roman Catholic countries. Poland has historically been one of the pillars in Europe of Roman Catholicism and the most Roman Catholic of the Slavic countries. Under communism, the Roman Catholic Church has been persecuted and in Yugoslavia, Archbishop Stepinac was one of the earliest victims of Communist atrocities. There is no evidence of any lessening of anti-Catholicism in Tito's Yugoslavia.

It is for this reason that whenever opposition to Tito arises in this country, it is often attributed to a Catholic plot, which is nonsense because there are many, apart from Catholics, who suspect the rising power of Tito in world affairs.

The question of aid is one of political policy. The so - called weak and backward countries are willing to accept aid where ever they can get it. Aid has become a business, a method of importing capital and capital goods either without repayment of with remotely postponed repayments which are tantamount to a free gift.

Thus the budgets of these countries can be built up by aid rather than by taxation. It is good business and most of these countries want to engage in this business on the basis of something for nothing, namely that whatever aid comes to them must have no quid pro quo.

They get; we give. That is all. It is therefore very bad business and very bad politics for us. Among the worst offenders have been Tito, Nehru and Nasser, who even adopt the attitude that when they take our aid, they are doing us a favor.

What is the favor? How do we benefit by the transaction?

Farm-City Week Can Be Important Event

A number of different groups in Fayette County representing both Washington C. H. and our county's rural sections are now reported to be completing plans for Farm - City Week, Nov. 16-22, this year.

This easily can prove to be an important event in tying more closely together the activities and interests of the whole community.

Last year saw the first observance of Farm - City Week across the nation. It was a great success with some 400 national and regional organizations participating through various local branches.

There have been efforts made along this line in many localities in the past several years. The Washington Rotary Club, for example, every year has been holding a Rural - Urban meeting with all Rotarians of this city bringing a farmer friend as a guest. Other organizations in this city have on certain occasions arranged such meetings and for several years the annual Corn Show in this county, held in Washington C. H., contributed much to the general idea.

Last year the Kiwanis International was the spearhead group in making Farm-City Week a national affair, with nearly every community in this country and many in Canada witnessing observances.

Just about everyone on the North American continent heard the Farm - City Week story, due to the excellent coverage provided by newspapers, radio, and TV. To frost the cake, the 1955 observance of the Week was selected for the distinguished public service award by the Freedoms Foundation at Valley Forge.

Now the second annual observance of the Week is on the horizon. This year's observance, it would seem, is to be even bigger and better than last year's.

The purpose of the Week is as admirable as it is simple. It is to bring about better understanding between the urban and rural segments of our society. Through this understanding, it is hoped, will come the realization by farmers and urban people that neither is self-sufficient; that the two groups are interdependent, and that every city or house "divided against itself shall not stand".

It would take pages to list all the organizations which are sponsoring the Week and cooperating to put it over. There is a national Farm - City Week committee, with 73 members, made up of representatives from governmental agencies, service and agricultural organizations, industry and business, trade associations, farm publications, and so on and so on. Branches of such bodies will carry on the observance on the local level.

These observances, naturally, will vary somewhat from community to community. But there is a general pattern which is national in its scope. Businessmen will tour farms, rural residents will tour cities and factories, and there will be joint tours with both groups going together.

Meetings of farm and city people will feature fellowship and the exchange of pertinent information concerning particular problems the two groups face. Over the nation there will be one - day interchanges, in which city folk will spend a day on the farm, and country people a day in the city. Demonstrations of new farming techniques will be a feature, along with displays of agricultural products. Church services will be devoted to the Farm - City Interdependence theme.

It would seem evident to everybody that, all in all, this is a big job and a worthwhile effort for both city and rural localities.

It stands out as a big cause and could be made an important event for public goodwill in Fayette County.

Laff-A-Day

"Any chance of leaving your thermometer here until tomorrow?"

The Nation Today

James Marlow

Associated Press News Analyst

WASHINGTON (AP) — There is a twinship between President Eisenhower and Adlai Stevenson not only in the promises they make but in the lack of new ideas in this campaign.

Eisenhower has offered no new ideas at all. Neither has Stevenson with two possible exceptions: on the H-bomb and school aid. Eisenhower is vaguer on his promises although Stevenson in most cases is pretty vague too.

An American who looks at the two parties with fixed prejudices or new enthusiasms may feel he discerns big differences between the men. To an impartial European this election may look like a choice between two managers for the same store.

On foreign affairs Eisenhower and Stevenson basically see eye to eye on a need for alliances and continued foreign aid.

And on one of the really fiery issues of the day — getting the South to accept the Supreme Court's ruling against public school segregation — both men have expressed only platitudes. Neither has offered a program or a solution.

On this issue Stevenson has taken a little stronger stand than Eisenhower: he at least says he approves the court's decision. Eisenhower, asked several times if he endorses the decision, has never said he did but must, as president, back it up.

Eisenhower — whose theme is peace, prosperity and progress — stands on his record, belittles the Democrats, promises to expand existing programs or get action on measures previously introduced in Congress but not yet approved.

Stevenson — with no White House record of his own — points with pride to past performances of the Democrats, belittles the Republicans, and in general makes the same kind of promises as Eisenhower: expansion and action on measures already discussed.

One notable difference between the two men is in their farm programs: Eisenhower assures the farmers they'll make out fine under his flexible price support policy; Stevenson says they'll do better with higher rigid supports.

Eisenhower so far has not gone into details on anything he's promised. Stevenson has gone into detail on three programs: health, education, and older people.

If two of Stevenson's ideas can be considered new, these are the ones:

1. He was proposed the United States take the lead toward ending H-bomb tests. If he is suggesting they be ended without ironclad agreement with Russia to do the same, that would be new. But it still is not clear precisely what he has in mind.

2. Instead of offering the kind of school aid bill debated in Congress this year — to give states money only for building schools — For example: one might need money to train teachers more than to build schools.

Eisenhower and Stevenson, as is usual in a campaign, have exaggerated the differences between them and between their parties. But the general similarity of their programs can be seen from this list which both have proposed:

Erasing the schoolroom shortage; prosperity for the farmers, although by different methods; medical research; housing; jobs for older people; steps to ease unemployment; soil conservation; water resources development and new supplies of power; special laws to protect small business men; peaceful use of atomic energy.

Diet and Health

Watch Out for Pits When You Eat Fruit

By HERMAN N. BUNDESEN

Fruit pits can at times be trouble-makers.

If you eat a lot of fresh fruit, especially apricots, prunes and plums, chances are you might have inadvertently swallowed a pit at one time or another.

You gulp as the pit does down your throat, but then generally forget about it. And in the great majority of cases, the pits are excreted without any difficulty.

Where Trouble Starts

Occasionally, however, they lodge in the gastrointestinal tract and cause local inflammation. Seldom do they block the intestinal tract completely, but they can cause incomplete or intermittent obstruction.

In such cases, the pain can be very severe.

Your physician might be hard put to try to trace this unexpected pain. Frequently a radiological examination is needed to find the source of the trouble.

Severe Pain

So if you suddenly develop a severe pain and the doctor has difficulty with his diagnosis, think back a while. Maybe you can recall accidentally gulping a fruit pit. That little pit may be the cause of your discomfort. And surgery may be needed to remove it.

It's probably best to check with your doctor right away should you swallow a pit. Meanwhile, don't take any laxative.

Immediate Action

If the pit becomes lodged in the throat, immediate action is necessary. It may help if you hold the patient upside down (make him bend over if he's an adult) and slap him sharply on the back. Call a doctor quickly.

Under no circumstances should any attempt be made by the parent to dislodge a pit or any foreign body from the throat with the fingers, food or cotton.

QUESTION AND ANSWER

V. G.: Is the dust from a broken fluorescent light bulb dangerous?

Answer: In the past, dust from a broken fluorescent bulb contained a metal known as beryllium. This beryllium can cause damage to the lungs and other organs of the body if it is inhaled.

However, since 1949, this metal has not been used in the manufacture of fluorescent light bulbs.

Be Lonely, Write Fiction

By Hal Boyle

NEW YORK (AP)—Charles Mercer is an unusual author.

Not merely because he has hit the literary jackpot with "Rachel Cade," a best-selling novel that stands to net him some $200,000 when all the returns are in.

What makes Mercer unusual is that he sees no reason why practically anyone who can stand being lonely can't do the same thing.

"Writing does require a certain bent," he said, "but anyone who can tell a suspenseful situation in two pages—even in a letter can eventually write and sell fiction.

"The difference between those who do and those who don't is largely self-discipline. Writing is an anti-social sport. Many people don't write because they can't stand being lonely. Writing is the loneliest industry on earth."

Mercer, who is a 39-year-old radio and television columnist, married as soon as he left college for a $25 a week job as cub reporter.

Like most newspapermen he dreamed of writing a novel. And also like most newspapermen, he did nothing about it.

During his three-year hitch as an Army lieutenant in World War II his wife, Alma, wrote and sold for $250 a magazine article about the trials and tribulations of a bride in wartime.

"I decided if she could do it, I could," Charlie said. After leaving the service and returning to newspaper work in 1946, he started writing two hours every night.

In 1949 he finally sold a short story for $750 to the Saturday Evening Post.

During a subsequent 21-month hitch in the Army during the Korean War he sold 10 stories and a couple of novelettes. He also later published two novels.

His real bonanza idea came during a trip to the Belgian Congo in 1954 to gather newsfeature stories. Africa had interested Charlie since he was a boy of 11, and he chose it as the locale for "Rachel Cade," a tale bout a missionary nurse's search for love and understanding in defying the ancient tribal taboos of the Dark Continent.

Charlie wrote the novel in a year in 12-hour Saturday and Sunday sessions at the typewriter. It was an immediate hit. The Literary Guild picked it for its current selection, the Woman's Home Companion bought serial rights, and RKO snapped it up for the movies. It is being published in three foreign editions.

Their sudden leap to prosperity has made no difference in the lives of either Alma or Charlie, who plans to continue writing his daily column.

And Mercer says all that is probably keeping you from writing a successful novel is—you.

Why Aid for Tito?

By George Sokolsky

It was not supposed to happen until after the election, but Tito is being certified for further American aid. Apparently, this aid to Tito is a reward for his speaking up to the pro-Stalinist element in Soviet Russia and for his continued service as a deviationist in the Soviet world.

How much this aid will amount to, at this writing, I do not know. Congress specifically opposed aid to Tito and that is the reason for special certification.

Tito is a Communist. Yugoslavia is a Community country. Tito was expelled from the cominform by Stalin because he deviated from the Kremlin's insistence upon a hegemony over communist parties throughout the world. Tito wanted to run his own Communist show. Khrushchev formed an alliance with Tito, the object of which was to down - grade Stalin and thereby to enhance the influence and, in time, the power of Khrushchev. This has produced an unbelieveable commotion throughout the Communist world, each party being forced to reach a decision and the influence of the Kremlin being down-graded as much as Stalin.

Undoubtedly Tito was summoned to Yalta for a conference on the down-grading of Stalin and his own position in the Communist world. At any rate, he went to Yalta where the Russian communist leaders met him as well as the Hungarian leader, Erno Gero.

Tito came away from Yalta neither the leader of the Communist world nor a fief of the Kremlin. Apparently the State Department is satisfied with Tito's conduct at Yalta and plans to reward him by further aid.

But the fact of the matter is that when Khrushchev apologized to Tito for Stalin's and Beria's misconduct, it made Tito very happy and he toured Russia more the prodigal son than the friendly guest and he has been a supporter of Khrushchev's program to the Soviet international and he has refused to permit an inspection of the use of the material aid which this country sent to Yugoslavia. On what terms is further aid given to him? What strings are attached?

When one inquires about Tito, it is found that just as there is a pro-Arab clique in the State Department, so there is a pro-Tito clique who believe that Tito will eventually weaken Soviet Russia by succeeding in tearing away from the Kremlin some of the satellites, particularly Poland and Hungary. They believe that if Poland and Hungary join Yugoslavia, Rumania must follow.

Into this complex situation enters the problem of Roman Catholicism. Yugoslavia, Poland and Hungary are broadly speaking Roman Catholic countries. Poland has historically been one of the pillars in Europe of Roman Catholicism and the most Roman Catholic of the Slavic countries. Under communism, the Roman Catholic Church has been persecuted and in Yugoslavia, Archbishop Stepinac was one of the earliest victims of Communist atrocities. There is no evidence of any lessening of anti-Catholicism in Tito's Yugoslavia.

It is for this reason that whenever opposition to Tito arises in this country, it is often attributed to a Catholic plot, which is nonsense because there are many, apart from Catholics, who suspect the rising power of Tito in world affairs.

The question of aid is one of political policy. The so - called weak and backward countries are willing to accept aid wherever they can get it. Aid has become a business, a method of importing capital and capital goods either without repayment of with remotely postponed repayments which are tantamount to a free gift.

Thus the budgets of these countries can be built up by aid rather than by taxation. It is good business and most of these countries want to engage in this business on the basis of something for nothing, namely that whatever aid comes to them must have no quid pro quo.

They get; we give. That is all. It is therefore very bad business and very bad politics for us. Among the worst offenders have been Tito, Nehru and Nasser, who even adopt the attitude that when they take our aid, they are doing us a favor.

What is the favor? How do we benefit by the transaction?

Stultz-Haughey Marriage Is Announced

Announcement is being made of the marriage of Mrs. Mary K. Stultz and Mr. James Haughey, both of Springfield, on Saturday, Oct. 13, in Richmond, Indiana.

The double ring ceremony was performed at 2:30 p. m. in the Central Methodist Church with Rev. Chester Hughbanks officiating.

The bride chose for her marriage a pink knit suit with poudre blue accessories and they were unattended.

Mrs. Haughey is a native of Washington C. H., and is the daughter of Mr. and Mrs. Allie Dearth.

Mr. Haughey, formerly of Atlantic City, N. Y., is the son of Mr. Thomas J. Haughey and the late Mrs. Haughey.

The couple has established their residence at 2049 Tanager Rd., in Springfield, where Mrs. Haughey is employed at the South Side Drugstore and Mr. Haughey who works through the International Union of Operating Engineers is currently employed in Dayton.

Mrs. Melvin Presides at Club Meeting

Mrs. H. W. Melvin, president of the Posy Garden Club, presided over the regular meeting held Wednesday afternoon at the home of Mrs. Gerald Hidy with ten members present.

Mrs. Melvin called the meeting to order and read the poem "Where Did The Summer Go", also giving a report of a meeting of the president's council she attended recently.

Announcement was made of the "Christmas at Home" at the Dayton Power and Light Company, Nov. 30.

Projects for the coming year were discussed and it was decided to plant bulbs on the Madison Mills Methodist Church lawn.

Mrs. Burch Lightle was appointed as librarian for the coming year, and Mrs. Frank Barrett was welcomed as a new member.

The program was highlighted with the showing of colored slides taken by Mrs. Don Sollars and shown by Mrs. Bess Seaman of Mrs. Sollars' rose garden and also pictures taken of scenic spots in Mexico and New Mexico which were both beautiful and most interesting as well.

Mrs. Charles Hughes, a member of the Buckeye Garden Club, was a guest and demonstrated most efficiently the making of corsages and also instructed in the making of corsages and the combining of colors.

During the social hour tempting refreshments were served by the hostess.

In addition to Mrs. Hughes, guests included were: Mrs. O. W. Finley, Mrs. Fred Vanskoy, Mrs. Orville Clark and Mrs. Chester Luman, all members of the Mt. Sterling Garden Club, and Mrs. Ottie Evans of Philadelphia, Pa.

The Nov. meeting will be held at the home of Mrs. Seaman.

DKG To Sponsor Guest Speaker At Meeting

Delta Kappa Gamma has extended an invitation to members of the Mothers' Circle, Alpha Beta and Gamma Circles of the Child Conservation League, also to the members of the American Association of University Women to meet with them on Monday, Oct. 22, at 7:45 p. m. at St. Andrew's Episcopal Church.

This interesting meeting will be highlighted with a talk by Mrs. Mae Hill Arbuthnot of Cleveland, a former professor at Western Reserve, a nationally known publisher and lecturer. She has contributed much to child education, among them Parents Magazine, and the Elementary English Journal. She is also one of the co-authors for the Scott-Foresman Reading Series, which is used in the elementary grades from the first through the sixth in the Washington C. H. Public Schools.

Mrs. Ralph Child, president of Delta Kappa Gamma, will preside over the meeting and Miss Jane Durant, a former pupil of Mrs. Arbuthnot will present her to the group.

• • •

WSCS Circle Meets With Mrs. Robert Link

Members of WSCS Circle 12, of Grace Methodist Church, met at the home of Mrs. Robert Link.

Mrs. Joe White, leader, conducted the meeting which consisted of the usual reports, and plans were made to participate in the serving of a smorgasbord at the church, December 6.

Rev. L. J. Poe was presented in a talk on the meaning of the W.S.C.S., which was most interesting.

Mrs. John Trace led in the devotions which included Scripture reading and prayer.

At the close of the meeting, Mrs. Link was assisted by Mrs. Frank Karney, Mrs. Ned Abbott, Mrs. Emmett Campbell and Mrs. Jack White in the serving of seasonal refreshments.

St. Andrew's Church Society Holds Meeting

The regular meeting of the Woman's Auxiliary of St. Andrew's Parish Hall Wednesday evening with twenty-three members present.

Mrs. Winston Hill, president, called the meeting to order and led in the devotions.

Mrs. Hill announced that the parish dinner will be held on Nov. 6 and Archdeacon David R. Thornberry will conduct the meeting later; the every member canvass was also announced for Nov. 11, and an offering was taken for Christ Church in Island Pond, Vermont, which is one of the oldest Episcopal Churches in the United States.

The reports of all standing committees were given and plans were made for the annual Christmas Bazaar to be held Dec. 8, in Parish Hall with Mrs. James Tremlett named as co-chairman for the bazaar.

The meeting was adjourned and refreshments were served during the social hour by the hostess committee with Mrs. Richard Patton as chairman, Mrs. Ira V. Barchet, Mrs. Otis B. Core and Mrs. Felix Halliday.

Sonic Booms Cited As Library Closes

MOJAVE, Calif. (AP) — Officials have closed Mojave's public library, blaming sonic booms from jet aircraft for damaging the building so badly it will have to be razed.

Public Works Director Chester James urged an investigation to determine whose planes caused the damage. The desert town of Mojave has a Marine air base at its outskirts, Edwards Air Force Base 10 miles southeast and a naval ordinance test station 25 miles north.

IT'S SO EASY TO PLACE A WANT AD.

Rev. L. J. Poe Speaks at Circle Meeting

Mrs. Madge Pensyl was hostess to Circle 9 of the WSCS of Grace Methodist Church, Wednesday afternoon.

The leader, Mrs. John H. Dial, opened the meeting by reading an appropriate poem and the devotions were given by Mrs. Emery Lynch, her appropo theme, being "Harvest Time", this season of the year so beautiful in many ways and that it is always "Harvest Time" to do good and make life worthwhile.

In the absence of the secretary, Mrs. John A. Leland, Mrs. B. E. Kelley read the minutes of the last meeting and called the roll with 46 calls reported.

The members joined hands while Mrs. Pensyl lead in prayer for Mr. Glenn Woodmansee, who is critically ill and members of his family.

Mrs. Dial called attention to the church magazine "Together", which is just being published and sent to the members of the church.

Rev. Lloyd J. Poe, who was a guest, gave details of the new publication, its purpose to create better education and fellowship in Christian living, and asked that each one give their support to this new project. He also announced the Fellowship supper and worship hour the next four Sunday nights.

Mrs. Dial gave the date of the supper to be held at Grace Church as December 6.

Rev. Poe was the guest speaker and chose as his subject, "Why do you belong to the WSCS?" He stated—"It is no problem to belong to to church", and, "It is no problem to be a Christian". One great factor is heritage, also responsibility and challenge, and closed his interesting talk with the most impressive words of—"Love as Christ loved, and live as He lived", also offering prayer.

A delightful social hour followed where a delicious dessert course was served by Mrs. Pensyl and her assisting hostesses, Mrs. Charles U. Armtrong and Mrs. B. E. Kelley. Mrs. Pensyl's granddaughter, little Miss Penny Pensyl, was a guest and assisted during the social hour.

Hospital Employes Enjoy Outing At Hawk Home

Employes of Fayette Memorial Hospital, their families and guests enjoyed a wiener roast Wednesday evening at the home of Mr. and Mrs. Dennis Hawk on the Worthington Road, with 125 present.

Two huge bonfires were used to roast the wieners which were served with the accompanying delicacies from a farm wagon and crude seats around the fires seated the group for a delightful supper hour.

Dressed for the occasion, the group enjoyed dancing, outdoor games until a late hour.

The committee in charge of the event was made up of Mrs. Marie Patrick, chairman, Mrs. Hortense Evans, Miss Doris Miller, Mrs. Marie Reed, Miss Shirley Thomas, Miss Mary Lewis, Mrs. Grace Smith, Mrs. Ruth Carwile, Mrs. Bill Rinehart and Bill Matson, who assisted the gracious host and hostess, Mr. and Mrs. Hawk.

Garden Club Sponsors Open Meeting

The open meeting of the Marilee Garden Club held at Wayne Hall in Good Hope was attended by a large group with nearly all of the Garden Clubs in Fayette County.

Mrs. Wash Lough, president, introduced the speaker, Mrs. George Richardson, a representative of the McCullough Seed Company of Cincinnati, who gave an illustrated lecture on the subjects of "Birds".

He pointed out that bird life was created for a purpose, and the destruction caused to bird life by individuals is alarming in the killing of eleven million birds each year by cars and other machinery.

The quail, he said, which is on the song bird list and protected is one of the most valuable birds on the farm.

Birds were used to feed the children of Israel; Elizah and the doves were valuable through the flood.

Mr. Richarson related that the eagle, that followed Sherman's Army during the Civil War, and also that different species of birds follow the rules of nature in with respect to their food and habits.

The wren is worth its weight in gold. He lives only two years, and raises three families. On watching one mother wren the speaker observed that she made 23 visits to her young breed with food in one half hour.

He spoke of the bird sanctuary in Canada built by Henry Ford Sr. containing seventeen lakes; The world's most noted bird fancier Jack Minear is manager of the sanctuary and migratory birds visit this sanctuary each year which is protected by a pest proof fence.

3000 geese were banded there in one year, and inside these bands was a Scripture verse with the address and name of Mr. Minear on the outside. He listed Mr. Minear as a bird missionary, and often when these birds are killed he receives the bands by mail.

In speaking of robins, he pointed out that they keep the lawns alive; He also spoke of the 100 kinds of feed for birds.

Mr. Richardson, also a dahlia fancier had on display several species of bulbs from different countries which he hybridized for his own garden and has cultivated them for the past 28 years. At the close of his most interesting, also informative talk, he gave as favors, bags of McCullough's Wild Bird Seed.

During the social hour light refreshments were served.

IT'S SO EASY TO PLACE A WANT AD.

Campfire Girls Enjoy Tour of Court House

Members of the Nowetompatimmin Camp Fire Girls Group met at the Court House, where they were taken on a tour by Mrs. Eloise Johnson, Fayette County Recorder. Mrs. Johnson introduced the group to each county official, who in turn explained the duties of their respective offices.

After the tour, the girls returned to the home of their assistant leader, Mrs. John Williams, where refreshments were served by Doris Shiltz.

Members enjoying the tour were Patty Dresbaugh, Kay Evans, Kay Jones, Gloria Graham, Jackie Merritt, Patty Moore, Peggy Shaw, Carole Stratton, Judy Nell, Toni Ward, Doris Shiltz, Margaret Williams, and their leader, Mrs. Russell Moore.

Record Turnout At Circleville Show Predicted

CIRCLEVILLE (AP)—With perfect festival weather in its favor, the 50th annual Circleville Pumpkin Show may well set an all-time attendance record.

Show officials said the Wednesday crowd was the biggest first-day turnout in the history of the street fair. The four-day record is an estimated 400,000-plus.

Two queens were selected Wednesday. They are Miss Pumpkin Show, a 17-year-old Ashville girl, Eleanor Aldenderfer; and Little Miss Pumpkin Show, Melissa Willoughby, six-year-old daughter of a Circleville Herald pressman, picked from a group of 79 first graders.

Drawing a lion's share of interest is the U. S. Army Field Band, heard in two free concerts daily through Saturday.

Tranquilizers Seen As Aid to Postmen

SAN ANTONIO, Tex. (AP) — Dr. Jack Knowles, a Miami, Fla., veterinarian, thinks the tranquilizing drugs may be the answer to the postman's prayer. He told the American Medical Veterinary Assn. that use of the "happiness pills" to transform mean mutts into docile dogs is growing. They seem to work better on dogs than on humans, he said, but not on cats—"Cats are unpredictable."

Rare Disease Said Killing U. S. War Ace

SOUTH FREEPORT, Maine (AP)—America's third ranking World War II Air Force ace says he's depending on medical research and luck to beat a disease destined to kill him within two years.

Three weeks ago a neurosurgeon told 34-year-old John T. Godfrey he has amyotrophic lateral sclerosis, an ailment similar to muscular dystrophy.

Godfrey said Wednesday night doctors told him "you have one to two years left."

Godfrey is credited with destroying 36 German planes, 18 in the air and 18 on the ground. He also had two "probable" air kills and damaged 16 other Luftwaffe craft.

America's leading ace, Richard I. Bong, was credited with 40 planes destroyed. Bong died in a jet crash after World War II.

Godfrey, a 6-foot, 200-pounder, says that as a result of the disease one hand is slightly paralyzed, one leg a little lame and that "I feel I've had a 100-pound weight on my back."

A prosperous textile mill operator, employing some 60 persons making lace for the lingerie trade, Godfrey has a wife, Joan, and two sons, John, 10, and Robert, 8.

"There may be someone somewhere who has recovered from this disease," Godfrey said. "Perhaps they will write to me.

Mother Jailed For Refusing To Send Girl to School

JEFFERSON CITY, Mo. (AP) — Mrs. Mary L. Schoenheit of Centertown is now in jail in her fight against public school education.

Moniteau County Magistrate W. G. Heidbreder found her guilty of "neglecting and refusing without good cause," to send her 7-year-old daughter, also named Mary, to public school.

He fined her $5 and sentenced her to 10 days in jail.

Mrs. Schoenheit has bristled against any formal education for her lively, brown-eyed daughter because, she said, schools just make "trained seals" out of children. Mrs. Schoenheit once taught in Illinois public schools but does not have a teacher's certificate issued by the state of Missouri. She had been giving her daughter academic instruction as well as violin lessons in their home.

Expansion Planned

AKRON (AP)—Plans for a $3¼ million construction program have been announced by the General Tire & Rubber Co.

Stultz-Haughey Marriage Is Announced

Announcement is being made of the marriage of Mrs. Mary K. Stultz and Mr. James Haughey, both of Springfield, on Saturday, Oct. 13, in Richmond, Indiana.

The double ring ceremony was performed at 2:30 p. m. in the Central Methodist Church with Rev. Chester Hughbanks officiating.

The bride chose for her marriage a pink knit suit with poudre blue accessories and they were unattended.

Mrs. Haughey is a native of Washington C. H., and is the daughter of Mr. and Mrs. Allie Dearth.

Mr. Haughey, formerly of Atlantic City, N. Y., is the son of Mr. Thomas J. Haughey and the late Mrs. Haughey.

The couple has established their residence at 2049 Tanager Rd., in Springfield, where Mrs. Haughey is employed at the South Side Drugstore and Mr. Haughey who works through the International Union of Operating Engineers is currently employed in Dayton.

Mrs. Melvin Presides at Club Meeting

Mrs. H. W. Melvin, president of the Posy Garden Club, presided over the regular meeting held Wednesday afternoon at the home of Mrs. Gerald Hidy with ten members present.

Mrs. Melvin called the meeting to order and read the poem "Where Did The Summer Go", also giving a report of a meeting of the president's council she attended recently.

Announcement was made of the "Christmas at Home" at the Dayton Power and Light Company, Nov. 30.

Projects for the coming year were discussed and it was decided to plant bulbs on the Madison Mills Methodist Church lawn.

Mrs. Burch Lightle was appointed as librarian for the coming year, and Mrs. Frank Barrett was welcomed as a new member.

The program was highlighted with the showing of colored slides taken by Mrs. Don Sollars and shown by Mrs. Bess Seaman of Mrs. Sollars' rose garden and also pictures taken of scenic spots in Mexico and New Mexico which were both beautiful and most interesting as well.

Mrs. Charles Hughes, a member of the Buckeye Garden Club, was a guest and demonstrated most efficiently the making of corsages and also instructed in the making of corsages and the combining of colors.

During the social hour tempting refreshments were served by the hostess.

In addition to Mrs. Hughes, guests included were: Mrs. O. W. Finley, Mrs. Fred Vanskoy, Mrs. Orville Clark and Mrs. Chester Luman, all members of the Mt. Sterling Garden Club, and Mrs. Ottie Evans of Philadelphia, Pa.

The Nov. meeting will be held at the home of Mrs. Seaman.

DKG To Sponsor Guest Speaker At Meeting

Delta Kappa Gamma has extended an invitation to members of the Mothers' Circle, Alpha Beta and Gamma Circles of the Child Conservation League, also to the members of the American Association of University Women to meet with them on Monday, Oct. 22, at 7:45 p. m. at St. Andrew's Episcopal Church.

This interesting meeting will be highlighted with a talk by Mrs. Mae Hill Arbuthnot of Cleveland, a former professor at Western Reserve, a nationally known publisher and lecturer. She has contributed much to child education, among them Parents Magazine, and the Elementary English Journal. She is also one of the co-authors for the Scott-Foresman Reading Series, which is used in the elementary grades from the first through the sixth in the Washington C. H. Public Schools.

Mrs. Ralph Child, president of Delta Kappa Gamma, will preside over the meeting and Miss Jane Durant, a former pupil of Mrs. Arbuthnot will present her to the group.

WSCS Circle Meets With Mrs. Robert Link

Members of WSCS Circle 12, of Grace Methodist Church, met at the home of Mrs. Robert Link.

Mrs. Joe White, leader, conducted the meeting which consisted of the usual reports and plans were made to participate in the serving of a smorgasbord at the church, December 6.

Rev. L. J. Poe was presented in a talk on the meaning of the W.S.C.S., which was most interesting.

Mrs. John Trace led in the devotions which included Scripture reading and prayer.

At the close of the meeting, Mrs. Link was assisted by Mrs. Frank Karney, Mrs. Ned Abbott, Mrs. Emmett Campbell and Mrs. Jack White in the serving of seasonal refreshments.

St. Andrew's Church Society Holds Meeting

The regular meeting of the Woman's Auxiliary of St. Andrew's Parish Hall Wednesday evening with twenty-three members present.

Mrs. Winston Hill, president, called the meeting to order and led in the devotions.

Mrs. Hill announced that the parish dinner will be held on Nov. 6 and Archdeacon David R. Thornberry will conduct the meeting later; the every member canvass was also announced for Nov. 11, and an offering was taken for Christ Church in Island Pond, Vermont, which is one of the oldest Episcopal Churches in the United States.

The reports of all standing committees were given and plans were made for the annual Christmas Bazaar to be held Dec. 8, in Parish Hall with Mrs. James Tremlett named as co-chairman for the bazaar.

Here's Model of Proposed Miami Trace High School Building

Pictured above is an architect's model of the proposed Miami Trace District high school building which, if a $1,652,500 Miami Trace bond issue is approved by voters Nov. 6, would be built at the intersection of Route 70 and the Bloomingburg-New Holland Road at Eber.

Of the total bond issue, $1,275,000 is earmarked for construction of the modern, fireproof building $275,000 for furniture and furnishings and $12,500 for the acquisition of the site.

The remaining $90,000 would be used for improving existing buildings. The high school building, facilities and equipment have been planned to accommodate a maximum of 900 students, with the board estimating a 1958-59 enrollment of 725.

The new high school would have 18 academic classrooms with special areas provided for agriculture shop, general shop, drafting, art, music, cafeteria, study hall, science laboratories, library, home economics, kitchen, commercial and business subjects.

A separate auditorium and gymnasium would be provided, along with a football field and stadium (shown at right in picture).

When the DeWitt Clinton locomotive began its first run on Aug. 9, 1831, between Albany and Schenectady, the engineer had to keep dancing all the way because the engine floor got too hot. The trip took one hour and 45 minutes.

Best Poker Players in U. S. Are Women, Expert Believes

By DOROTHY ROE
Associated Press Women's Editor

Hold tight to your poker faces, boys — one of the world's foremost card experts says that the biggest and best poker players in the country today are women.

John Scarne, the man responsible for this powder - keg statement, is the author of four standard books on games, a lecturer and a games consultant for the government of Puerto Rico, Cuba and Panama as well as an international hotel chain.

"Not only have women become better poker players than men," says Scarne, "but they now outnumber them, four to one.

"That weekly bridge club has turned into an afternoon poker party in practically every community in America. And when the girls settle down for a session of penny-ante, the stakes grow faster than Jack's beanstalk, with fewer pennies and more $10 bills. They play cut throat poker, with no holds barred. And they're not above a little ladylike cheating, if the opportunity presents itself."

This is a situation that has developed in the last 10 years, says Scarne, since men decided in increasing numbers to do their gambling at the race track. They may have been driven away from the stag poker table, he says, by the popularity of husband and wife poker games in suburban communities.

As any fool can plainly see," says Scarne, "no man is going to do any serious gambling when his wife is watching, and vice versa. So those married - couple poker games are strictly for laughs. It's when the girls get off by themselves that they bare their fangs and shoot the works. And the same thin applies to the men."

27-Foot Harbor Depth Is Sought

DETROIT (AP)—A series of Great Lakes organizations have joined in urging the U. S. Army Corps of Engineers to provide a depth of 27 feet in principal harbors throughout the lakes to match the 27-foot depth planned for the St. Lawrence Seaway.

Support for the harbor depths also came from Senators Potter (R-Mich) and McNamara (D-Mich) and Rep. Lesinski (D-Mich) at an Engineers hearing.

Without 27-foot depths in principal harbors, Adm. Lyndon Spencer, president of the Lake Carriers Assn., said the seaway might become something like a toll road starting nowhere and going nowhere—"not paying for itself."

Stumps of longleaf pine cut down for lumber in southern states are also valuable. The abandoned stumps are sources of turpentine, pine oil and rosin.

Educator Believes Reds, Egypt Closer

CINCINNATI (AP) — Dr. Herrick B. Young, president of Western College for Women, thinks the Suez Canal crisis has increased solidarity between Egypt and the Communist nations.

He told the International Forum here that Egypt President Nasser is using the issue to cover "defeats on the home front," and that the basic problem of Egypt—overpopulation—is unsolved.

New Idle Pay Claims Decline

COLUMBUS (AP)—New claims for unemployment compensation dropped from 5,643 for the week ended Oct. 6 to 5,442 for the week ended Oct. 13, the Ohio Bureau of Unemployment Compensation reports.

Continuing claims of those unemployed one week or more totaled 28,584 for the week ended Oct. 13 compared with 31,454 for the previous week.

The average of new claims for October of last year was 5,772, and average of continuing claims in October last year was 26,075.

European Expresses Push for Laurels, but

U.S. Trains Stepping Up Speed

America's fastest train, the Burlington Twin Zephyr, flashes alongside the Mississippi river near Trempealeau, Wis. From Prairie du Chien to La Crosse average speed is 84.4 mph.

By JOHN F. SEMBOWER
(Central Press Association)

CHICAGO — Speed records are falling on railroads throughout the United States, but French and Italian crack trains are pushing them for laurels as the world's fastest.

The blistering three-way rivalry out of here to the Twin Cities of Minneapolis-St. Paul, which is one of the great remaining competitive runs in the country, is productive of the best speed marks in the world today, according to an annual survey made for "rail fans" of the nation by Donald M. Steffee.

The Chicago, Burlington and Quincy's twin Zephyrs maintain an average speed of 84.4 miles per hour for a 57.7 mile stretch from Prairie du Chien to La Crosse, Wis. Slightly slower but still 80-plus marks are maintained for similar distances between Prairie du Chien and East Dubuque, Iowa.

The Burlington's rivals on the run also hit above-80 speeds. The Chicago and Northwestern's "400" (400 miles in 400 minutes, Chicago to Minneapolis) does it from Kenosha, Wis., to Waukegan, Ill., and the Afternoon Hiawatha, pride of the Chicago, Milwaukee, St. Paul and Pacific, burns up the rails between New Lisbon and Portage, Wis., at that clip.

In the Great Plains where the land stretches like a sea toward the horizon, the Union Pacific's vaunted Challenger races at 80.7 mph from Grand Island to North Platte, Neb. The Golden Gates of the Atchison, Topeka and Santa Fe hit such speeds from Corcoran to Waseo.

* * *

A NEW ENTRY in the competition is the Illinois Central's Panama Limited which goes over 80 mph from Effingham to Central-ia, Ill. Fastest train in the East Coast Champion which does 78.1 mph from Florence to Charleston, S. C.

Improvements in rails and ballasting of road beds are contributing more to railway speeds than the new streamlined design of passenger trains, because whatever may be said for the old coal-burning iron horse, it was no slouch for speed.

The fastest short run record, however, still is held by the old Pennsylvania's Special, predecessor to the Pennsylvania railroad's Broadway Limited which duels for honors with the New York Central's famous Twentieth Century Limited, set in 1905 on a timed three-mile run at 127.06 miles per hour near Lima, Ohio.

The Interstate Commerce commission, which regulates speeds and has imposed a ceiling of 79 mph over all lines not equipped with automatic train control or where locomotives are not provided with cab signals, permits no attempts to break it.

* * *

AFTER the surge of speed in the 1940s by the Zephyrs on the Burlington and the "City" trains of the Union Pacific, the newer lightweight trains have contributed more to economy and comfort than to sheer speed. The Rock Island railroad's new Jet Rockets introduced this year have cut only five minutes from the Chicago to Peoria run.

American railroaders have to take their hats off to some of the performances of the French and Italians. The flossiest and most radically designed trains in the world are run the 195.8 miles between Florence and Milan, Italy, at speeds of 100 mph. The world's fastest stop-to-stop run was over that route at a 102 mph average, with top speeds up to 126.

A lightweight streamliner, the pastel-colored Italian train features an observation car at the front, instead of the rear, where passengers can "play engineer," while the real engineer sits in a "blister" giving him a commanding view from a control seat on top of the train.

Spurning all frills and concentrating on power and stamina, the French National railways have the current world speed champion, the swarthy BB 9004 electric locomotive. It looks like a grown-up version of the kind of electric trains kids played with a generation ago, but it touches 107 mph on runs from Paris to Lyon at 90-plus averages for 140 miles.

* * *

THE FIRST locomotive in the world to break 100 mph was the New York Central's old 99, which ran 112 mph in 1893 and for years was the fastest thing on rails. However, to show that there still are slow trains, the so-called "Main Line Express" from Hobart to Launceton, Tasmania (135 miles) holds the dubious distinction of being the slowest "name" train in the world today, averaging 26.6 mph, a tenth of a mile faster than the Soviet Union claims for its 5,800-mile run from Moscow to Vladivostok.

Such trains would have caused no anxiety even back in 1835, when widespread opposition developed in Germany to the first "rapid motion" trains of the Nuernberg railway. And old official report just uncovered there warns: "Such rapid motion cannot but produce in the passengers the mental affliction known as delirium furiosum."

Railroad leaders throughout the world give every indication of aiming for faster speed marks, and rails still appear to hold the greatest promise for high speed on the earth's crust, as indicated by the 1,500 mph speeds of the Air Force's experimental jet-powered rail sled which runs on a track similar in size and shape to standard railways, laid at Edwards Air Force Base, Calif.

Ike-Adlai Race in Minnesota Appears To Be Very Tight

Editor's Note: Following is another in a series of articles by veteran Associated Press reporters who are surveying election sentiment in key states.

By DOUGLAS B. CORNELL

MINNEAPOLIS (AP) — President Eisenhower has a big but diminishing backlog of respect and popularity that may carry him to a repeat political victory in Minnesota. But by no means is it a safe bet that this will happen.

For Minnesota still has some unhappy farmers, despite the best corn and soybeans crops on record. And Eisenhower's impressive strength of 1952 clearly has been melting away.

As a result, the presidential race is so tight in the Gopher State that the Democrats could very well increase hopes that Adlai E. Stevenson will win Nov. 6.

More out of wishful thinking than firm conviction, professional politicos are making the expected claims — that the Democrats will win, that the Republicans GOP will come out on top. Yet the Republicans concede Eisenhower isn't as strong as he was four years ago and that the battle is for Minnesota's 11 electoral votes is uncomfortable close.

Newsmen close to Minnesota politics speak more in terms of hunches than outright forecasts. One has a hunch the Republicans will score. Another that it will be the Democrats.

The Minneapolis Tribune's Minnesota poll, which has a reputation for calling the political turns pretty accurately, reported in late September that the Eisenhower-Nixon ticket was a share ahead of the Stevenson - Kefauver team in what was almost a neck and neck race.

The GOP was doing better in smaller cities and towns, the Democrats in the major cities and on the farms.

By any measuring stick, the presidential election at this point has to be rated a toss-up in a state which went for Eisenhower 763,211 to 608,485 four years ago. Eisenhower got 55.3 per cent of the votes then and a margin of 154,726.

For the first time in 10 years, Democrats outvoted the Republicans in the 1954 primary. They did it again in the presidential primary this year.

What it all adds up to in terms of votes on Nov. 6, nobody can say. The state is a real battleground.

Steel Producers Face Order Flood

NEW YORK (AP) — Hard-pressed steel producers trying to keep up with the demand for steel are beginning to get the expected big orders from automobile manufacturers this week, The Iron Age, metalworking weekly, says.

Mills in at least one large producing center report that major auto companies want 100 per cent of their normal tonnage of sheet steel for December.

Detroit has been playing it close to the vest this year, Iron Age said, and when the buying public gets its first good look at the new models, the flood gates may open.

Ohio Dems Welcome GOP 'Truth Squad'

COLUMBUS (AP) — Democratic state headquarters has issued a "hearty welcome" to the Republican "truth squad" which is following Adlai Stevenson through Ohio today.

"I think it's wonderful," said Democratic Chairman William L. Coleman. "A good dose of truth from the Republicans, while a little unusual, will assure Adlai Stevenson, Mike DiSalle, and Frank Lausche of million-vote margins on Nov. 6."

Surveying the roster of the four-man GOP "truth squad," Coleman noted that two of the members are from Maine "where the Republicans have had an excellent opportunity to learn the truth at first had."

The Institute for Crippled and Disabled has had designed an electric mat which will open its doors automatically to the slightest touch of a patient's wheelchair or crutch tip.

European Expresses Push for Laurels, but

U.S. Trains Stepping Up Speed

America's fastest train, the Burlington Twin Zephyr, flashes alongside the Mississippi river near Trempealeau, Wis. From Prairie du Chien to La Crosse average speed is 84.4 mph.

By JOHN F. SEMBOWER
(Central Press Association)

CHICAGO — Speed records are falling on railroads throughout the United States, but French and Italian crack trains are pushing them for laurels as the world's fastest.

The blistering three-way rivalry out of here to the Twin Cities of Minneapolis-St. Paul, which is one of the great remaining competitive runs in the country, is productive of the best speed marks in the world today, according to an annual survey made for "rail fans" of the nation by Donald M. Steffee.

The Chicago, Burlington and Quincy's twin Zephyrs maintain an average speed of 84.4 miles per hour for a 57.7. mile stretch from Prairie du Chien to La Crosse, Wis. Slightly slower but still 80-plus marks are maintained for similar distances between Prairie du Chien and East Dubuque, Iowa.

The Burlington's rivals on the run also hit above-80 speeds. The Chicago and Northwestern's "400" (400 miles in 400 minutes, Chicago to Minneapolis) does it from Kenosha, Wis., to Waukegan, Ill., and the Afternoon Hiawatha, pride of the Chicago, Milwaukee, St. Paul and Pacific, burns up the rails between New Lisbon and Portage, Wis., at that clip.

In the Great Plains where the land stretches like a sea toward the horizon, the Union Pacific's vaunted Challenger races at 80.7 mph from Grand Island to North Platte, Neb. The Golden Gates of the Atchison, Topeka and Sante Fe hit such speeds from Corcoran to Wasco.

* * *

A NEW ENTRY in the competition is the Illinois Central's Panama Limited which goes over 80 mph from Effingham to Centralia, Ill. Fastest train in the East Coast Champion which does 78.1 mph from Florence to Charleston, S. C.

Improvements in rails and ballasting of road beds are contributing more to railway speeds than the new streamlined design of passenger trains, because whatever may be said for the old coal-burning iron horse, it was no slouch for speed.

The fastest short run record, however, still is held by the old Pennsylvania's Special, predecessor to the Pennsylvania railroad's Broadway Limited which duels for honors with the New York Central's famous Twentieth Century Limited, set in 1905 on a timed three-mile run at 127.06 miles per hour near Lima, Ohio.

The Interstate Commerce commission, which regulates speeds and has imposed a ceiling of 79 mph over all lines not equipped with automatic train control or where locomotives are not provided with cab signals, permits no attempts to break it.

Corporation Profits Draw Close Watch

Businessmen, Stock Market Traders Eye Third Quarter Tallies

By SAM DAWSON

NEW YORK (AP) — Businessmen —not to mention stock market traders — are keeping an eagle eye today on the course of corporate profits.

The third quarter tallies are now starting to pour in. So far they are averaging out just about neck and neck with the returns for the July, August and September period of 1955.

The days when they consistently climbed higher with each reporting period appear to have ended — at least for a time.

The price of the individual stocks has reacted quickly to the profit statements of leading corporations. In a market as hesitant as the present one the trend of profits carries even more weight than usual in making up a trader's mind on whether to sell or buy.

So far 87 corporations have reported on their net profits after taxes this summer. Some of them have fiscal years varying from the calendar one and their third quarter ended in August instead of on September 30 as the majority of corporate books do.

About 2 out of every 5 of the corporations — 35 out of the 87— report profits this summer trailing last year's third quarter. And eight of them operated at a loss.

Combined the 87 companies show three-month profits of $392,891,250. This is 0.6 per cent below the combined profits of the same 87 in the third quarter of 1955 when they totalled $395,495,783.

The picture is unusually spotty this time. Some companies are reporting increases both in sales and in profits. Others show sales totals still climbing but net earnings falling under the pressure of rising operational costs that haven't been offset by higher product prices.

And a few—example: Some in the textile industry — report shrinking profits of even net losses, reflection of the failure of their lines to share in the general good times.

The tendency for profits to shrink although industrial production and national income is still rising is shown more clearly when you compare the third quarter results with those of earlier in the year.

In the first three months of 1956 profit gains over 1955 averaged around 12 per cent. In the April, May and June period the gain over the previous period was shrinking almost to the vanishing point, although figures for the first six months—thanks to the first quarter gains—still held 5.5 per cent above the previous year.

The U. S. Department of Commerce reports that before-tax profits of the nation's corporations in the first three months of this year ran at an annual rate of 43.7 billion dollars. In the second quarter of the year they shrank to an annual rate of 42.9 billion, although still topping by 4.3 per cent the 1955 figure of 41.1 billion.

The department's report on the third quarter won't be along until the end of the year.

Businessmen—and stock traders —therefore will watch closely the next few weeks as the great flood of third quarter statements flows in.

Railroad Expands Lordstown Holdings

NILES (AP)—Purchase of 44 more acres of land for what eventually will be an extension to assembly lines at the proposed General Motors Corp. plant at Lordstown has been announced by the Pennsylvania Railroad.

The road previously had purchased more than 100 acres for construction of yards near the site.

Railroad Expands Lordstown Holdings

NILES (AP)—Purchase of 44 more acres of land for what eventually will be an extension to assembly lines at the proposed General Motors Corp. plant at Lordstown has been announced by the Pennsylvania Railroad.

The road previously had purchased more than 100 acres for construction of yards near the site.

Alpha Phi Alpha is the oldest national college fraternity open to Negroes.

Many Troubles Being Blamed On Good Times

Rich Diet May Bring Financial Industrial 'Indigestion, Claim

By SAM DAWSON

NEW YORK (AP) — Odd thing about today's good times is how so many of the world's troubles here and abroad are being laid to it.

The rich diet—pleasant and tasty for most—is blamed for a number of cases of industrial and financial indigestion.

In the U. S. businessmen are so pleased with the present prosperity and so confident of even better things to come that they are rushing to expand.

Some warn that these plans may prove too big for the nation's economy to support if industries try to crowd all of them in at once.

The first pangs of indigestion have been diagnosed as tight money.

Demand for record financing and for a huge supply of materials for new plants and equipment has strained the capacity of the banks and investors. So financing has been hard to find in some cases and more expensive in all cases.

The good times that encouraged a host of newly prosperous citizens to take on a home of their own, complete with mortgage, have spawned a lot of troubles for cities and suburbs and traffic engineers.

Straining to supply this host of new home owners with water and electricity, with sewers and streets, with schools and hospitals has brought major headaches. And state and local governments trying to find the funds to meet their problems have run smack into the high cost of borrowing.

The standard of living has risen markedly—to every one's delight. But some now complain that their present paychecks seem barely to cover the payments on all the good things they enjoy, and to hold out little hope of providing all the other things they now feel they must have.

The urge to borrow for these things, to find money to finance more mortgages, puts the citizen in a competitive race with the corporations and the government also seeking funds to keep up with the good times.

Abroad there have been some variations on this story.

Four months the English enjoyed full employment and rising incomes. People have used their new found wealth to buy the gadgets that 10 years ago they'd never have dreamed of owning. Prices have risen with wages. But what worries the English government is that the English people have been snapping up the goods that the government wants manufacturers to peddle in world markets. And the domestic demand for goods has led the factories to import materials at a faster rate than British finished goods are exported. The result has been inflation and a financial crisis for the government.

In France industrial prosperity has led to a price structure so high that French goods are finding world markets hard to crack.

Writ Seeking To Free Man

COLUMBUS, Ohio (AP)—A writ of habeus corpus filed Wednesday in the Second District Court of Appeals sought the release from Ohio Penitentiary of Homer Jack Dean, 45-year-old West Virginian.

Dean is serving a life term for the Dec. 10, 1947, slaying of Elmo C. Rice, Columbus real estate dealer. The writ contends Dean was convicted of first degree murder in violation of due process of law.

He was convicted of the slaying after being extradited from West Virginia, where he was serving a life sentence as a habitual criminal in Moundsville State Penitentiary. He has denied being in Columbus the night of the slaying.

Businessmen Eye Effort to Alter Markets

Japanese and German Inroads Now Joined By British Maneuvers

By SAM DAWSON

NEW YORK (AP)—American businessmen today are watching a new attempt to reshuffle world markets. They've felt the rise of Japanese and German competition and sighted the threat of Russian inroads.

Now the British suddenly have stopped dragging their feet on the long dreamed of plan to set up a Western European economic union. Its aim: to do battle in the market place as a "third force" between the economic and military giants, the United States and Russia.

Some sceptics, doubting that long-embattled Europe can never get together on any unity plan, see the sudden upsurge of British interest in setting up a Pan-European bloc as due to rising anti-Americanism and to the smart of hurt pride over the Suez Canal stalemate.

Beyond these emotional motives however, lie economic ones. The proposed European union offers a large and tempting market to English goods, protected by a common tariff barrier against American competition.

Washington is aware of this and is asking the meeting in Geneva of GATT—the General Agreement on Tariffs and Trade—to see that the proposed customs union of six continental nations, with which Britain could be joined through a free trade area, doesn't hurt seriously the American export markets in Europe.

By becoming one big happy family, so the argument goes, the Western Europeans may all grow fat. Separately, they'll be crushed and then militarily—between the United States and RUSSIA.

The plan the British are talking about works like this: West Germany, France, Belgium, Holland, Italy and Luxembourg would form a customs union without tariff barriers among themselves. Goods would move as freely across the borders as they do, say, between Ohio and Indiana. But there would be one tariff barrier in common against the goods of all other nations.

The customs union would then be joined in a free trade area by England — and perhaps by the Scandinavian countries and in time even Spain.

England would exclude from the compact the agricultural products of the British Commonwealth. Otherwise all products would more freely within the free trade area.

Woolly Bears Say Winter To Be Tough

LANCASTER, Pa. (AP)—Dust off that overcoat — in fact, maybe you better get a spare or two — the woolly bears indicate we're in for one of the most severe winters in recent history.

The woolly bears, for the benefit of the uninitiated, are furry caterpillars that abound in many parts of the United States about this time of every year.

As the legend would have it—the color of the little caterpillars' coat is a sign of the sort of winter weather that can be expected.

The woolly bear's fur covering normally is in three segments, sometimes all three the same color—either brown or black—and sometimes three different shades of one or both of these hues.

Each segment represents — to the weather prophets—a third of the coming winter season. The darker the color of each segment of the caterpillar's coat, the colder and nastier the weather will be in the corresponding period of winter.

This fall, the woolly bears are all one color from stem to stern—and the color in this case is coal black.

Herb Krone, a reporter for the Lancaster New Era and weather devotee, makes it his annual business to check on the color of the woolly bears.

"I never saw them so black," said Krone. And he adds that isn't the worst by any means.

Darker portions of two segments indicate there will be intense storms in the middle or latter part of January and February. The expected sub-freezing temperatures in between these, moreover, will keep whatever snow shows up on the ground for long shows up on the ground for long periods. In short, it should be a good year for sleds, snow shoes and skis.

$ $ Beauty Lotion

TAHLEQUAH, Okla. (AP) — Moonshine whisky is found in strange places.

Federal alcohol tax unit agents raided a beauty parlor and confiscated more than a half-dozen bottles.

Monument Readied for John Gray

CALDWELL, Ohio (AP) — John Gray, who, when he died in 1868, reputedly was Ohio's last Revolutionary War soldier, will be honored here Saturday with the dedication of a monument in his name.

Gray was surived by only one other Revolutionary War veteran in the nation—Daniel T. Bakerman of New York. Bakerman outlived Gray by only seven days.

Born in 1764 at Mount Vernon, Va., George Washington's home, Gray was 11 years old when the first shot was fired at Concord. His father, leaving his wife and eight children to join the Revolutionary forces, was killed in the Battle of White Plains.

John, then 16, joined up to take his father's place. After fighting in many squirmishes, the history books say, he ended his service at Yorktown where he witnessed the surrender of the British by Cornwallis.

With the war ended, Gray went to work on George Washington's estate. He left Virginia in 1778, settled for a time in what is now West Virginia, and moved to Ohio in 1803. He built a log cabin close to nearby Hiramsburg and there he died March 29, 1868, at the age of 104.

Two years earlier, the government had given him a pension.

The six-foot high monument honoring Gray was erected by patriotic citizens of Noble County and the Monument Builders of Ohio, Inc. It stands in a roadside park off U. S. 21 between Caldwell and Belle Valley.

Principal speakers at the monument's dedication will be former Congressman Robert T. Secrest, now a member of the Federal Trade Commission, and Rep. John E. Henderson (R-Ohio).

The monument is partly inscribed:

"Dedicated to the memory of Private John Gray, Ohio's last surviving soldier of the American Revolution. He is symbolic of the sacrifices of the veterans of all our country's wars. Thus is liberty secured for us today."

Chest Residential Campaigners Listed

The complete list of workers in the residential district of the 1956 Community Chest appeal was announced Thursday by Perse Harlow, executive secretary.

Mrs. Howard Dellinger is general residential chairman. Ward chairmen are Mrs. Hilbert Meyer, First; Mrs. George Robinson, Second; Mrs. Herbert Sollars, Third, and Mrs. C. P. Wagner, Fourth.

The residential campaign opened Monday.

Team captains and workers are:

FIRST WARD

Mrs. Maynard Denen, captain: Mrs. William Nell, Mrs. Kenneth Johnson, Mrs. Max Lawrence, Mrs. Ralph Baughn, Mrs. Sam Sauer, Mrs. James Shaltry, Mrs. John Leland, Mrs. Henry Brownell, Mrs. Maynard Wilson, Mrs. Darrell Woods, Mrs. Tony Capuana, Mrs. Dewey Sheidler and Mrs. Louis Baer.

Mrs. George W. Campbell, captain; Mrs. Max Brickles, Mrs. Kenneth Craig, Mrs. Kenneth Chaney, Mrs. Richard Maughmer, Mrs. Harold Hyer, Mrs. Ruth Rider, Mrs. James Bellar, Miss Mary Sauer, Mrs. Hal Summers, Mrs. Charles Hurtt, Mrs. Alfred Browne and Mrs. William Melvin.

Mrs. William Rogers, captain: Mrs. Marian Smith, Miss Norma Dodd, Mrs. Howard Perrill, Mrs. Walter Custer, Mrs. Walter Fultz, Mrs. Robert Craig, Mrs. Wilbur Mossbarger and Mrs. James Miller.

Mrs. Sherman Belles, captain; Mrs. David Ogan, Miss Joy Callender, Mrs. Ed Hidy, Mrs. James H. Stitt, Mrs. Lee Alderman, Mrs. Harold Armstrong, Mrs. William Burns, Mrs. Raymond Huff, Mrs. Joe Gray, Mrs. Hugh Rea and Mrs. Roy Bell.

Mrs. J. W. Yates, captain: Mrs. Frank Sanders, Mrs. Victor Saltz, Mrs. Kenneth Miller, Mrs. Kenneth Bonecutter and Mrs. Kenneth Penwell.

Mrs. Richard Wood, captain; Mrs. George Finley, Mrs. John Bailey, Mrs. Frank Kearney, Miss Florence Cook and Mrs. Marvin Crosswhite.

Mrs. Phillip Wolford, captain; Mrs. Herbert Russell, Mrs. Howard Burnett Jr., and Mrs. Francis Morgan.

Ringling Circus Schedules Opening

NEW YORK (AP) — The tentless Ringling Bros. and Barnum and Bailey Circus plans to open its 1957 season under a roof in Madison Square Garden April 3.

The circus folded last summer in the middle of the season and went back to its winter quarters in Florida. Circus Chief John Ringling North said the show would no longer appear under a canvas "big top."

Businessmen Eye Effort to Alter Markets

Japanese and German Inroads Now Joined By British Maneuvers

By SAM DAWSON

NEW YORK (AP)—American businessmen today are watching a new attempt to reshuffle world markets. They've felt the rise of Japanese and German competition and sighted the threat of Russian inroads.

Now the British suddenly have stopped dragging their feet on the long dreamed of plan to set up a Western European economic union. Its aim: to do battle in the market place as a "third force" between the economic and military giants, the United States and Russia.

Some sceptics, doubting that long-embattled Europe can never get together on any unity plan, see the sudden upsurge of British interest in setting up a Pan-European bloc as due to rising anti-Americanism and to the smart of hurt pride over the Suez Canal stalemate.

Beyond these emotional motives however, lie economic ones. The proposed European union offers a large and tempting market to English goods, protected by a common tariff barrier against American competition.

Washington is aware of this and is asking the meeting in Geneva of GATT—the General Agreement on Tariffs and Trade—to see that the proposed customs union of six continental nations, with which Britain could be joined through a free trade area, doesn't hurt seriously the American export markets in Europe.

By becoming one big happy family, so the argument goes, the Western Europeans may all grow fat. Separately, they'll be crushed and then militarily—between the United States and RUSSIA.

The plan the British are talking about works like this: West Germany, France, Belgium, Holland, Italy and Luxembourg would form a customs union without tariff barriers among themselves. Goods would move as freely across the borders as they do, say, between Ohio and Indiana. But there would be one tariff barrier in common against the goods of all other nations.

The customs union would then be joined in a free trade area by England — and perhaps by the Scandinavian countries and in time even Spain.

England would exclude from the compact the agricultural products of the British Commonwealth. Otherwise all products would more freely within the free trade area.

Monument Readied for John Gray

CALDWELL, Ohio (AP) — John Gray, who, when he died in 1868, reputedly was Ohio's last Revolutionary War soldier, will be honored here Saturday with the dedication of a monument in his name.

Gray was surived by only one other Revolutionary War veteran in the nation—Daniel T. Bakerman of New York. Bakerman outlived Gray by only seven days.

Born in 1764 at Mount Vernon, Va., George Washington's home, Gray was 11 years old when the first shot was fired at Concord. His father, leaving his wife and eight children to join the Revolutionary forces, was killed in the Battle of White Plains.

John, then 16, joined up to take his father's place. After fighting in many squirmishes, the history books say, he ended his service at Yorktown where he witnessed the surrender of the British by Cornwallis.

With the war ended, Gray went to work on George Washington's estate. He left Virginia in 1778, settled for a time in what is now West Virginia, and moved to Ohio in 1803. He built a log cabin close to nearby Hiramsburg and there he died March 29, 1868, at the age of 104.

Two years earlier, the government had given him a pension.

The six-foot high monument honoring Gray was erected by patriotic citizens of Noble County and the Monument Builders of Ohio, Inc. It stands in a roadside park off U. S. 21 between Caldwell and Belle Valley.

Principal speakers at the monument's dedication will be former Congressman Robert T. Secrest, now a member of the Federal Trade Commission, and Rep. John E. Henderson (R-Ohio).

The monument is partly inscribed:

"Dedicated to the memory of Private John Gray, Ohio's last surviving soldier of the American Revolution. He is symbolic of the sacrifices of the veterans of all our country's wars. Thus is liberty secured for us today."

Chest Residential Campaigners Listed

The complete list of workers in the residential district of the 1956 Community Chest appeal was announced Thursday by Perse Harlow, executive secretary.

Mrs. Howard Dellinger is general residential chairman. Ward chairmen are Mrs. Hilbert Meyer, First; Mrs. George Robinson, Second; Mrs. Herbert Sollars, Third, and Mrs. C. P. Wagner, Fourth.

The residential campaign opened Monday.

Team captains and workers are:

FIRST WARD

Mrs. Maynard Denen, captain: Mrs. William Nell, Mrs. Kenneth Johnson, Mrs. Max Lawrence, Mrs. Ralph Baughn, Mrs. Sam Sauer, Mrs. James Shaltry, Mrs. John Leland, Mrs. Henry Brownell, Mrs. Maynard Wilson, Mrs. Darrell Woods, Mrs. Tony Capuana, Mrs. Dewey Sheidler and Mrs. Louis Baer.

Mrs. George W. Campbell, captain; Mrs. Max Brickles, Mrs. Kenneth Craig, Mrs. Kenneth Chaney, Mrs. Richard Maughmer, Mrs. Harold Hyer, Mrs. Ruth Rider, Mrs. James Bellar, Miss Mary Sauer, Mrs. Hal Summers, Mrs. Charles Hurtt, Mrs. Alfred Browne and Mrs. William Melvin.

Mrs. William Rogers, captain: Mrs. Marian Smith, Miss Norma Dodd, Mrs. Howard Perrill, Mrs. Walter Custer, Mrs. Walter Fultz, Mrs. Robert Craig, Mrs. Wilbur Mossbarger and Mrs. James Miller.

Mrs. Sherman Belles, captain; Mrs. David Ogan, Miss Joy Callender, Mrs. Ed Hidy, Mrs. James H. Stitt, Mrs. Lee Alderman, Mrs. Harold Armstrong, Mrs. William Burns, Mrs. Raymond Huff, Mrs. Joe Gray, Mrs. Hugh Rea and Mrs. Roy Bell.

Mrs. J. W. Yates, captain: Mrs. Frank Sanders, Mrs. Victor Saltz, Mrs. Kenneth Miller, Mrs. Kenneth Bonecutter and Mrs. Kenneth Penwell.

Mrs. Hilbert Meyer, captain: Mrs. David Caliman, Mrs. Russell Miller, Miss Maureen Allen, Mrs. David Moore, Mrs. Ronald Hurless, rs. Wayne Rhonemus, Mrs. Paul Jones, Mrs. Howard Barney, Mrs. Charles Osborne, Mrs. Walter Aills, Mrs. Arthur Rohrer, Jr., and Mrs. Harold Fout.

SECOND WARD

Precinct 2-A, Miss Garnet Huston captain: Miss Dora Hockman, Mrs. Robert Green, Mrs. J. J. Doughty, Miss Ruth Ann Arnold, Miss Vera Veail, Mrs. Ira Stoops and Miss Florence Hidy.

Precinct 2-B, Mrs. Gilbert Crouse, captain: Mrs. Richard Boster, Miss Louise Little, Mrs. Frank Hyer, Mrs. Walter S. Donohoe, Rev. W. S. Alexander, Mrs. Esther Edwards and Mrs. William McArthur.

Precinct 2-C, Mrs. Charles Sheridan, captain: Mrs. Charles Meriweather, Mrs. Frank O. Snyder, Mrs. William Clark, Mrs. George Arnold, Mrs. Eugene Burris, Mrs. Laura Chaney, Mrs. Ralph Deakyne, Mrs. Ben Jamison, Mrs. David Lucas, Mrs. Marie Williams and Mrs. Paul Norris.

Precinct 2-D, Mrs. Paul Van Voorhis, captain: Mrs. Robert Minshall, Mrs. Walter Rettig, Mrs. C. L. Musser, Mrs. Richard Croker, Mrs. Clifford Doster, Mrs. George Sever, Mrs. John Elcessor, Mrs. George Inskeep, Mrs. Robert Parish, Mrs. Robert Helfrich, Mrs. John Case, Mrs. Robert Sanderson, Mrs. Norris Highfield, Mrs. John Sagar, Mrs. Richard Aleshire, Mrs. Harmon Welty, Mrs. Ivan Kelley, Mrs. Jane Kearns, Mrs. Frank Blade, Jr., and Mrs. Merrill Lynch.

Precinct 2-E, Mrs. Helen Dunton, captain: Mrs. Omar Schwart, Mrs. Charles DeWitt and Miss Verna Williams.

THIRD WARD

Mrs. Robert Dempsey, captain; Mrs. Richard Rankin and Mrs. Robert Strong.

Mrs. Russell Knapp, captain; Mrs. Frank Pope, Mrs. Kenneth Roof, Mrs. Frank Perrill, Mrs. Robert Hurtt, Mrs. Fred Moser, Mrs. Robert Guidi and Mrs. Richard Kelley.

Mrs. Robert Gard, captain; Mrs. Frank Reno, Mrs. Edna Naylor, Mrs. Mable Yoho, Mrs. Cleo Acord, Mrs. Paul Anderson and Mrs. Dean Mann.

Mrs. Joe Loudner, captain; Mrs. Floyd West, Mrs. Arthur Vetter, Mrs. J. B. McCardle, Mrs. Clarence Maddox and Mrs. Mary Ann Loudner.

Mrs. Jack Reno, captain; Mrs. Ted Yoakum, Mrs. Charles Hooks, Mrs. Mary Kilgore, Mrs. Virgil Rice, Mrs. Homer Wilson Jr., and Mrs. Jack Greer.

Mrs. O. M. Riegel, captain; Mrs. Mildred Moore, Mrs. Tran DelPonte, Mrs. Robert Mayer, Mrs. Warner Penrod, Mrs. Henry Litz and Miss Isabelle Waln.

Mrs. J. Lowell Miller, captain; Mrs. C. F. Lucas, Mrs. Robert L. Vance, Mrs. Roger Whipkey, Mrs. Ernest Cretney, Mrs. Carl Anders, and Miss Mary Maddux.

Mrs. Felix Halliday, captain; Mrs. John Murphy, Mrs. A. J. Conaway, Mrs. Gordon Davis, Mrs. Frank Lentz, Mrs. Mark Schaeper, and Mrs. Richard Donahue.

FOURTH WARD

Mrs. Joe Peters, captain; Mrs. Thomas Cullen, Mrs. Roger Hoffman, Mrs. John O'Conner, Mrs. George R. Smith, Mrs. Robert Cannon, Mrs. Clarence Ford, Mrs. Mac Dews Sr., Mrs. James Shoemaker, Mrs. Willard Carlisle, Mrs. Kenneth Kelley and Mrs. Byron Tracy.

Mrs. H. F. Schlue, captain; Mrs. Ed Fite, Mrs. Charles Coffey, Miss Dorothy Jones, Mrs. H. S. Stemple, Mrs. Charles Cox, Miss Marie Marchant, and Mrs. Jane Ann Tremlett.

Mrs. Paul Cummings, captain; Mrs. Leola Tillett, Mrs. Earl McNutt, Mrs. Clyde Graves, Mrs. Richard Filbin, Mrs. Harold Foraker, Mrs. Gaines Crabtree, Mrs. Maynard Leeth and Mrs. Franklin Russell.

Mrs. Eugene Cook, captain; Mrs. Dwight Martin, Mrs. H. D. Ramey, Mrs. Jack Flax and Mrs. William Hilliards.

Mrs. John Hughes, captain; Mrs. John Lightle, Mrs. Harold Cox, Mrs. Donald Flanders, Mrs. Charles James, Mrs. Willard Matson, Mrs. Robert Lucas and Mrs. John Merritt.

Mrs. Richard Wood, captain; Mrs. George Finley, Mrs. John Bailey, Mrs. Frank Kearney, Miss Florence Cook and Mrs. Marvin Crosswhite.

Mrs. Phillip Wolford, captain; Mrs. Herbert Russell, Mrs. Howard Burnett Jr., and Mrs. Francis Morgan.

Woolly Bears Say Winter To Be Tough

LANCASTER, Pa. (AP)—Dust off that overcoat — in fact, maybe you better get a spare or two — the woolly bears indicate we're in for one of the most severe winters in recent history.

The woolly bears, for the benefit of the uninitiated, are furry caterpillars that abound in many parts of the United States about this time of every year.

As the legend would have it—the color of the little caterpillars' coat is a sign of the sort of winter weather that can be expected.

The woolly bear's fur covering normally is in three segments, sometimes all three the same color—either brown or black—and sometimes three different shades of one or both of these hues.

Each segment represents — to the weather prophets—a third of the coming winter season. The darker the color of each segment of the caterpillar's coat, the colder and nastier the weather will be in the corresponding period of winter.

This fall, the woolly bears are all one color from stem to stern—and the color in this case is coal black.

Herb Krone, a reporter for the Lancaster New Era and weather devotee, makes it his annual business to check on the color of the woolly bears.

"I never saw them so black," said Krone. And he adds that isn't the worst by any means.

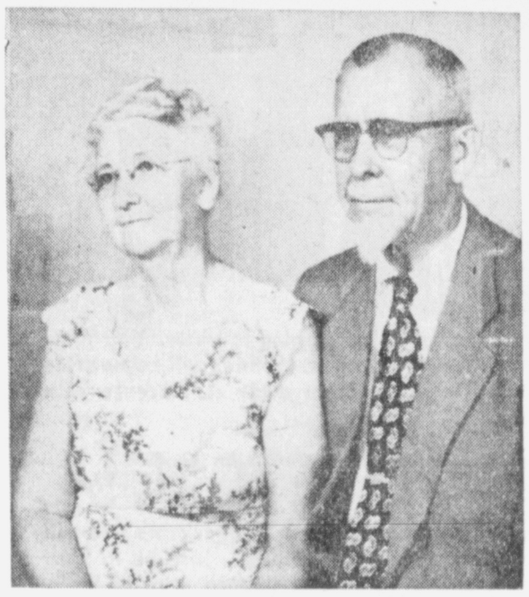

Darker portions of two segments indicate there will be intense storms in the middle or latter part of January and February. The expected sub-freezing temperatures in between these, moreover, will keep whatever snow shows up on the ground for long shows up on the ground for long periods. In short, it should be a good year for sleds, snow shoes and skis.

$ $ Beauty Lotion

TAHLEQUAH, Okla. (AP) — Moonshine whisky is found in strange places.

Federal alcohol tax unit agents raided a beauty parlor and confiscated more than a half-dozen bottles.

Grace Methodist Plans 4 Fellowship Services

MR. AND MRS. PAUL WIANT

The first of four services dedicated to Church Fellowship is to be held Sunday at Grace Methodist Church from 5 until 7:30 p. m. The other three are to be held on consecutive Sunday evenings, Oct. 28 and Nov. 4 and 11.

Services for all four nights are to follow the same general pattern and be under the direction of the same individuals and groups, with one exception, Mr. and Mrs. Paul Wiant are to address the gatherings on the first three Sunday nights, but on the fourth, Nov. 11, the service will be conducted by the Rev. L. J. Poe and Mrs. Ellis Bishop.

Mr. Wiant went to China as a missionary in 1917 and since then has worked in virtually all mission fields except Latin America. Mrs. Wiant has served 30 years as a missionary in the women's division.

* * *

EACH EVENING is to start with a potluck supper in Fellowship Hall from 5 until 6:30 p. m.

After that is to come 15 minutes of "Fellowship through Workshop" in the church sanctuary to "study to worship God." Mrs. Willard F. Wilson is the general chairman of this phase of the services. There is to be a different director—each evening—the Senior Methodist Youth Fellowship on Oct. 21; Mrs. Ray French on Oct. 28; the Men's Bible Class on Nov. 4 and Mrs. Joe White on Nov. 11.

* * *

THE 45-MINUTE class periods, from 6:45 until 7:30 p. m. each of the four nights is to be conducted in three divisions—one for children, one for youths and one for adults.

There are to be three classes in the children's division. For the preschool children, the theme will be "Juan and Juanita" and it will be under the direction of Mrs. Arch Riber, Mrs. Dewey Sheidler, Mrs. Eddie McCoy and Mrs. Burlen Williams. The class for primary children, which has "Second Son" for its theme, is to be under the direction of Mrs. Dwight B. Nelson, Mrs. W. Harold Moats, Mrs. Paul G. Pope and Mrs. Charles McCoy. The class for the juniors, under the direction of Miss Marian Christopher, Mrs. Frank Dill, Mrs. Billie Wilson and Mrs. Frank Alexander, is to follow the theme of "Ricardo's Search."

There are two classes in the youth division. For the intermediate MYF group (seventh, eighth and ninth grades) the leaders are Mrs. N. M. Reiff, Mrs. Maurice Hopkins, Dr. and Mrs. Francis Haines and Mr. and Mrs. Norris Highfield and the theme will be "Day after Tomorrow." For the senior MYF group, under the direction of Mrs. Hal Summers, Mrs. John E. Rhoads and Mrs. Ethel Caldwell, the theme will be "Give and Take."

* * *

IN THE ADULT division, there is a different theme for each night. Mr. and Mrs. Wiant are to address the group the first three nights: Oct. 21, "Fellowship with People in Sarawak;" Oct. 28, "Fellowship with People in Formosa and Hong Kong;" and Nov. 4, "Fellowship with People in Korea."

The class on Nov. 11 is to be conducted by the Rev. Mr. Poe and Mrs. Bishop on the theme of "Fellowship through Vision."

Members of the Commission on Missions are Mrs. Bishop, Mrs. Riber, Mrs. Willard Wilson, Mrs. Rhoads, Miss Christopher, Mrs. C. L. Lewellen, Mrs. Madge Winter, Norris Highfield, Mrs. Nelson, Mrs. Caldwell and the Rev. Mr. Poe, the church pastor.

Different church groups are to have charge of the dining room each of the four nights: Oct. 21, Wesley Weds; Oct. 28, True Blue Class; Nov. 4, Men's Bible Class and Nov. 11, the Open Circle.

Reservations for the potluck supper to be made with the presidents of the Sunday school classes, at the church office or with Mrs. Lewellen.

Yule Clerks Needed

CLEVELAND (AP) — The Ohio State Employment Service says about 10,000 seasonal workers are needed to handle the Christmas rush in department stores in the Cleveland area.

Audit Report on Miami Trace Records

(Continued from Page One)

trust or profit, by election or appointment, or as agent, servant, or employee of such officer or of a board of such officers, shall be interested in a contract for the purchase of property, supplies, or fire insurance for the use of the county, township, municipal corporation, board of education, or a public institution with which he is not connected, if the amount of such contract exceeds the sum of 50 dollars, unless such contract is let on bids advertised as provided by law".

* * *

THE EXAMINER comments on records kept by Mrs. Senath Thompson, employed as clerk of the board at a salary of $3,600 per year, in the following paragraphs:

"The prescribed form of cash journal was maintained by the clerk. There were many instances where clerical errors, striking over of figures, improper entries on transfer of funds and incorrect entries on cancelled or returned checks made this record difficult and time - consuming to audit. A separate payroll account for this district is carried in one of the district depositories.

"The initial transfer to this account was $120,000. There have been subsequent transfers of flat sums such as $50,000 rather than the exact amount of the payrolls disbursed. Thus, there is always an excess in this account over and above the outstanding warrants. This causes the account to be handled as another fund in the examination of this school district.

"The receipts journal was maintained but was lacking as to full information as to source and identity of many receipts. It is suggested that "Form A" receipts (which are a part of the prescribed accounting system) be used with the full explanation as to source and type of receipt."

* * *

"THE PROPER appropriation ledger has been maintained, but the purchase order number has not been posted. It was also noted that some expenditures were incorrectly coded. The clerk has been properly instructed as to the correct method of keeping an appropriation ledger and the handling of purchase orders. A conference with the clerk and executive head reveals that requisitions have been ordered and when received principals of each school will then requisition through the executive head rather than issue their own purchase orders. This would be the proper procedure to follow and would delegate the purchasing authority to one person rather than several.

"An audit of the bills and vouchers disclosed that a number of payments were made on statements and did not include invoices. There were several instances where payments were made for hauling trash and other minor expenses without supporting evidence in the voucher in the way of an invoice or bill. .

"The minute record, with a few exceptions, was a detailed account of the actions of the board. The annual appropriation resolution was adopted, but the appropriations were not spread on the minutes. It is recommended that this be done."

After noting that officers of the board were elected by secret ballot rather than by public roll call, the report points out that in several instances where a motion was adopted to employ non-teaching personnel, the effective date of employment and salaries were not recorded as required.

Commenting on these paragraphs, Groff said:

"When the district is in full operation, we hope to establish a machine system of bookkeeping which would eliminate this kind of criticism. However, the suggestions made by the examiner certainly will be carried out."

The examiner also notes:

"The budget was adopted and public hearing of same was held in accordance with the correct legal procedure".

* * *

IN ANOTHER section do the report, the examiner says:

"This district operates 12 lunchrooms to provide a hot lunch program for students and faculty.

"Prior to the consolidation, several of the local school districts in this county incurred excessive deficits in their lunchroom funds as shown in previous audits. Therefore the transfer of these funds from the 11 school districts into Miami Trace Local School District totaled a deficit balance $10,411.22. During the period of the audit a total of $9,843.84 was transferred from the general to the lunchroom fund to offset the greater portion of the transferred deficit. At the close of this audit, the lunchroom fund shows a deficit balance of $1,-107.95. This phase of operations for this audit period does show an improvement over prior audits."

The Miami Trace Board president said in connection with this phase of the report that "The state did not pay the May and April reinbursement. Otherwise the program would have broken even."

In a succeeding paragraph, the examiner says: "An audit. . . .of the lunchroom reports reveals that in some lunchrooms the total receipts listed did not agree with cash deposits. The only explanation offered was the extension of credit for lunches in several schools of the districts. It is imperative that these receipts, as listed in the reports, agree with the totals deposited. There is no provision in the law whereby a board of education may extend credit for lunches."

INCLUDED in the report on the current examination is a summary of a recheck on previous audit periods.

The report states:

"Some difficulty was experienced in obtaining records in order to recheck previous audit periods of local schools which have since been consolidated into Miami Trace Local School District.

"This was due to the fact that these records were not filed at the headquarters of Miami Trace District at the termination of the existence of these local school districts.

"The recheck revealed the following exceptions to correct legal procedure:

* * *

Concord Local School District

"In the audit covering the period Sept. 4, 1948, to Aug. 5, 1952, a finding of $52.15 against Mr. Emerson Marting, a member of the board. There is no record of this finding having been paid to date.

"It was also found that on Aug. 28, 1952, Emerson Marting, a member of the board, was paid $136.00 on warrant Number 1177 marked "reimbursement for labor". Attention is directed to Section 2919.08 Revised Code."

(The prosecutor said he understood these items have been paid).

* * *

Jasper Local School District

"Records show that on May 25, 1950, Sugar Creek Stone Quarry was paid $77.95 on warrant number 1403 for the purchase of stone.

"On Oct. 13, 1952, Armbrust Concrete Products was paid $51.-75 on warrant number 2125 for the purchase of concrete.

"At the time of these purchases, E. F. Armbrust, who was a member of the Union Local School District Board of Education at this time, had a proprietary interest in the above named firms. Attention is directed to Section 2919.09 Revised Code."

* * *

Madison Local School District

"On Aug. 22, 1950, E. F. Armbrust and Sons was paid $385.94 on warrant number 1033 for materials for gym. E. F. Armbrust was a member of the Union Local School District Board of Education at the time of this purchase. Attention is directed to Section 2919.09 Revised Code."

Marion Local School District

"On Mar. 23, 1955, H. B. Lightle, a member of the Fayette County Board of Education, was paid $152.-56 on warrant Number 3193 for material and labor. Attention is directed to 2919.09 Revised Code."

Union Local School District

"Investigation of the contract awarded to Sever-Williams Co. by this district revealed that only one material purchase was made contrary to law. The records of Sever-Williams Company disclosed a complete analysis of all material purchased for this contract. One item dated Oct. 1953 showed a purchase of materials from Armbrust Concrete in the amount of $117.61. The contractor explained that this was an emergency purchase of concrete. Mr. E. F.Armbrust was member of the Union Local School District Board of Education and had a proprietary interest in the Armbrust Concrete Co. Attention is directed to Section 2919.09 Revised Code.

"On May 24, 1955, Jean Everhart, an employe of the Fayette County Board of Education was paid $60 on warrant Number 1511 for a used typewriter. Attention is directed to Section 2919.09."

These above paragraphs brought the following comment from the Miami Trace board president:

"In every case the board had value received, and there certainly was no intent of fraud."

* * *

THE MIAMI TRACE District was created July 1, 1955, after approval at the November 1954 general election and territories and funds of Concord, Green, Jasper, Madison, Marion, Perry, Union and Wayne local districts were transferred to Miami Trace. On Nov. 26, 1955, the Fayette County Board of Education adopted resolutions transferring the territories of Bloomingburg, Jefferson and Paint local districts to the consolidated district. The transfer became effective Dec. 26, 1955.

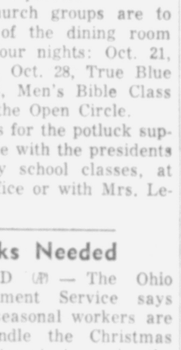

Present Miami Trace board members, in addition to Groff, are Robert Owens, Route 1, Jeffersonville, vice president; J. Herbert Perrill, Route 3, Washington C. H.; Gordon Cowdry, Route 5 and Richard Snyder, Route 5.

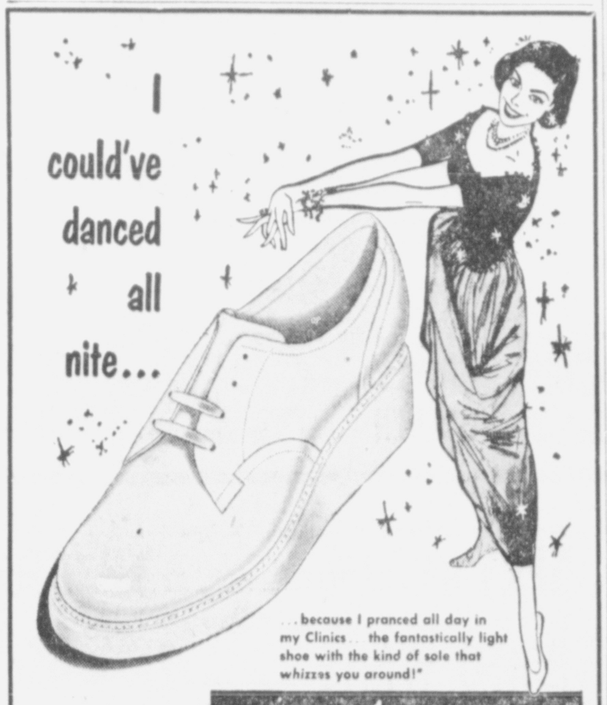

Others who have served on the board since the 1955 consolidation are Joe D. Campbell, Harry Rife, John Sheeley, Herbert Hoppes and Kenneth Bush.

Reports on the examination of Paint, Jefferson and Bloomingburg districts also have been filed and will be covered in a later article.

Grace Methodist Plans 4 Fellowship Services

MR. AND MRS. PAUL WIANT

The first of four services dedicated to Church Fellowship is to be held Sunday at Grace Methodist Church from 5 until 7:30 p. m. The other three are to be held on consecutive Sunday evenings, Oct. 28 and Nov. 4 and 11.

Services for all four nights are to follow the same general pattern and be under the direction of the same individuals and groups, with one exception, Mr. and Mrs. Paul Wiant are to address the gatherings on the first three Sunday nights, but on the fourth, Nov. 11, the service will be conducted by the Rev. L. J. Poe and Mrs. Ellis Bishop.

Mr. Wiant went to China as a missionary in 1917 and since then has worked in virtually all mission fields except Latin America. Mrs. Wiant has served 30 years as a missionary in the women's division.

* * *

EACH EVENING is to start with a potluck supper in Fellowship Hall from 5 until 6:30 p. m.

After that is to come 15 minutes of "Fellowship through Workshop" in the church sanctuary to "study to worship God." Mrs. Willard F. Wilson is the general chairman of this phase of the services. There is to be a different director—each evening—the Senior Methodist Youth Fellowship on Oct. 21; Mrs. Ray French on Oct. 28; the Men's Bible Class on Nov. 4 and Mrs. Joe White on Nov. 11.

* * *

THE 45-MINUTE class periods, from 6:45 until 7:30 p. m. each of the four nights is to be conducted in three divisions—one for children, one for youths and one for adults.

There are to be three classes in the children's division. For the preschool children, the theme will be "Juan and Juanita" and it will be under the direction of Mrs. Arch Riber, Mrs. Dewey Sheidler, Mrs. Eddie McCoy and Mrs. Burlen Williams. The class for primary children, which has "Second Son" for its theme, is to be under the direction of Mrs. Dwight B. Nelson, Mrs. W. Harold Moats, Mrs. Paul G. Pope and Mrs. Charles McCoy. The class for the juniors, under the direction of Miss Marian Christopher, Mrs. Frank Dill, Mrs. Billie Wilson and Mrs. Frank Alexander, is to follow the theme of "Ricardo's Search."

There are two classes in the youth division. For the intermediate MYF group (seventh, eighth and ninth grades) the leaders are Mrs. N. M. Reiff, Mrs. Maurice Hopkins, Dr. and Mrs. Francis Haines and Mr. and Mrs. Norris Highfield and the theme will be "Day after Tomorrow." For the senior MYF group, under the direction of Mrs. Hal Summers, Mrs. John E. Rhoads and Mrs. Ethel Caldwell, the theme will be "Give and Take."

* * *

IN THE ADULT division, there is a different theme for each night. Mr. and Mrs. Wiant are to address the group the first three nights: Oct. 21, "Fellowship with People in Sarawak;" Oct. 28, "Fellowship with People in Formosa and Hong Kong;" and Nov. 4, "Fellowship with People in Korea."

The class on Nov. 11 is to be conducted by the Rev. Mr. Poe and Mrs. Bishop on the theme of "Fellowship through Vision."

Members of the Commission on Missions are Mrs. Bishop, Mrs. Riber, Mrs. Willard Wilson, Mrs. Rhoads, Miss Christopher, Mrs. C. L. Lewellen, Mrs. Madge Winter, Norris Highfield, Mrs. Nelson, Mrs. Caldwell and the Rev. Mr. Poe, the church pastor.

Different church groups are to have charge of the dining room each of the four nights: Oct. 21, Wesley Weds; Oct. 28, True Blue Class; Nov. 4, Men's Bible Class and Nov. 11, the Open Circle.

Reservations for the potluck supper to be made with the presidents of the Sunday school classes, at the church office or with Mrs. Lewellen.

Yule Clerks Needed

CLEVELAND (AP) — The Ohio State Employment Service says about 10,000 seasonal workers are needed to handle the Christmas rush in department stores in the Cleveland area.

Audit Report on Miami Trace Records

(Continued from Page One)

trust or profit, by election or appointment, or as agent, servant, or employee of such officer or of a board of such officers, shall be interested in a contract for the purchase of property, supplies, or fire insurance for the use of the county, township, municipal corporation, board of education, or a public institution with which he is not connected, if the amount of such contract exceeds the sum of 50 dollars, unless such contract is let on bids advertised as provided by law".

* * *

THE EXAMINER comments on records kept by Mrs. Senath Thompson, employed as clerk of the board at a salary of $3,600 per year, in the following paragraphs:

"The prescribed form of cash journal was maintained by the clerk. There were many instances where clerical errors, striking over of figures, improper entries on transfer of funds and incorrect entries on cancelled or returned checks made this record difficult and time - consuming to audit. A separate payroll account for this district is carried in one of the district depositories.

"The initial transfer to this account was $120,000. There have been subsequent transfers of flat sums such as $50,000 rather than the exact amount of the payrolls disbursed. Thus, there is always an excess in this account over and above the outstanding warrants. This causes the account to be handled as another fund in the examination of this school district.

"The receipts journal was maintained but was lacking as to full information as to source and identity of many receipts. It is suggested that "Form A" receipts (which are a part of the prescribed accounting system) be used with the full explanation as to source and type of receipt."

* * *

"THE PROPER appropriation ledger has been maintained, but the purchase order number has not been posted. It was also noted that some expenditures were incorrectly coded. The clerk has been properly instructed as to the correct method of keeping an appropriation ledger and the handling of purchase orders. A conference with the clerk and executive head reveals that requisitions have been ordered and when received principals of each school will then requisition through the executive head rather than issue their own purchase orders. This would be the proper procedure to follow and would delegate the purchasing authority to one person rather than several.

"An audit of the bills and vouchers disclosed that a number of payments were made on statements and did not include invoices. There were several instances where payments were made for hauling trash and other minor expenses without supporting evidence in the voucher in the way of an invoice or bill. .

"The minute record, with a few exceptions, was a detailed account of the actions of the board. The annual appropriation resolution was adopted, but the appropriations were not spread on the minutes. It is recommended that this be done."

After noting that officers of the board were elected by secret ballot rather than by public roll call, the report points out that in several instances where a motion was adopted to employ non-teaching personnel, the effective date of employment and salaries were not recorded as required.

Commenting on these paragraphs, Groff said:

"When the district is in full operation, we hope to establish a machine system of bookkeeping which would eliminate this kind of criticism. However, the suggestions made by the examiner certainly will be carried out."

The examiner also notes:

"The budget was adopted and public hearing of same was held in accordance with the correct legal procedure".

* * *

IN ANOTHER section do the report, the examiner says:

"This district operates 12 lunchrooms to provide a hot lunch program for students and faculty.

"Prior to the consolidation, several of the local school districts in this county incurred excessive deficits in their lunchroom funds as shown in previous audits. Therefore the transfer of these funds from the 11 school districts into Miami Trace Local School District totaled a deficit balance $10,411.22. During the period of the audit a total of $9,843.84 was transferred from the general to the lunchroom fund to offset the greater portion of the transferred deficit. At the close of this audit, the lunchroom fund shows a deficit balance of $1,-107.95. This phase of operations for this audit period does show an improvement over prior audits."

The Miami Trace Board president said in connection with this phase of the report that "The state did not pay the May and April reinbursement. Otherwise the program would have broken even."

In a succeeding paragraph, the examiner says: "An audit. . . .of the lunchroom reports reveals that in some lunchrooms the total receipts listed did not agree with cash deposits. The only explanation offered was the extension of credit for lunches in several schools of the districts. It is imperative that these receipts, as listed in the reports, agree with the totals deposited. There is no provision in the law whereby a board of education may extend credit for lunches."

INCLUDED in the report on the current examination is a summary of a recheck on previous audit periods.

The report states:

"Some difficulty was experienced in obtaining records in order to recheck previous audit periods of local schools which have since been consolidated into Miami Trace Local School District.

"This was due to the fact that these records were not filed at the headquarters of Miami Trace District at the termination of the existence of these local school districts.

"The recheck revealed the following exceptions to correct legal procedure:

* * *

Concord Local School District

"In the audit covering the period Sept. 4, 1948, to Aug. 5, 1952, a finding of $52.15 against Mr. Emerson Marting, a member of the board. There is no record of this finding having been paid to date.

"It was also found that on Aug. 28, 1952, Emerson Marting, a member of the board, was paid $136.00 on warrant Number 1177 marked "reimbursement for labor". Attention is directed to Section 2919.08 Revised Code."

(The prosecutor said he understood these items have been paid).

* * *

Jasper Local School District

"Records show that on May 25, 1950, Sugar Creek Stone Quarry was paid $77.95 on warrant number 1403 for the purchase of stone.

"On Oct. 13, 1952, Armbrust Concrete Products was paid $51.-75 on warrant number 2125 for the purchase of concrete.

"At the time of these purchases, E. F. Armbrust, who was a member of the Union Local School District Board of Education at this time, had a proprietary interest in the above named firms. Attention is directed to Section 2919.09 Revised Code."

* * *

Madison Local School District

"On Aug. 22, 1950, E. F. Armbrust and Sons was paid $385.94 on warrant number 1033 for materials for gym. E. F. Armbrust was a member of the Union Local School District Board of Education at the time of this purchase. Attention is directed to Section 2919.09 Revised Code."

Marion Local School District

"On Mar. 23, 1955, H. B. Lightle, a member of the Fayette County Board of Education, was paid $152.-56 on warrant Number 3193 for material and labor. Attention is directed to 2919.09 Revised Code."

Union Local School District

"Investigation of the contract awarded to Sever-Williams Co. by this district revealed that only one material purchase was made contrary to law. The records of Sever-Williams Company disclosed a complete analysis of all material purchased for this contract. One item dated Oct. 1953 showed a purchase of materials from Armbrust Concrete in the amount of $117.61. The contractor explained that this was an emergency purchase of concrete. Mr. E. F.Armbrust was member of the Union Local School District Board of Education and had a proprietary interest in the Armbrust Concrete Co. Attention is directed to Section 2919.09 Revised Code.

"On May 24, 1955, Jean Everhart, an employe of the Fayette County Board of Education was paid $60 on warrant Number 1511 for a used typewriter. Attention is directed to Section 2919.09."

These above paragraphs brought the following comment from the Miami Trace board president:

"In every case the board had value received, and there certainly was no intent of fraud."

* * *

THE MIAMI TRACE District was created July 1, 1955, after approval at the November 1954 general election and territories and funds of Concord, Green, Jasper, Madison, Marion, Perry, Union and Wayne local districts were transferred to Miami Trace. On Nov. 26, 1955, the Fayette County Board of Education adopted resolutions transferring the territories of Bloomingburg, Jefferson and Paint local districts to the consolidated district. The transfer became effective Dec. 26, 1955.

Present Miami Trace board members, in addition to Groff, are Robert Owens, Route 1, Jeffersonville, vice president; J. Herbert Perrill, Route 3, Washington C. H.; Gordon Cowdry, Route 5 and Richard Snyder, Route 5.

Others who have served on the board since the 1955 consolidation are Joe D. Campbell, Harry Rife, John Sheeley, Herbert Hoppes and Kenneth Bush.

Reports on the examination of Paint, Jefferson and Bloomingburg districts also have been filed and will be covered in a later article.

Ike, Lausche Personalities May Mix Ohio Poll Results

Editor's Note: Following is another view of the Ohio political situation by Jack Bell, long-time Associated Press political observer who has been touring the state.

By JACK BELL

President Eisenhower and Democratic Governor Frank J. Lausche are engaged in a long-range battle of personalities which could mix up the results of Ohio's balloting on presidential and Senate races next month.

Lausche, gray-maned lone wolf of Ohio politics, is trying to perform the interesting feat of being for Adlai E. Stevenson without being against Eisenhower.

The governor is trying to match his personal vote pulling power against Eisenhower's helping hand for GOP Sen. George H. Bender. Unless the situation changes in the short period before th November vote, Lausche may be able to win a Senate seat from the Republicans while Eisenhower is carrying the state.

However, Bender can't be counted out, despite the general feeling that Eisenhower's Ohio margin this year will fall far below the 500,000 vote edge by which the President took the state's 25 electoral votes from Stevenson in 1952.

A driving campaign by Michael V. DiSalle, who has reorganized a party that languished under Lausche's nonpartisan tactics, has given the Democrats new hope of capturing the governorship. Republican C. William O'Neill's early lead in the race appears to have been reduced.

Bender, once a bell-ringing disciple in the old time Republican religion of Robert A. Taft, has climbed high on Eisenhower's coattails. The smoothness of his ride is threatened by the fact that Ohioans can't mark a straight party ticket but must vote for each individual.

Bender's argument is that Eisenhower needs a Republican Senate and might not get it if the Ohio seat is lost to a Democrat. Lausche hasn't been exactly cooperative on that score. He has suggested that if he and Eisenhower are elected, he might vote with the Republicans on organization of the Senate.

"Let me make this clear," the governor said as he paced a sunlit driveway on the Wittenberg College campus at Springfield. "I will vote enthusiastically for the Stevenson-Kefauver ticket.

"If Stevenson is elected, of course I'll vote with the Democrats to organize the Senate. If Eisenhower is elected and the Senate division is close, I might vote with the Republicans to give Eisenhower a Republican Senate."

Bender doesn't regard this as cricket.

Lausche has been elected governor five times, with those who vote Republican in presidential contests obviously furnishing his winning margin. While Eisenhower was rolling up a half million margin in 1952, Lausche annexed another term by 130,000.

The big question in Ohio is whether Lausche can command this kind of support in a Senate race where Bender's friends have been trying to raise a $500,000 campaign fund and Lausche says he will operate on an $18,000 budget.

Ohio labor has given Lausche the back of its hand. The state's AFL has endorsed Bender and O'Neill. The CIO has endorsed DiSalle, but has kept hands off the senatorial contest.

George Harrison, president of the Railroad Clerks Union and chairman of the Democratic National Committee's labor advisory subcommittee, is for Bender.

Bender also may be benefiting from a shift of Negro voters back to the Republicans. Negro reporters in Cleveland estimated members of their race will cast between 200,000 and 300,000 of the expected 3½ million Ohio votes. They said the greatest shift toward Republicans is indicated in the Cincinnati area, where Lausche has always run well despite heavy GOP margins for other candidates.

In a Cincinnati barbershop, Sam Jones, his face wreathed in a smile as he beat a tune with his shoe shining brushes, gave some substance to these claims.

"I'm voting for Ike," he said. "I don't like wars. That Stevenson—he's too smooth talking for me. But I like Gov. Lausche."

Emma Bridget, trim and neat waitress, said she's voting for Eisenhower "because he's a good man." She didn't have any choice between Bender and Lausche.

In Columbus, Joe Guess, a registered Democrat, leaned back against a parking lot shack to observe that "There's been some changes made."

"Yes sir," he said, pushing his cap back. "Things is different. That Ike's a good man, a mighty good man, and that changes things. I guess I gotta vote for him.

"Most of the people in my neighborhood and most of the colored folks I talk to are Democrats who're going to vote for Eisenhower. They like Lausche too. He's a mighty good man and I'm going to vote for him."

One of the Democratic contentions is that little business men in Ohio are being "squeezed" economically and will react by voting Democratic this year.

Across town in Columbus, John Rucker runs a small food and wine shop. Rucker finished making change for a customer before he made it clear that he is sticking with Eisenhower despite slackening in his business.

"Business is not as good as it was," he said with something of a grimace. "But it's off for the big companies and that has to come down to the retailers. I don't blame the Eisenhower administration for that."

Rucker said, however, that "I voted for Frank Lausche before and I guess I will again."

John Boley, who is on his own as a tool and die maker, waited till the other customers were taken care of before he delivered his own political observations. He said his business was good.

"I don't think there is any doubt that Ike will be reelected," Boley said with conviction. "Lausche is a good man and I vote for the man."

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with overexertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains, 2. by their soothing effect on bladder irritation, 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

Ike, Lausche Personalities May Mix Ohio Poll Results

Editor's Note: Following is another view of the Ohio political situation by Jack Bell, long-time Associated Press political observer who has been touring the state.

By JACK BELL

President Eisenhower and Democratic Governor Frank J. Lausche are engaged in a long-range battle of personalities which could mix up the results of Ohio's balloting on presidential and Senate races next month.

Lausche, gray-maned lone wolf of Ohio politics, is trying to perform the interesting feat of being for Adlai E. Stevenson without being against Eisenhower.

The governor is trying to match his personal vote pulling power against Eisenhower's helping hand for GOP Sen. George H. Bender. Unless the situation changes in the short period before th November vote, Lausche may be able to win a Senate seat from the Republicans while Eisenhower is carrying the state.

However, Bender can't be counted out, despite the general feeling that Eisenhower's Ohio margin this year will fall far below the 500,000 vote edge by which the President took the state's 25 electoral votes from Stevenson in 1952.

A driving campaign by Michael V. DiSalle, who has reorganized a party that languished under Lausche's nonpartisan tactics, has given the Democrats new hope of capturing the governorship. Republican C. William O'Neill's early lead in the race appears to have been reduced.

Bender, once a bell-ringing disciple in the old time Republican religion of Robert A. Taft, has climbed high on Eisenhower's coattails. The smoothness of his ride is threatened by the fact that Ohioans can't mark a straight party ticket but must vote for each individual.

Bender's argument is that Eisenhower needs a Republican Senate and might not get it if the Ohio seat is lost to a Democrat. Lausche hasn't been exactly cooperative on that score. He has suggested that if he and Eisenhower are elected, he might vote with the Republicans on organization of the Senate.

"Let me make this clear," the governor said as he paced a sunlit driveway on the Wittenberg College campus at Springfield. "I will vote enthusiastically for the Stevenson-Kefauver ticket.

"If Stevenson is elected, of course I'll vote with the Democrats to organize the Senate. If Eisenhower is elected and the Senate division is close, I might vote with the Republicans to give Eisenhower a Republican Senate."

Bender doesn't regard this as cricket.

Lausche has been elected governor five times, with those who vote Republican in presidential contests obviously furnishing his winning margin. While Eisenhower was rolling up a half million margin in 1952, Lausche annexed another term by 130,000.

The big question in Ohio is whether Lausche can command this kind of support in a Senate race where Bender's friends have been trying to raise a $500,000 campaign fund and Lausche says he will operate on an $18,000 budget.

Ohio labor has given Lausche the back of its hand. The state's AFL has endorsed Bender and O'Neill. The CIO has endorsed DiSalle, but has kept hands off the senatorial contest.

George Harrison, president of the Railroad Clerks Union and chairman of the Democratic National Committee's labor advisory subcommittee, is for Bender.

Bender also may be benefiting from a shift of Negro voters back to the Republicans. Negro reporters in Cleveland estimated members of their race will cast between 200,000 and 300,000 of the expected 3½ million Ohio votes. They said the greatest shift toward Republicans is indicated in the Cincinnati area, where Lausche has always run well despite heavy GOP margins for other candidates.

In a Cincinnati barbershop, Sam Jones, his face wreathed in a smile as he beat a tune with his shoe shining brushes, gave some substance to these claims.

"I'm voting for Ike," he said. "I don't like wars. That Stevenson—he's too smooth talking for me. But I like Gov. Lausche."

Emma Bridget, trim and neat waitress, said she's voting for Eisenhower "because he's a good man." She didn't have any choice between Bender and Lausche.

In Columbus, Joe Guess, a registered Democrat, leaned back against a parking lot shack to observe that "There's been some changes made."

"Yes sir," he said, pushing his cap back, "Things is different. That Ike's a good man, a mighty good man, and that changes things. I guess I gotta vote for him.

"Most of the people in my neighborhood and most of the colored folks I talk to are Democrats who're going to vote for Eisenhower. They like Lausche too. He's a mighty good man and I'm going to vote for him."

One of the Democratic contentions is that little business men in Ohio are being "squeezed" economically and will react by voting Democratic this year.

Across town in Columbus, John Rucker runs a small food and wine shop. Rucker finished making change for a customer before he made it clear that he is sticking with Eisenhower despite slackening in his business.

"Business is not as good as it was," he said with something of a grimace. "But it's off for the big companies and that has to come down to the retailers. I don't blame the Eisenhower administration for that."

Rucker said, however, that "I voted for Frank Lausche before and I guess I will again."

John Boley, who is on his own as a tool and die maker, waited till the other customers were taken care of before he delivered his own political observations. He said his business was good.

"I don't think there is any doubt that Ike will be reelected," Boley said with conviction. "Lausche is a good man and I vote for the man."

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with overexertion or stress and strain — you want relief — want it fast! Another disturbance may be mild bladder irritation following wrong food and drink — often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

People . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Some of you old timers recall that many years ago it was the custom, when a church funeral was held (and few funerals were then held outside of churches), it was customary to toll the church bell the number of times the deceased was years old.

It was a dead give away if Grandma, Aunt Mary or Cousin Armilda had kept their age a closely guarded secret all their life, and then the church bell tolled their age.

However that custom, like so many others, has passed into oblivion, and now few people recall the custom that once prevailed and was observed at nearly every funeral.

The practice is still observed in many foreign countries.

* * *

ANOTHER FLOWING WELL

There are quite a number of flowing, or artesian wells in Fayette County, widely scattered, and all are valuable assets to the farms or other property on which they are located.

Upward of 30 years ago a well was drilled on what is now the Sam Marting Farm immediately west of Jasper. The well was drilled to a depth of 102 feet and water poured from the pipe several feet above the surface of the ground.

The well is at the foot of an embankment, some 10 feet below the embankment level, and at present is furnishing sufficient water for 200 head of cattle, Sam estimates, although not that many head are now using the water.

During the severe drought two years ago the well ceased flowing during the daytime, but at night there was a light flow. That one is hard to explain.

Since the drought the well has never been as strong as it was before, Sam states.

* * *

SHORT MEMORY

One time when Mayor Clem Bateman was holding court in the old city building, one of the witnesses (for the defense as I recall) developed a very poor memory. In fact his memory was so bad that one of the attorneys took him to task about it.

"Well," he said, "I never could remember things. May memory is about as short as a cherry seed".

He was excused.

* * *

FROM PIONEER DAYS

Twice recently in widely separated parts of the county, I have found sweet fennel growing about old premises, my attention being attracted by the aromatic scent arising from the fennel as I trampled it under foot.

Sweet fennel is always a reminder of pioneer days, because it was widely grown as a flavoring, or seasoning, and was imported into America in the early days, coming from Europe.

Webster lists it as a "pot herb" and it was also used for other purposes, and still is, for in some areas it is cultivated for the aromatic flavor of its seeds, and bears the botanical name of Foeniculieu dulce.

Early settlers planted the seed in their gardens, and as it is a very hardy perennial, it has existed and spread, just like "bouncing Bet," one of the first cultivated flowers introduced in Fayette County, which has spread throughout the nation, and thrives along railroads and in wastelands.

* * *

OLD TIME STORE

I stopped to see Jesse Mark, South Plymouth grocer, a few days ago, and had an interesting visit with him.

The Mark Store, one of the historic buildings in that part of the county, has been operated by the Marks for 60 years.

For 36 years Harry Mark had the general store, and when he retired to a farm in 1932, his son, Jesse, took over, and has been operating it since that time.

It is a very convenient shopping place for the people in that area, and Jesse is kept busy much of the time looking after the business.

H. (Tobe) Sanderson, for many years one of the prominent attorneys in Washington C. H. was born in the building in which the store is located.

His parents, Mr. and Mrs. Harvey Sanderson, opened a store in the frame structure, which stands on the south corner of the intersecting roads through the village, soon after the house was built in 1849.

Originally the small store occupied about half the space of the present store, and the rooms back of the store were used as a residence by the Sandersons.

In those days there was no canned goods, and nearly everything, (and the list was not a large one) was sold in bulk, and wrapped in heavy brown paper. Paper bags like those of today were unknown.

Even tobacco was sold "in the twist" and used for chewing, smoking in pipes, and as snuff. There were no cigars or cigarettes.

Most of the goods were sold in exchange for butter, eggs, and other farm produce, and even corn and wheat were taken by some store keepers in exchange for goods carried in the store.

Nixon Lauds Estes As a Campaigner

ITHACA, N. Y. (AP)—Vice President Nixon says he has "great respect for Sen. Kefauver as a campaigner." He said of his Democratic opponent: "Anybody who can keep going... as he has... must have an iron constitution." But Nixon added with a grin, "I wish him well in that respect only."

Chicago

CHICAGO (AP) —(USDA)—Salable hogs 9,50; market slow early; later trade moderately active; steady to 15 lower on butchers; only steady to weak on most lots around 200 lb and lighter; sows fairly active and steady; No 2-3 lots 190-280 lb butchers 15.90-16.15; numerous sales at 16.00; several lots mostly 1-2 190-230 lb sorted for grades 16.25-16.50; weights under 200 lb scarce; a few mixed grade lots 170-195 lb 15.25-16.00; sows scarce; larger lots 330-500 lb 14.25-15.50; selected small lots 280-300 lb 15.75.

Salable cattle 1,500, calves 300; generally steady; bulk of steers and heifers grading choice and below; not enough prime offered to test price; a load of mixed choice and prime 1025 lb steers 28.25; good and choice steers 19.50-26.00; mixed good and choice 20.00-24.00; few standard to low good steers 15.50-19.00; three loads choice 835-1025 heifers 25.00-25.25; few mostly choice 850 lb heifers 23.50; some standard and good 15.00-22.00; few standard cows 13.50-15.00; bulk utility and commercial 9.75-13.00; bulk canners and cutters 8.00-10.00; few heavy Holsteins up to 16.50; utility and commercial bulls 13.25-13.50; canners and cutters 10.50-13.00; good and choice vealers 20.00-24.00; cull to standard grades 9.00-20.00; few choice around 500 lb short yearling stock steers 21.00; some high medium and good 650-750 lb 16.50-18.35; load of common and medium 575 lb stock steers at 13.00.

Salable sheep 1,000; active; all classes fully steady; top wooled lambs 25 higher; most good to prime wooled lambs 19.00-22.00; few prime 22.25; highest in two weeks; cull to low good lambs 16.00-18.00; few extremely light thin culls 8.00; a small lot mostly choice 102 lb shorn lambs with No 1 pelts 20.50; a part deck mostly choice 104 lb fall shorn yearlings 18.25; few 109 lb two year old weathers 16.25; cull to mostly good fall slaughter ewes 3.50-5.00.

Grain Market

GRAIN FUTURES

CHICAGO (AP) — Grains opened lower on the Board of Trade today as profit taking entered the market following the sharp bulge late in the previous session.

Wheat started ¼-1 cent lower, December $2.30⅜-¼, corn ⅛-½ lower, December $1.35½-⅜, oats ⅛ lower to ⅛ higher, December 78¾-½, and soybeans ½-1½ lower, November $2.40½-¼.

Worker Crushed

MASSILLON (AP) — Robert M. Secrist, 21, was crushed to death between two freight cars Wednesday at the plant of Republic Steel Corp., for which he worked as a railroad brakeman.

READ THE CLASSIFIED ADS

C&O Railway Tops $1 Billion Listing

CLEVELAND (AP)—Chesapeake & Ohio Railway announced Wednesday its assets in August passed the $1 billion level for the first time in the railroad's 170-year history.

Listing assets of $1.8 billion, the road moves into a group of six other railroads which were billion-dollar corporations at the end of last year. They are the Pennsylvania, New York Central, Southern Pacific, Union Pacific, Santa Fe and Baltimore & Ohio.

ANOTHER FLOWING WELL

There are quite a number of flowing, or artesian wells in Fayette County, widely scattered, and all are valuable assets to the farms or other property on which they are located.

Upward of 30 years ago a well was drilled on what is now the Sam Marting Farm immediately west of Jasper. The well was drilled to a depth of 102 feet and water poured from the pipe several feet above the surface of the ground.

The well is at the foot of an embankment, some 10 feet below the embankment level, and at present is furnishing sufficient water for 200 head of cattle, Sam estimates, although not that many head are now using the water.

During the severe drought two years ago the well ceased flowing during the daytime, but at night there was a light flow. That one is hard to explain.

Since the drought the well has never been as strong as it was before, Sam states.

* * *

SHORT MEMORY

One time when Mayor Clem Bateman was holding court in the old city building, one of the witnesses (for the defense as I recall) developed a very poor memory. In fact his memory was so bad that one of the attorneys took him to task about it.

"Well," he said, "I never could remember things. May memory is about as short as a cherry seed".

He was excused.

* * *

FROM PIONEER DAYS

Twice recently in widely separated parts of the county, I have found sweet fennel growing about old premises, my attention being attracted by the aromatic scent arising from the fennel as I trampled it under foot.

Sweet fennel is always a reminder of pioneer days, because it was widely grown as a flavoring, or seasoning, and was imported into America in the early days, coming from Europe.

Webster lists it as a "pot herb" and it was also used for other purposes, and still is, for in some areas it is cultivated for the aromatic flavor of its seeds, and bears the botanical name of Foeniculieu dulce.

Early settlers planted the seed in their gardens, and as it is a very hardy perennial, it has existed and spread, just like "bouncing Bet," one of the first cultivated flowers introduced in Fayette County, which has spread throughout the nation, and thrives along railroads and in wastelands.

* * *

OLD TIME STORE

I stopped to see Jesse Mark, South Plymouth grocer, a few days ago, and had an interesting visit with him.

The Mark Store, one of the historic buildings in that part of the county, has been operated by the Marks for 60 years.

For 36 years Harry Mark had the general store, and when he retired to a farm in 1932, his son, Jesse, took over, and has been operating it since that time.

It is a very convenient shopping place for the people in that area, and Jesse is kept busy much of the time looking after the business.

H. (Tobe) Sanderson, for many years one of the prominent attorneys in Washington C. H. was born in the building in which the store is located.

His parents, Mr. and Mrs. Harvey Sanderson, opened a store in the frame structure, which stands on the south corner of the intersecting roads through the village, soon after the house was built in 1849.

Originally the small store occupied about half the space of the present store, and the rooms back of the store were used as a residence by the Sandersons.

In those days there was no canned goods, and nearly everything, (and the list was not a large one) was sold in bulk, and wrapped in heavy brown paper. Paper bags like those of today were unknown.

Even tobacco was sold "in the twist" and used for chewing, smoking in pipes, and as snuff. There were no cigars or cigarettes.

Most of the goods were sold in exchange for butter, eggs, and other farm produce, and even corn and wheat were taken by some store keepers in exchange for goods carried in the store.

Nixon Lauds Estes As a Campaigner

ITHACA, N. Y. (AP)—Vice President Nixon says he has "great respect for Sen. Kefauver as a campaigner." He said of his Democratic opponent: "Anybody who can keep going. . . as he has. . . must have an iron constitution." But Nixon added with a grin, "I wish him well in that respect only."

Grain Market

GRAIN FUTURES

CHICAGO (AP) — Grains opened lower on the Board of Trade today as profit taking entered the market following the sharp bulge late in the previous session.

Wheat started ¼-1 cent lower, December $2.30⅜-¼, corn ⅛-½ lower, December $1.35¼-⅜, oats ⅛ lower to ⅛ higher, December 78¾-1½, and soybeans ½-1½ lower, November $2.40½-¼.

Worker Crushed

MASSILLON (AP) — Robert M. Secrist, 21, was crushed to death between two freight cars Wednesday at the plant of Republic Steel Corp., for which he worked as a railroad brakeman.

C&O Railway Tops $1 Billion Listing

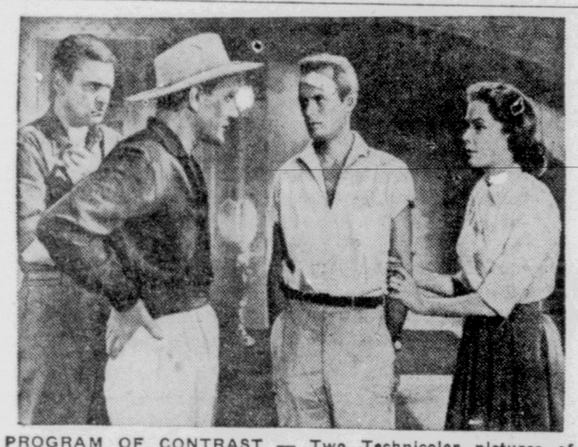

CLEVELAND (AP)—Chesapeake & Ohio Railway announced Wednesday its assets in August passed the $1 billion level for the first time in the railroad's 170-year history.

Listing assets of $1.8 billion, the road moves into a group of six other railroads which were billion-dollar corporations at the end of last year. They are the Pennsylvania, New York Central, Southern Pacific, Union Pacific, Santa Fe and Baltimore & Ohio.

Tail-End Caboose Loses Its Old 'Crummy' Look

This "new look" caboose sports a curved cupola.

By JOHN F. SEMBOWER
(Central Press Association)

ST. PAUL, Minn. — The lowly caboose, which always has been about the nicest part of any freight train you wait for at a grade crossing, is taking on airs and style.

A number of railroads, particularly the Great Northern, which has its headquarters here, and the Chicago, Milwaukee, St. Paul and Pacific, are giving attention these days to sparking up the tail end of the train, and the results are gratifying to crewmen who had come to call cabooses "crummies" more than anything else.

To the public, cabooses always have seemed to possess something of romantic mystery. Artists portray them more than any other type of car. Kids fancy them more for their electric trains, than anything except the engines.

"No great mystery about them at all," says C. W. Moore, executive assistant on the Great Northern. 'The caboose essentially is the office of a freight train. Here the conductor has a desk where he keeps freight tickets or waybills and other papers, and prepares a report showing the origin, destination and contents of the train."

Sprucing up the caboose is aimed at greater office efficiency. However, a caboose also is "a home away from home" for the crewmen, and must partake of some comforts along the line.

* * *

THE CABOOSE has a stove for heating and cooking, lockers for clothing, and places for flags, lanterns and emergency tools. It also must have toilets, washstands, water supply, and, most of them, gas lights.

The Great Northern is proud that in its new streamlined super caboose, the X210 there are generators for electric lights and radio telephones for communication both with the locomotive and with wayside stations.

The "home" aspect of a caboose is not as distinctive as it once was, when freight trains were slower and hours and runs much longer. In those days cabooses were assigned individually to conductors, who were most possessive of their homes on wheels. Lace curtains and other refinements were not at all unusual, and housekeeping and culinary standards were upheld rigorously.

Railroad men say, however, that there still is hardly a caboose that does not have the pungent smell of sausage, sauerkraut and boiled potatoes simmering on the stove.

* * *

THE TERM "caboose" apparently was used as early as 1855 on the Buffalo, Corning and New York railroad. Formerly the little red cars were known as "cabin cars," "conductor's cars," "accommodation cars," "train cars," and "way cars."

The distinctive feature of the observation porch in a cupola is said to have originated in 1863 with T. B. Watson, a freight conductor of the Chicago and North Western railway in Iowa.

The resourceful Watson, having a caboose with a skylight, rigged a seat which enabled him to sit with head and shoulders above the roof. The improved view led him to suggest to the master mechanic at Clinton, Iowa, the building of elevated glassed-in enclosures on his and other cabooses, and the idea quickly caught on.

This really was the pioneer "vista dome," says the Great Northern in extolling the comforts of its crewmen, and for whom they have installed foam rubber seats in their new streamlined caboose.

The bay window caboose, in vogue on some railroads and particularly accented by the Milwaukee, first was reported on the Akron, Canton and Youngstown railroad in 1923.

* * *

THE BAY WINDOW takes the place of the cupola, and is said to afford a better view of boxcar sway and hot boxes caused by the burning of oil soaked waste in the wheel journal particularly since boxcar height has been increased.

However, the overhead position with its better view for signals from the head-end brakeman, engineer or fireman still is much favored by the majority.

Legends have grown up, like the one that a locomotive cannot even return to the shops without a caboose. That is not true, because theoretically, though not practically, a freight train could operate without any caboose whatsoever, so long as proper markers were displayed at the end of the train.

However, who would want to eliminate the caboose, now that it is so nice, asks the Great Northern, which is downright proud of its fleet of 401 road and yard models, of which 288 are 25-foot-ers, 112 are 30-footers, and one is a 50-foot combination caboose and baggage car.

3 Ohio FFA Units Win Gold Awards

KANSAS CITY (AP)—Three Ohio Future Farmers of America chapters won gold emblem awards at the organization's 29th annual national convention here.

They were Jeromesville, Loudonville and Scioto Valley at Ostrander.

Letter to the Editor

EDITOR, RECORD-HERALD:

For many months, citizens of Fayette County have been disturbed by the methods being used to create in the minds of rural people the belief that the 40-million-dollar tax duplicate of Miami Trace District is all rurally owned or farm property and that cooperation between rural and city school districts must be prevented by adoration and obedience to a rich 40-million-dollar tax duplicate and its two - headed organization.

Is it possible that the rural school leaders are unaware of House Resolution No. 148 or don't they want the voters of Fayette County to know of it?

This resolution has been a matter of record since July 1955.

It is a resolution which, by authority of the Ohio General Assembly, must be reported for legislative consideration not later than next Jan. 15, less than four months from now.

The resolution reads as follows:

"Be it resolved by the General Assembly of Ohio, that the Legislative Service Commission be directed to study the problems as to equalization of school funds and school taxes within a county with particular reference to school districts that have large utilities or industrial plants, a low tax rate and small school populations, and be it resolved,

"That the commission be directed to also study the question as to equalization within a county as to bonding for school building construction, and be it

"Resolved, that the commission be directed to submit recommendations for legislation as to equalization of school funds within all counties of the state, to the next session of the Ohio General Assembly and not later than Jan. 15, 1957."

This resolution means that our General Assembly is aware of, and concerned by school tax situations of the kind that exist here in Fayette County.

Miami Trace leaders and county board leaders delight in calling attention to the Miami Trace duplicate value of 40 million dollars as compared to the city's duplicate of only 20 million dollars. Miami Trace has 200 per cent as much duplicate as the city and only 40 odd per cent more students than the city.

We have pointed out the abnormal situation that exists in Fayette County because the City School District is restricted to the city corporation and that this situation exists because the county board has, for years, refused to consider any extension of the city district.

We have pointed out that the so-called farm personal duplicate includes industrial machinery and facilities which are not farm; that the so - called farm real estate, includes public utility such as railroads, electric power facilities, gas lines and facilities, telephone and telegraph lines and facilities which are not farm.

These installations are here to service all the county, including the city. The city area carries the major load in supporting these operations, but at present the school tax assets of these properties accrue only to Miami Trace.

Approximately 8 million dollars of the Miami Trace duplicate is represented by such property.

What happens to the low operating tax rates the Miami Trace leaders are calling our attention to? What happens to the bond issue tax they are asking us for if millions of dollars of tax duplicate now assigned to Miami Trace is assigned to the city?

How much higher and unknown tax are we prepared to pay for a school program, developed by leaders who refuse to participate in an all - out, joint investigation and survey? Who refuse to consider the advantages of cooperation and community action which would have all the property of Fayette County supporting all the schools of Fayette County?

In the face of the fact that if we do not work together to accomplish this, the state may force equalization of tax support.

In the name of common sense and the welfare of our families and community, how much longer are we going to follow the leadership of school officials who refuse to set up the countywide citizens committee representing all school districts, which the law of Ohio says shall be in each of the counties of this state,

Who refuse to join in the common action our situation demands and impartial experts recommend,

Who break their own public promises to the people, to meet cooperatively to solve the muddled high school situation,

Who attempt to maintain separate school empires by talking up the unproven and dishonorable statements that cooperation would give control to the city, that rural schools would be destroyed or ignored, that any board member from the city would dishonestly serve rural people,

Who pass resolutions not in accord with fact and law, and take actions not in accord with the law,

Who tell us that unnecessary segregated education is for our children,

Who try to retain their spheres of influence and power by creating fear, animosity and disunity among us,

Who release and circulate misleading and confused information and fail to give all the facts to the people?

Farm Bureau Council Meets

How to better tell "the story of farming and rural life to our city friends" was the main topic of discussion at a meeting of the Farm Bureau Council Monday at 8 p. m. in the home of the Gossard sisters, Katherine and Mrs. Vern Foster.

The council was concerned with the topic as a means of promoting better understanding between urban and rural folks in their day-to-day relationships.

Mrs. Orville Mickle was elected chairman of the Council at the meeting. Herbert R. Wills was chosen as vice chairman; Mrs. Pearl Rhoades, secretary; Leland Stevens, legislative representative, and Mrs. Armel Hamilton and Mrs. Ralph Denen, Farm Bureau Women's representatives.

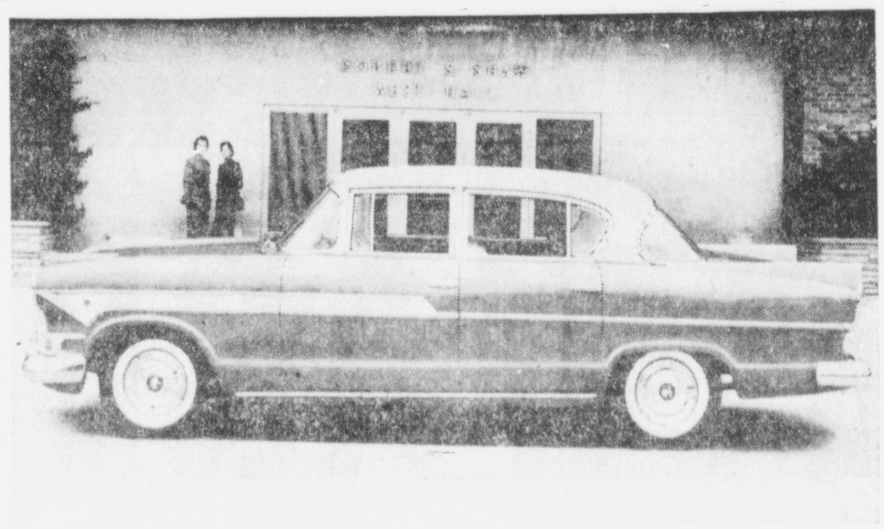

Some of the women of the Council reported on their trip to the Farm Bureau Women's Rally in Springfield recently.

Remove Containers From the Cemetery

John Spangler, superintendent of Washington Cemetery, requests that all flower containers be removed from graves by the first of next week, when the first removal of leaves will start.

It is essential that such containers, if the owners wish to obtain them, be removed; otherwise they will be disposed of as usual in such cases, Spangler said.

The heavy fall of leaves is now underway, and the work of removing them from the entire cemetery is always a big job.

NEW HUDSONS ON THE WAY--The Meriweather Motor Co., 1120 Clinton Ave., is planning to have at least one of the new 1957 Hudsons in the showroom when the new models are first displayed throughout the country Oct. 25. The new Hornet super four-door (above) features a V-8 engine developing 255 horsepower. It is two inches lower and comes in custom four-door sedans and "Hollywood" hardtops. Styling refinements include modern rear fenderfin, dual-fin front fender ornaments and 14-inch wheels.

'False Draft Card' Production Nipped

CINCINNATI (AP) — Police Wednesday arrested Paul Curtis, 18, of Cincinnati for selling "false draft cards" to juveniles.

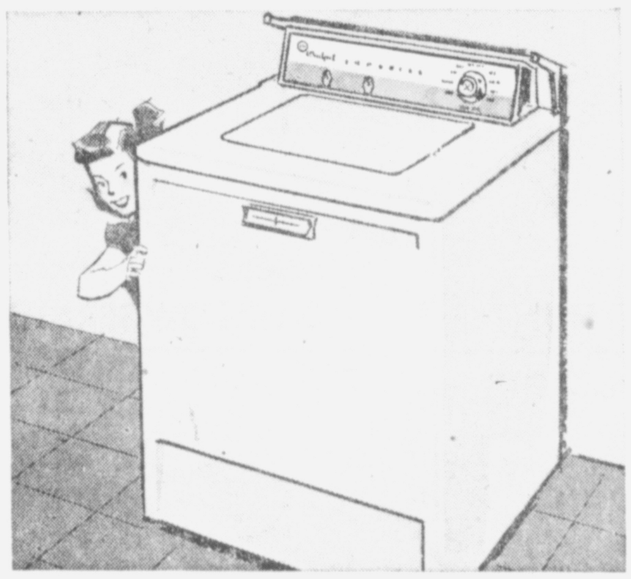

Investigators said Curtis made reproductions of his own draft card using a photostat machine where he worked. Police quoted Curtis saying his "customers" wanted the cards for proof of age for getting jobs.

'57 RCA WHIRLPOOL

the one automatic washer with everything— in porcelain or color!

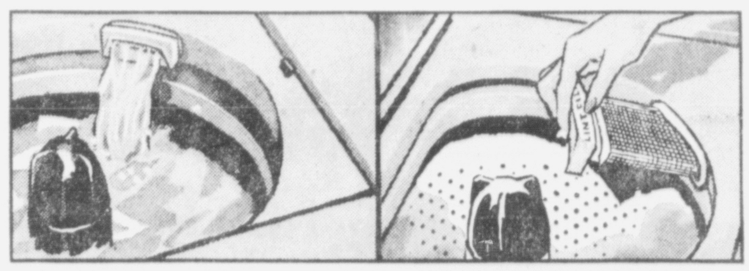

Here's the washer that will put whiter whites on your beds—and lint-free socks on your husband and kids. The washer that speeds up to get dirtiest denims clean, yet slows down to protect your finer things. The washer with 7 (yes, seven!) automatic rinses, a built-in sunlamp and oh, so many other features. See this Imperial now in all-porcelain white or smart new Matchmaker colors—green, pink or yellow.

first 2-speed washer

Dial *Normal* for your regular washcottons, denims, linens. Vigorous agitator action (65 strokes a minute) gets them cleaner than ever. Dial *Gentle* and your RCA WHIRLPOOL automatically gives you a slower, swishing action (42 strokes) for nylons, Orlons, finer things.

with built-in lint filter

This new RCA WHIRLPOOL automatically filters out lint as it washes out dirt! Filter is built-in, out of the way—yet it's easy to slip out and rinse clean. Works full-time, even when water level is low, big load or small. Lint, fuzz, grit, soap-scum can't speckle your nice fresh wash.

and money-saving Suds-Miser

Exclusive with RCA WHIRLPOOL automatics! Suds-Miser® saves hot water and suds in an adjoining tub while you rinse, then pumps it back in and filters it for another wash. That means you can re-use hot sudsy water safely again and again. Actually saves more than half the cost of soap and hot water!

Your old washer makes the down payment—and more!

Some of the women of the Council reported on their trip to the Farm Bureau Women's Rally in Springfield recently.

Remove Containers From the Cemetery

John Spangler, superintendent of Washington Cemetery, requests that all flower containers be removed from graves by the first of next week, when the first removal of leaves will start.

It is essential that such containers, if the owners wish to obtain them, be removed; otherwise they will be disposed of as usual in such cases, Spangler said.

The heavy fall of leaves is now underway, and the work of removing them from the entire cemetery is always a big job.

NEW HUDSONS ON THE WAY--The Meriweather Motor Co., 1120 Clinton Ave., is planning to have at least one of the new 1957 Hudsons in the showroom when the new models are first displayed throughout the country Oct. 25. The new Hornet super four-door (above) features a V-8 engine developing 255 horsepower. It is two inches lower and comes in custom four-door sedans and "Hollywood" hardtops. Styling refinements include modern rear fenderfin, dual-fin front fender ornaments and 14-inch wheels.

'False Draft Card' Production Nipped

CINCINNATI (AP) — Police Wednesday arrested Paul Curtis, 18, of Cincinnati for selling "false draft cards" to juveniles.

Investigators said Curtis made reproductions of his own draft card using a photostat machine where he worked. Police quoted Curtis saying his "customers" wanted the cards for proof of age for getting jobs.

'57 RCA WHIRLPOOL

the one automatic washer with everything— in porcelain or color!

Here's the washer that will put whiter whites on your beds—and lint-free socks on your husband and kids. The washer that speeds up to get dirtiest denims clean, yet slows down to protect your finer things. The washer with 7 (yes, seven!) automatic rinses, a built-in sunlamp and oh, so many other features. See this Imperial now in all-porcelain white or smart new Matchmaker colors—green, pink or yellow.

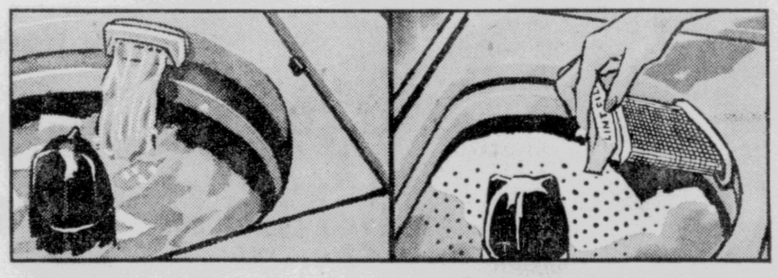

first 2-speed washer

Dial *Normal* for your regular washcottons, denims, linens. Vigorous agitator action (65 strokes a minute) gets them cleaner than ever. Dial *Gentle* and your RCA WHIRLPOOL automatically gives you a slower, swishing action (42 strokes) for nylons, Orlons, finer things.

with built-in lint filter

This new RCA WHIRLPOOL automatically filters out lint as it washes out dirt! Filter is built-in, out of the way—yet it's easy to slip out and rinse clean. Works full-time, even when water level is low, big load or small. Lint, fuzz, grit, soap-scum can't speckle your nice fresh wash.

and money-saving Suds-Miser

Exclusive with RCA WHIRLPOOL automatics! Suds-Miser® saves hot water and suds in an adjoining tub while you rinse, then pumps it back in and filters it for another wash. That means you can re-use hot sudsy water safely again and again. Actually saves more than half the cost of soap and hot water!

Your old washer makes the down payment—and more!

Lions Underdogs (?) In Friday's Contest

It will be up to Washington's Blue Lions to pull themselves out of the lost column this Friday night, and they won't be getting much help from Wilmington.

The Lions are beginning to realize that, since their loss to Hillsboro, they're practically the underdogs in their upcoming battle with the Hurricane.

Wilmington has proved its high scoring potential. They beat Greenfield 33-20 last week. The Lions piled up only 24 points against the Tigers, although their defense held better, allowing one Greenfield score.

Head Lion Coach Fred Domenico feels that the Washington offense is ready to roll against the Hurricane, but he's been hustling around all week working out a defensive setup that satisfies him.

"We stayed on defensive workouts until we had two deep at both tackles and ends," said Domenico.

* * *

HE'S NOT SURE exactly who will start on defense, but he feels the positions are well taken care of now. He's got four tackles and four ends ready to go.

"If one boy isn't producing in there, I can just jerk him and substitute another," the coach said.

The probable starting ends on defense are Ronnie Dowler and Ronnie Carter. And at the tackle slots Larry Slavens and Dick Welch probably will go. However, if these boys don't work out, Domenico has Eldon Brown and Arnold Ward for the end slots, and Jim Lucas and Ted Clarke in the tackle positions. Jack Crabtree at center guard and Bob Huff at linebacker are regular defensemen.

There is one change on offense from last week: Ronnie Dowler will start at center.

* * *

THE OFFENSIVE ends will be Eldon Brown and Ronnie Carter; tackles, Lucas and Clarke; guards, Jim Wilson and Jack Anders; quarterback, John Bainter; halfbacks, Roger McLean and Kenny Evans; fullback, Hank Anders.

The Wilmington lineup sports eight seniors, seven lettermen, a line about the same weight as Washington's and a backfield which outweighs the Lions and is more experienced.

A 185-pound fullback, Lyndell Suggs, is the workhorse for the Hurricane. Wilmington also has a quarterback, Harold Fields, who likes to run with the ball.

Spartans, OSU Holding Power Edge in Loop

CHICAGO (AP)—The "statistical championship" is gradually shaping up in Big Ten football with few surprises.

On the basis of the few conference games played, the two title favorites, Michigan State and Ohio State, are the powerhouses.

In two games, the Spartans have averaged 315.5 yards with the Bucks second with 311 based on only one conference game. Ohio State leads in rushing average with 282, followed by Minnesota with 223.5 in two games and MSU with 213.5.

Purdue, also with only one league game as a basis, shares the aerial lead with MSU, each with a 102 average.

Defensively, Michigan rates No. 1 on the strength of its showing against the Spartans despite a 9-0 defeat. The Wolverines, in their only Big Ten contest thus far, held MSU to a net gain of 143 yards. Iowa, however, has held two opponents to a 185.6 average and MSU has limited its two foes to an average of 188.

Ken Ploen, Iowa quarterback, is tops in total offense with 61 yards rushing and 118 passing for 179 and a 4.7 average per play. Clarence Peaks of MSU is second with 83-60—143 and a 6-yard average.

Ron Carlson of Wisconsin is ranked the No. 1 passer with his one-game performance of 4 completions in 6 attempts for 52 yards and 1 touchdown.

Mel Dillard of Purdue is first in rushing, gaining 120 yards in one game or 25 carries for 4.8.

However, the rushing sensation is Ohio State's Galen Cisco who picked up 98 yards in only 6 tries against Illinois for a 16.3 average.

L. R. (Dutch) Meyer, Texas Christian athletic director, has been associated with the TCU athletic program since 1918.

Rival Coaches Expect Irish To Erupt Yet

Dormant Notre Dame Power Could Show Up Any Time, Belief

SOUTH BEND, Ind. (AP) — Rival football coaches are viewing Notre Dame as they would a volcano which at any moment will erupt.

That's how unused they are to seeing the Irish lose.

Duffy Daugherty, whose unbeaten Michigan State Spartans invade Notre Dame Saturday, sums it up this way:

"Some time before this season is out, Notre Dame is going to become a great team. I just hope it doesn't happen Saturday."

Against MSU, ranked No. 2 nationally and pressing Oklahoma for top recognition, Irish coach Terry Brennan will field one of the greenest teams in the school's history.

For the first time since the Southern California game of 1952, Notre Dame will appear at a kickoff as an underdog. The Spartans are listed 14 or 15-point favorites.

There is great incentive for an upset in the regionally-televised engagement, for the Irish have bowed to MSU in four of their last five games.

In Brennan's head coaching debut last year, the Spartans won 21-7. The Irish's only other loss in 10 starts in 1956 was 42-20 to Southern California in the season finale.

The Irish this fall have a 1-2 record, dropping decisions of 19-13 to Southern Methodist and 28-14 to Purdue, and defeating Indiana 20-6. MSU buried Indiana 53-6 last week, to go with victories of 21-7 over Stanford and 9-0 over Michigan.

Not since 1950 has Notre Dame lost as many as four games in one season and the most it has ever dropped since pioneering collegiate football in 1887 was five in 1933.

Unless that "explosion" occurs, this team's record may be as dismal.

After Michigan State comes Oklahoma in a nationally-televised piece de resistance at South Bend, then follow Navy, Pittsburgh, North Carolina, Iowa and Southern California—all, as is usual, with spirits aroused to knock off the Irish. More teams are "up" when they meet Notre Dame than against any other foe on their schedule.

"We've got the toughest schedule in Notre Dame history, and we're trying to play it with sophomores," says Brennan.

Brennan lost all the regulars from the right side of his line by graduation and opponents have proven they know it by banging 775 yards through the Irish in three games.

Yanks Get $8,715 Shares in Series

NEW YORK (AP) — The biggest chunk of the $758,561.63 World Series players pool went to 32 members of the world champion New York Yankees, who pocketed $8,715.76 each. Twenty-eight members of the Brooklyn Dodgers collected full shares of $6,934.34, a record losers' share.

The previous losers' high was picked up by the Cleveland Indians in 1954, with 34 full shares worth $6,712.50 each. That was the wealthiest four-game series on record, with the winning New York Giants claiming full shares of $11,147.80.

Campaign Claim Sounds Familiar

ITHACA, N. Y. (AP)—The U. S. government "is standing on a precipice, from which she may be tumbled into an awful abyss."

Sound familiar?

It's on an 1808 Federalist Party poster on exhibit at Cornell University.

Senators Eye Possible Move Of Franchise

WASHINGTON (AP)—The board of directors of the Washington Senators huddle Friday to consider moving their franchise to Los Angeles or San Francisco or Louisville.

Those three cities have made offers for the American League franchise, with most of the talk built around the West Coast, particularly Los Angeles.

Other American League club officials, however, aren't commenting on how they would vote on a Washington request to move. Cost seems to be the most important consideration.

Senator President Calvin Griffith, apparently seriously considering a shift to Los Angeles, said that city has offered to build a ball park and to provide the money to buy the Pacific Coast League franchise.

American League President Will Harridge said as far as he's concerned it's still in a "talking stage."

At least one member of the Senators' board has said he'd go to court, if necessary, to block a shift.

Among other AL owners and officials, Chuck Comiskey of the Chicago White Sox said a switch to the West Coast "would be a tremendous big move, travelwise and expensewise. I would want to see a lot of things in black and white."

Battleship was a great steeplechase horse. However, as a 3-year-old in 1950 he won the Flamingo Stakes, a major flat race, at Hialeah Park.

Washington Ace Is Top Lineman

SEATTLE (AP)—Dick Day is large for the average junior in Aeronautical engineering.

For any age and any class, the Associated Press Lineman of the Week is outsize—240 pounds of muscle, 6 foot 3 inch tall.

The huge tackle earned his selection by cutting up the Oregon attack Saturday and recovering three fumbles in Washington's 20-7 victory. He made key tackles to choke Oregon threats and he kept pressure on Oregon passers.

January Collects Apple Valley Prize

APPLE VALLEY, Calif. (AP)—Don January of Lampasas, Tex., won the $5,000 Apple Valley Clambake golf tournament Wednesday with a seven-under-par 32-32—64, giving him a 130 total for the 36 holes.

Dow Finsterwald of Athens, Ohio, finished with a blazing 31-32—63 to tie for second at 136 with Ernie Vossler, Midland, Tex., and Bill Trombley, Dallas. Finsterwald's mark set a course record. January set a record the day before with a 66.

Logart Is Upset In Ortega Bout

BOSTON (AP)—The high rating of Isaac (Kid) Logart as a contender for the world's welterweight championship still appeared justified today despite a 10-round decision loss to unranked Gaspar Ortega of Mexico.

The 23-year-old Cuban, rated the No. 3 contender by the National Boxing Assn. and Ring Magazine, was upset by Ortega in a nationally-televised bout Wednesday night. The referee and one judge voted for Ortega and the second judge a draw.

Here's Weekend TV Grid Schedule

CHICAGO (AP)—Football games scheduled for radio and television coverage this weekend include (all times Eastern Standard):

Saturday

ABC radio, 2:50 p. m., Texas Christian vs. Texas A. & M.

CBS-TV, 1 p. m., Wisconsin vs. Iowa.

Mutual, 1:45 p. m., Michigan State vs. Notre Dame.

NBC radio, 1:45 p. m., Ohio State vs. Penn State.

NBC-TV 12:15 p. m., Michigan State vs. Notre Dame.

Sunday

CBS-TV, 1 p. m. Baltimore Colts vs. Chicago Bears.

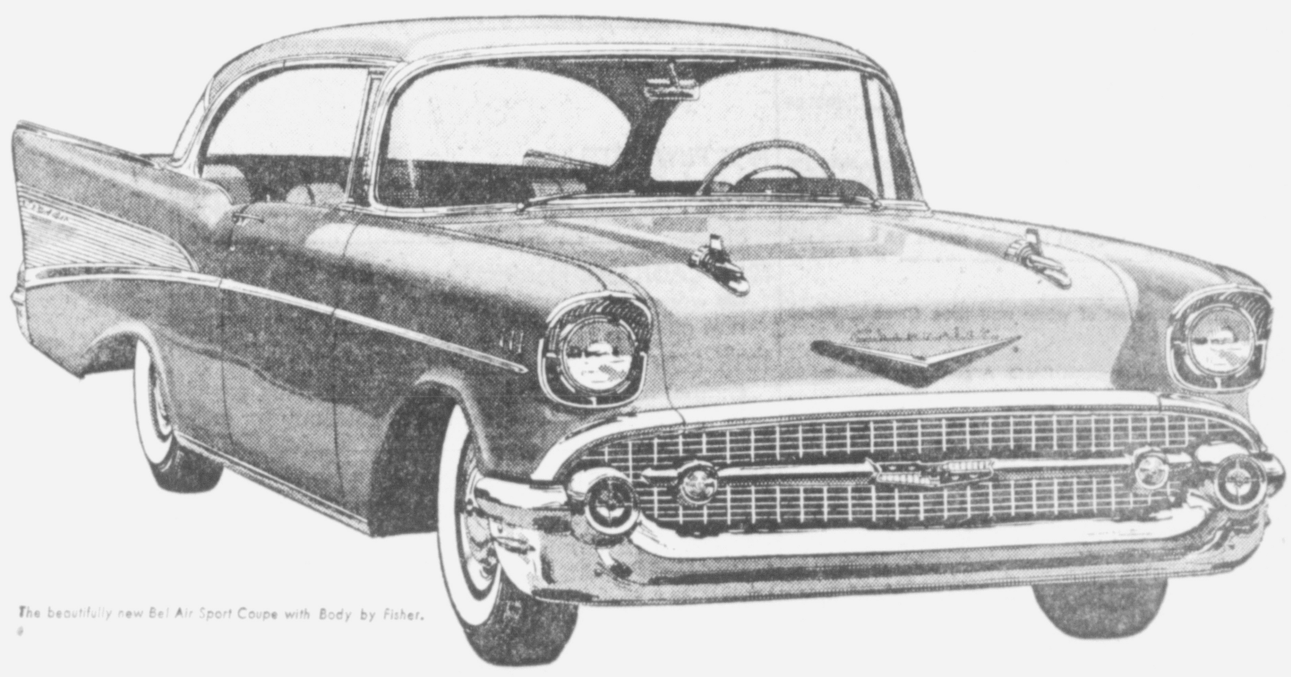

New Tiger Pilot Plans Building Fire

DETROIT (AP) — The Detroit Tigers, best second-half ball club in the American League in 1956, will be full of fire from opening day in 1957 if their new manager, Jack Tighe, has his way.

Twenty-four hours after taking over his first major league managing job, Tighe today reviewed his prospects this way:

"My papers will be in shape and will stay that way. We have the basis for a good team. We should have finished in first division this past season, maybe in second place. We'll run instead of wait for the home run."

Just out and just wonderful!

The beautifully new Bel Air Sport Coupe with Body by Fisher.

TOMORROW—'57 CHEVROLET!
IT'S SWEET, SMOOTH AND SASSY!

Chevy goes 'em all one better—with a daring new departure in design (looks longer and lower, and it is!), exclusive new Turboglide automatic transmission with triple turbines, a new V8 and a bumper crop of new ideas including fuel injection!

CHEVROLET

1 USA '57 CHEVROLET

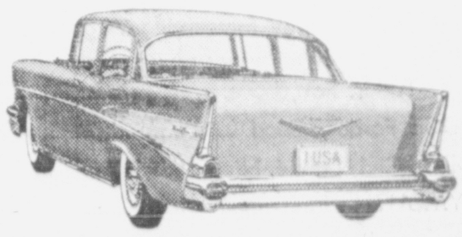

*270-h.p. engine also available at extra cost. Also Ram-jet fuel injection engines with up to 283 h.p. in Corvette and passenger car models.

New right down to the wheels it rolls on—that's the '57 Chevrolet!

By now you know it's new in style. You can see that Chevy's longer, lower—and every inch a beauty.

But Chevrolet's new in lots of ways that don't show up in our picture. It's new in V8 power options that range up to 245 h.p.* Then, you've a choice of *two* automatic drives as extra-cost options. There's an even finer Powerglide—and new, nothing-like-it Turboglide that brings you Triple-Turbine take-off and a new flowing kind of going. It's the only one of its kind!

Come see the new car that goes 'em all one better—the new 1957 Chevrolet!

The new Bel Air 4-Door Sedan—one of 20 striking new Chevies.

Only franchised Chevrolet dealers CHEVROLET *display this famous trademark*

Lions Underdogs (?) In Friday's Contest

It will be up to Washington's Blue Lions to pull themselves out of the lost column this Friday night, and they won't be getting much help from Wilmington.

The Lions are beginning to realize that, since their loss to Hillsboro, they're practically the underdogs in their upcoming battle with the Hurricane.

Wilmington has proved its high scoring potential. They beat Greenfield 33-20 last week. The Lions piled up only 24 points against the Tigers, although their defense held better, allowing one Greenfield score.

Head Lion Coach Fred Domenico feels that the Washington offense is ready to roll against the Hurricane, but he's been hustling around all week working out a defensive setup that satisfies him.

"We stayed on defensive workouts until we had two deep at both tackles and ends," said Domenico.

* * *

HE'S NOT SURE exactly who will start on defense, but he feels the positions are well taken care of now. He's got four tackles and four ends ready to go.

"If one boy isn't producing in there, I can just jerk him and substitute another," the coach said.

The probable starting ends on defense are Ronnie Dowler and Ronnie Carter. And at the tackle slots Larry Slavens and Dick Welch probably will go. However, if these boys don't work out, Domenico has Eldon Brown and Arnold Ward for the end slots, and Jim Lucas and Ted Clarke in the tackle positions. Jack Crabtree at center guard and Bob Huff at linebacker are regular defensemen.

There is one change on offense from last week: Ronnie Dowler will start at center.

* * *

THE OFFENSIVE ends will be Eldon Brown and Ronnie Carter; tackles, Lucas and Clarke; guards, Jim Wilson and Jack Anders; quarterback, John Bainter; halfbacks, Roger McLean and Kenny Evans; fullback, Hank Anders.

The Wilmington lineup sports eight seniors, seven lettermen, a line about the same weight as Washington's and a backfield which outweighs the Lions and is more experienced.

A 185-pound fullback, Lyndell Suggs, is the workhorse for the Hurricane. Wilmington also has a quarterback, Harold Fields, who likes to run with the ball.

Spartans, OSU Holding Power Edge in Loop

CHICAGO (AP)—The "statistical championship" is gradually shaping up in Big Ten football with few surprises.

On the basis of the few conference games played, the two title favorites, Michigan State and Ohio State, are the powerhouses.

In two games, the Spartans have averaged 315.5 yards with the Bucks second with 311 based on only one conference game. Ohio State leads in rushing average with 282, followed by Minnesota with 223.5 in two games and MSU with 213.5.

Purdue, also with only one league game as a basis, shares the aerial lead with MSU, each with a 102 average.

Defensively, Michigan rates No. 1 on the strength of its showing against the Spartans despite a 9-0 defeat. The Wolverines, in their only Big Ten contest thus far, held MSU to a net gain of 143 yards. Iowa, however, has held two opponents to a 185.6 average and MSU has limited its two foes to an average of 188.

Ken Ploen, Iowa quarterback, is tops in total offense with 61 yards rushing and 118 passing for 179 and a 4.7 average per play. Clarence Peaks of MSU is second with 83-60—143 and a 6-yard average.

Ron Carlson of Wisconsin is ranked the No. 1 passer with his one-game performance of 4 completions in 6 attempts for 52 yards and 1 touchdown.

Mel Dillard of Purdue is first in rushing, gaining 120 yards in one game or 25 carries for 4.8.

However, the rushing sensation is Ohio State's Galen Cisco who picked up 98 yards in only 6 tries against Illinois for a 16.3 average.

L. R. (Dutch) Meyer, Texas Christian athletic director, has been associated with the TCU athletic program since 1918.

Rival Coaches Expect Irish To Erupt Yet

Dormant Notre Dame Power Could Show Up Any Time, Belief

SOUTH BEND, Ind. (AP) — Rival football coaches are viewing Notre Dame as they would a volcano which at any moment will erupt.

That's how unused they are to seeing the Irish lose.

Duffy Daugherty, whose unbeaten Michigan State Spartans invade Notre Dame Saturday, sums it up this way:

"Some time before this season is out, Notre Dame is going to become a great team. I just hope it doesn't happen Saturday."

Against MSU, ranked No. 2 nationally and pressing Oklahoma for top recognition. Irish coach Terry Brennan will field one of the greenest teams in the school's history.

For the first time since the Southern California game of 1952, Notre Dame will appear at a kickoff as an underdog. The Spartans are listed 14 or 15-point favorites.

There is great incentive for an upset in the regionally-televised engagement, for the Irish have bowed to MSU in four of their last five games.

In Brennan's head coaching debut last year, the Spartans won 21-7. The Irish's only other loss in 10 starts in 1956 was 42-20 to Southern California in the season finale.

The Irish this fall have a 1-2 record, dropping decisions of 19-13 to Southern Methodist and 28-14 to Purdue, and defeating Indiana 20-6. MSU buried Indiana 53-6 last week, to go with victories of 21-7 over Stanford and 9-0 over Michigan.

Not since 1950 has Notre Dame lost as many as four games in one season and the most it has ever dropped since pioneering collegiate football in 1887 was five in 1933.

Unless that "explosion" occurs, this team's record may be as dismal.

After Michigan State comes Oklahoma in a nationally-televised piece de resistance at South Bend, then follow Navy, Pittsburgh, North Carolina, Iowa and Southern California—all, as is usual, with spirits aroused to knock off the Irish. More teams are "up" when they meet Notre Dame than against any other foe on their schedule.

"We've got the toughest schedule in Notre Dame history, and we're trying to play it with sophomores," says Brennan.

Brennan lost all the regulars from the right side of his line by graduation and opponents have proven they know it by banging 775 yards through the Irish in three games.

Yanks Get $8,715 Shares in Series

NEW YORK (AP) — The biggest chunk of the $758,561.63 World Series players pool went to 32 members of the world champion New York Yankees, who pocketed $8,715.76 each. Twenty - eight members of the Brooklyn Dodgers collected full shares of $6,934.34, a record losers' share.

The previous losers' high was picked up by the Cleveland Indians in 1954, with 34 full shares worth $6,712.50 each. That was the wealthiest four - game series on record, with the winning New York Giants claiming full shares of $11,147.80.

Campaign Claim Sounds Familiar

ITHACA, N. Y. (AP)—The U. S. government "is standing on a precipice, from which she may be tumbled into an awful abyss."

Sound familiar?

It's on an 1808 Federalist Party poster on exhibit at Cornell University.

Senators Eye Possible Move Of Franchise

WASHINGTON (AP)—The board of directors of the Washington Senators huddle Friday to consider moving their franchise to Los Angeles or San Francisco or Louisville.

Those three cities have made offers for the American League franchise, with most of the talk built around the West Coast, particularly Los Angeles.

Other American League club officials, however, aren't commenting on how they would vote on a Washington request to move. Cost seems to be the most important consideration.

Senator President Calvin Griffith, apparently seriously considering a shift to Los Angeles, said that city has offered to build a ball park and to provide the money to buy the Pacific Coast League franchise.

American League President Will Harridge said as far as he's concerned it's still in a "talking stage."

At least one member of the Senators' board has said he'd go to court, if necessary, to block a shift.

Among other AL owners and officials, Chuck Comiskey of the Chicago White Sox said a switch to the West Coast "would be a tremendous big move, travelwise and expensewise. I would want to see a lot of things in black and white."

Battleship was a great steeplechase horse. However, as a 3-year-old in 1950 he won the Flamingo Stakes, a major flat race, at Hialeah Park.

Washington Ace Is Top Lineman

SEATTLE (AP)—Dick Day is large for the average junior in Aeronautical engineering.

For any age and any class, the Associated Press Lineman of the Week is outsize—240 pounds of muscle, 6 foot 3 inch tall.

The huge tackle earned his selection by cutting up the Oregon attack Saturday and recovering three fumbles in Washington's 20-7 victory. He made key tackles to choke Oregon threats and he kept pressure on Oregon passers.

January Collects Apple Valley Prize

APPLE VALLEY, Calif. (AP)—Don January of Lampasas, Tex., won the $5,000 Apple Valley Clambake golf tournament Wednesday with a seven-under-par 32-32—64, giving him a 130 total for the 36 holes.

Dow Finsterwald of Athens, Ohio, finished with a blazing 31-32—63 to tie for second at 136 with Ernie Vossler, Midland, Tex., and Bill Trombley, Dallas. Finsterwald's mark set a course record. January set a record the day before with a 63.

Logart Is Upset In Ortega Bout

BOSTON (AP)—The high rating of Isaac (Kid) Logart as a contender for the world's welterweight championship still appeared justified today despite a 10-round decision loss to unranked Gaspar Ortega of Mexico.

The 23-year-old Cuban, rated the No. 3 contender by the National Boxing Assn. and Ring Magazine, was upset by Ortega in a nationally - televised bout Wednesday night. The referee and one judge voted for Ortega and the second judge a draw.

Here's Weekend TV Grid Schedule

CHICAGO (AP)—Football games scheduled for radio and television coverage this weekend include (all times Eastern Standard):

Saturday

ABC radio, 2:50 p. m., Texas Christian vs. Texas A. & M.

CBS-TV, 1 p. m., Wisconsin vs. Iowa.

Mutual, 1:45 p. m., Michigan State vs. Notre Dame.

NBC radio, 1:45 p. m., Ohio State vs. Penn State.

NBC-TV 12:15 p. m., Michigan State vs. Notre Dame.

Sunday

CBS-TV, 1 p. m. Baltimore Colts vs. Chicago Bears.

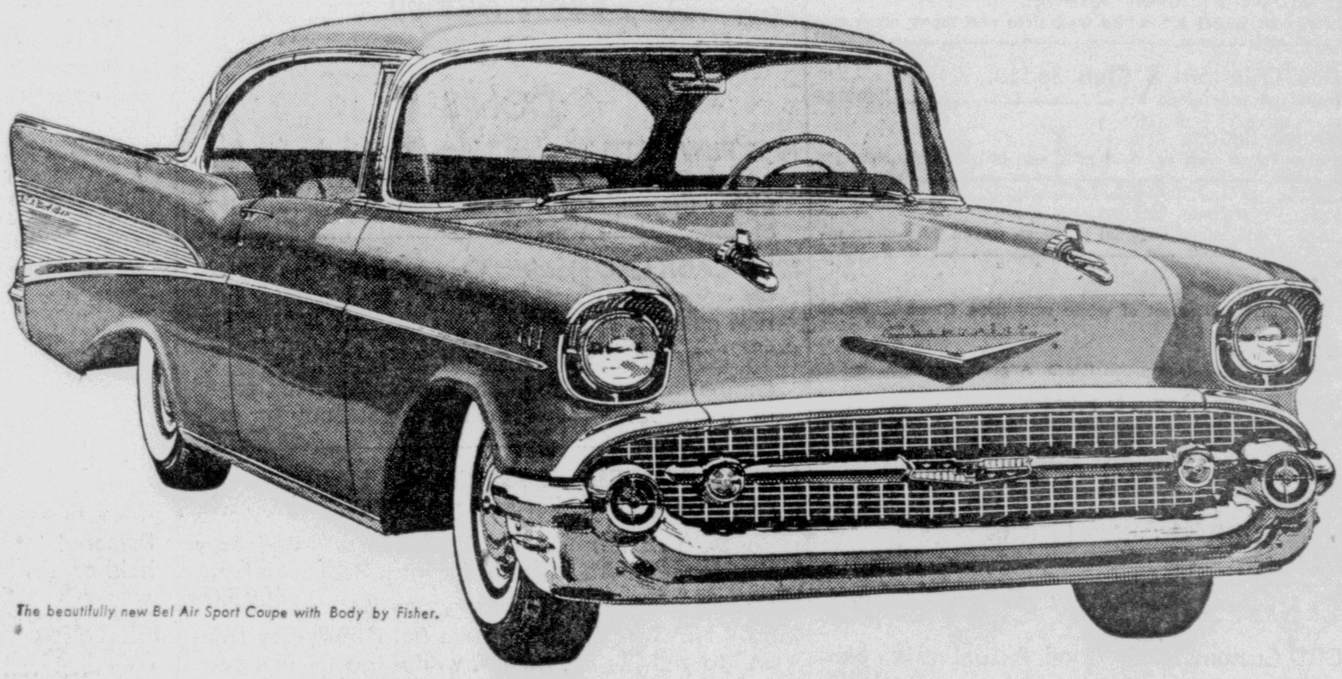

New Tiger Pilot Plans Building Fire

DETROIT (AP) — The Detroit Tigers, best second-half ball club in the American League in 1956, will be full of fire from opening day in 1957 if their new manager, Jack Tighe, has his way.

Twenty-four hours after taking over his first major league managing job, Tighe today reviewed his prospects this way:

"My papers will be in shape and will stay that way. We have the basis for a good team. We should have finished in first division this past season, maybe in second place. We'll run instead of wait for the home run."

Just out and just wonderful!

The beautifully new Bel Air Sport Coupe with Body by Fisher.

TOMORROW—'57 CHEVROLET!

IT'S SWEET, SMOOTH AND SASSY!

Chevy goes 'em all one better—with a daring new departure in design (looks longer and lower, and it is!), exclusive new Turboglide automatic transmission with triple turbines, a new V8 and a bumper crop of new ideas including fuel injection!

New right down to the wheels it rolls on—that's the '57 Chevrolet!

By now you know it's new in style. You can see that Chevy's longer, lower—and every inch a beauty.

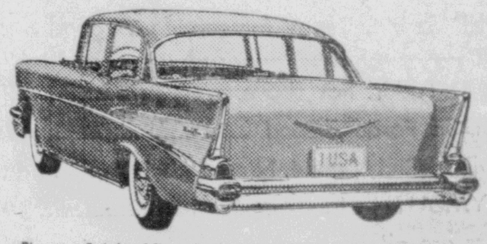

But Chevrolet's new in lots of ways that don't show up in our picture. It's new in V8 power options that range up to 245 h.p.* Then, you've a choice of *two* automatic drives as extra-cost options. There's an even finer Powerglide—and new, nothing-like-it Turboglide that brings you Triple-Turbine take-off and a new flowing kind of going. It's the only one of its kind!

Come see the new car that goes 'em all one better—the new 1957 Chevrolet!

CHEVROLET

1 USA '57 CHEVROLET

*270-h.p. engine also available at extra cost. Also Ram-jet fuel-injection engines with up to 283 h.p. in Corvette and passenger car models.

The new Bel Air 4-Door Sedan—one of 20 striking new Chevies.

Only franchised Chevrolet dealers CHEVROLET *display this famous trademark*

3-County Area May Get State Aid

CLEVELAND (AP) — Farmers in Medina, Summit and Wayne counties—hit by crop failures caused by the rainy summer—have been declared eligible for production emergency credits under the state's disaster relief program.

This was announced Wednesday by Sen. George H. Bender and Sale under cover. Beginning at 12:30 p. m. Sale conducted by The Bailey-Murphy-Darbyshire Co.

season rolls around each fall, Cummings gives Bimbo's antlers a fresh coat of "fiery red" paint. Rep. William H. Ayers of the 14th district.

Bender said he was notified of the eligibility by Howard C. Goddard, Ohio director of the Farmers Home Administration. Ayers said he got the word from the office of Agriculture Secretary Ezra Taft Benson.

With the eligibility, farmers suffering crop losses can borrow money at 3 percent interest and buy grain at $1.50 a hundredweight less than the market prices.

Pet Deer Given Yearly Paint Job

CASPER, Wyo. (AP)—Bimbo, a 7-year-old 275-pound buck deer, has received his annual paint job. Bimbo is a pet who makes his home near Jack Cummings' lodge on Casper Mountain. And in hopes of protecting Bimbo when hunting

Movie star Joan Fontaine's real name is Joan de Havilland. She took the name of her stepfather for stage and screen performances.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

R F D Y E D O D E F B O K D Y H W R R F D

B Y A Z N B R Z T O Y T J Q D O T J K T T P

X Z I I A D N Y Z Y R — H W Y F

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

NCR Employes Donate Record $870 to Chest

The mercury on the Community Chest thermometer jumped suddenly yesterday with the report of a record contribution of $870.06 from the employes at National Cash Register Co. here.

The contribution is 103 per cent more than last year's total contribution from NCR. The average contribution per employe was $5.92. "It's the best support we've ever had from an employee group," said Chest Secretary Perse Harlow.

Harlow reports that employe participation in the contribution at NCR was 99.3 per cent. When the employes' contribution is combined with the company's, it will comprise 9 per cent of the total Chest goal.

A number of other employe groups, notably the post office staff and the employes at the Washington Savings Bank, have upped their contributions considerably over last year's, Harlow said.

* * *

"THIS IS the kind of support we need to shove us up to that goal," declared Community Chest President Leonard Essman, "With the addition of the Red Cross and the Girl Scouts to our ranks, we need increases of that sort."

With yesterday's total contributions of $2,095.56 the Chest has attained 27½ per cent, or $6,520.41) of its $23,500 goal. Totals from several employe groups have not yet been reported. The employe group solicitation began last week.

"Now we'll begin to count pretty heavily on the residential and rural campaign," Harlow said. "I hope it's clear to everyone that with the addition of these new organizations to the Chest, our need has increased comparably."

The door - to - door residential and rural campaign is already beginning to move, but only scattered reports have been made.

WCH Firemen Battle 30-Acre Field Blaze

Fire spread over an estimated 30 acres of a field between the back of Sagar Dairy and Brown's Drive-in Restaurant properties on the Chillicothe Pike and the DT&I Railroad Wednesday afternoon before it was put out by the tank truck from the Washington C. H. Fire Department.

The fire, which had gotten a good start in dry weeds and grass before the tanker arrived, burned across a wide front, moving west across the field towards the railroad.

Capt. Charles Crone, who directed the battle with the flames, said more than 1,200 gallons of water—two tanks full—was sprayed on the flames with a special fog nozzle as the tanker was driven back and forth across the advancing fire front.

The field is owned by Richard Waters.

Cause of the fire was undetermined. There was no estimate of loss.

Stevenson

(Continued from Page One)

into Indochina. In that connection, he said:

"We cannot have in high places men who talk out of both sides of their mouth, who talk loosely and irresponsibly in foreign countries, men who talk too much when they would do better to keep their mouths shut and their eyes and ears open."

He said that, spotlighted against the "moral leadership" required of a President, Nixon's record was "profoundly disturbing."

Nixon, Stevenson said, would "take over the leadership of the Republican party," whether Eisenhower won or not. He said that in renominating the vice president the Republicans hoped that "enough voters would cast a ballot for one man's popularity without regard to the possible consequences if another became President."

In Ohio, Stevenson's new tactics of plugging the Democratic party promised less certainty of beneficial results. Eisenhower beat him by 500,000 in this state four years ago.

Stevenson has praised Michael V. DiSalle, the Democratic candidate for governor.

On the other hand, the relations between Stevenson and Gov. Frank J. Lausche have been strained.

Red-Jap Pact Near

MOSCOW (AP) — A declaration ending the 11-year state of war between the Soviet Union and Japan probably will be signed in the Kremlin Friday night.

There are no gymnasiums in 91 per cent of the nation's 150,000 elementary schools.

Courts

DAMAGES ASKED

A suit for $320 damages resulting from an automobile collision just two years ago has been filed in Common Pleas Court here by George Geren, of Canton, against David E. Current, Wilmington. At the time of the accident, Current gave his address as Lockbourne Air Force Base near Columbus, but since then, the court here has been advised, he has moved to Wilmington. Geren claims that at the time of the accident, Oct. 17, 1954, his car was worth $350 and that after the accident it was worth only $30.

REAL ESTATE TRANSFERS

Roy Gosnell, by certificate, to Frances Gosnell, 76.14 acres, Jefferson Township.

Charles C. Wilson, et al. to Mac Dews Jr., part lot 884, Coffman Addn., city.

Paul H. Smith to William A. Hatfield, lot 302, Washington Imp. Addn., city.

PROBATE COURT

Schedule of claims in the Edith H. Gardner estate confirmed and hearing dispensed with.

Reba B. Straley appointed administratrix of estate of Roscoe I. Straley and bond of $10,000 given. Clarence Kenecht Jr., Robert T. Owens and Arch O. Riber were named appraisers of the estate.

Estate of Roy Gosnell found not subject to inheritance tax.

Lawrence C. Hoppes and Wilbur D. Hoppes appointed administrators of estate of Lelia E. Hoppes and bond of $50,000 given.

Sale of real estate in Harold Breakfield estate by Addie Jette, administratrix, to Roy and Edith J. West approved and half of net proceeds ordered paid to Theresa F. Breakfield and balance distributed by administratrix according to law.

George W. Campbell appointed administrator of estate of Clara Dell Garinger and Arch O. Riber, Floyd Mitchell and Frank Thatcher named appraisers.

Will of Eva L. McCoy admitted to probate.

Estate of Josephine Drake found not subject to inheritance tax.

Schedule of claims in estate of Josephine Snodgrass confirmed.

Petition of Nellie B. Sheppard, executrix, for authority to distribute assets of Jonathan E. Sheppard estate approved.

City Police Probe Two Theft Reports

Two cases of theft reported Thursday morning were being investigated by police here.

Floy S. Norris, Baltimore, Ohio, said a long - handled spoon, bucket and shovel were taken from his truck some time during the night while it was parked on N. Main St., and L. F. Everhart reported that three half - horsepower electric motors had disappeared from the Ashland Oil Co. service station on W. Court St. during the past week.

News Briefs

TEL AVIV, Israel (AP)—An American woman sentenced to a year in prison as a spy for Syria will appeal to Israeli authorities for a pardon, her defense counsel said today.

Max Kritzman, attorney for 29-year-old Mary Frances Hagen, said it had been decided not to appeal her conviction last week by a Jerusalem district court.

Instead, he said, a request for pardon will be made to Israeli President Izhak Ben-Zvi.

Miss Hagan, whose family lives in Huntington, W. Va., pleaded innocent to the charges she had violated Israel's Official Secrets Act. Officials in Washington have indicated the United States also would appeal to the Israel government for executive clemency.

FORT BUCKNER, Okinawa (AP)—U. S. bases on Okinawa, hard hit by two major typhoons last month, braced themselves Thursday night for another.

Typhoon Jean's 126 - mile p an - hour central winds were 385 miles south southeast of the island (at 3 a.m. CST) and moving 10 miles an hour on a course which would send the storm sweeping directly across Okinawa.

TOKYO (AP) — The United States paroled four more Japanese war criminals today. This reduced the number of war criminals still serving sentences at Tokyo's Sugamo Prison to 149, of which 98 were sentenced by United States, 47 by Australia and 4 by Britain.

TOKYO (AP) — Three Japanese were arrested today and accused of peddling 10,000 fifths of bootleg gin to bars and night clubs in used American-and British-brand bottles. Th bottles, one of the trio told police, came from the trash heaps and ash cans of the families of American servicemen living in Japan.

HONG KONG (AP) — Pakistan's Prime Minister H. S. Suhrawardy arrived in Peiping today. Peiping radio said he was greeted by the airport by a crowd of 7,000, including Chou En-Lai, other government leaders and members of the diplomatic corps.

Suhrawardy's visit to Red China at Chou's invitation "is an important indication of that growth of friendly relations between China and Pakistan," the Peiping People's Daily said, adding it believed "there is a wide prospect for friendly cooperation between the two countries."

Suhrawardy has been described as a close friend of the west.

BLACKPOOL, England (AP) — A church organ which gives out weather reports in a strong British accent was placed under expert observation today.

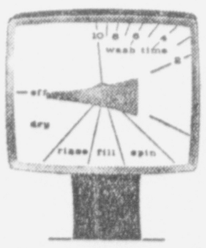

Harry Wynne, organist at St. John Vianney Church, called for technicians after trying in vain to keep the instrument from talking about flying conditions in the British Isles. He does not suspect angels.

Wynne told a reporter he clicks down a stop for strings and instead gets a crisp male voice saying, "a trough of low pressure is moving in from the North Sea."

Car-Trailer, Crash, Victim Suffers Only Minor Hurts

Lee Altemus, 61, Route 5, was released Wednesday afternoon from Memorial Hospital where he had been taken for treatment of minor injuries received when a runaway trailer loaded with coal crashed into his car at the junction of Market St. and Columbus Ave. about 11 a. m.

William E. Sisson, 30, Gratiot, driver of the tractor-trailer owned by William Hartmen of Columbus, was not held. Chief Vaiden Long said, however, police reports of the accident still were being studied. Witnesses to the crash were Maynard Carr, 1142 E. Temple St., and John R. Grabiel, Worthington, who was following the tractor-trailer outfit when it came into Washington C. H. from the east of the CCC Highway.

Sisson told Patrolman Virgil Harris, who spent more than two hours gathering information at the scene, that he was going west on Columbus Ave. and that when he applied the brakes to angle to the right on Market St., the trailer broke loose and crashed into Altemus' car. The trailer also knocked off a light pole before it upset and dumped coal into the grass plot and flower bed at "The Point."

Righting the trailer and gathering up the coal was a time-coming job, Harris said.

Altemus said the last he remembered was stopping on Market St. for Columbus Ave. traffic.

Rites Wednesday For Mrs. Eckle

Services were held at 2 p. m. Wednesday in the Snyder Funeral Home, Mount Sterling, for Mrs. Earnest Eckle, 75, who died Monday in her Bloomingburg home. The Rev. Hervert Ricketts, pastor of the Bloomingburg Methodist Church, officiated.

Burial was in Madison Mills Cemetery with Neal Stewart, Russell Douglas, Raymond Lindsey, Lawrence Grim, Homer Wilson and Ray Dennison acting as pallbearers.

When a Hopi and other American girls gets married today, the wedding dress is made from cotton grown and woven by the groom's family.

Break-In Suspect Arrested in Auto

A 17-year-old Washington C. H. youth Thursday morning was turned over to Pickaway County authorities who are investigating a break-in at the CC C Auto Wrecking Co. in Mount Sterling Wednesday night.

He was picked up on the Bloomingburg and New Holland road at 1 a. m. Thursday by Deputy Sheriff Charles Hays. Hays, who was on regular night patrol, said he was not even looking for suspects in the break-in when he stopped a car for speeding. It was not until he looked inside and saw a new recapped tire answering the description of one he recalled had been reported stolen in Mount Sterling that he decided to bring the youth to headquarters here.

After questioning him at considerable length early Thursday morning, Sheriff Orland Hays notified Pickaway County that he was holding the lad and Sheriff Charles Radcliff came here for him.

Eisenhower

(Continued from Page One)

night in nearby Seattle that he charged that Stevenson, the Democratic presidential nominee, has been telling the voters "political fables" instead of dealing with "the world of reality."

Defending the record of his own administration on many fronts after saying American workers are "more prosperous and secure than ever in history." He accused the Democrats of resorting to what he termed devices of "the half truth, the hit and run statement, the big straddle, the rubber yardstick."

He said "in these days of political frenzy" the Democrats are not telling a story of what he termed a generally prosperous and happy America.

"We hear, instead, the angry hum of a locust swarm of partisan orators," he said. "They are singing a strange and sad song about a feeble America. I wonder if the cry of the political opposition is not simply this: things in America are rapidly going from bad—to good."

In swatting at Stevenson and other Democrats, Eisenhower said their campaigning is full of "oddities and curiosities—political fables that tell of a political wonderland."

Art W. Murray, Former Local Mortician, Dies

Art W. Murray, 84, former Washington C. H. mortician and for the last 37 years associated with the Billow Company, Akron funeral directors, died at 4:15 a. m. Thursday in the Castle Nursing Home, Millersburg.

At the time of his death Mr. Murray was a vice president of the Billow Company.

A native of Good Hope, Mr. Murray was long associated with the Albert McCoy Undertaking Establishment here.

He is survived by a son, William N., assistant treasurer of the Billow Company; two brothers, William C., also a vice president of that firm, and Dale R., of Greenfield; two granddaughters. His wife preceded him in death.

Funeral services will be at 1 p. m. Saturday in the Billow Akron Chapel, 118 Ash St., where friends may call after 4:30 p. m. Friday. Interment will be in Rose Hill Burial Park, Akron.

He was a member of Christ Methodist Church, Akron, and the Junior Order of United American Mechanics.

Reporter Killed

ST. JOSEPH, Mo. (AP) — An unidentified gunman shot and killed Richard Skram, 20, a reporter for the St. Joseph Gazette, early today as Skram sat in a parked car with Miss Sandra Petrie, Gazette business office employe.

The world's first transoceanic telephone cable system, recently opened between U. S., Canada and England can carry up to 36 conversations simultaneously.

Lions To See Bucks Play, Eat Steak Dinner Saturday

Saturday will be a big day for the Washington Lions, win or lose to Wilmington the night before.

The Boosters Club met Wednesday and closed final plans for a trip to the Ohio State-Penn State game and a steak dinner, which they're sponsoring jointly with the Athletic Department of the high school.

The boys will leave by chartered bus at 9 a. m. Saturday and arrive in Columbus in plenty of time to see the game.

"They're leaving early so they can see the Ohio State campus and still have time for lunch," said Head Coach Fred Domenico.

Tickets for the game were purchased by the Athletic Department. When the Boosters heard about the planned trip they decided to make a big occasion out of it.

* * *

A TOTAL OF 33 boys will be going — the whole varsity squad.

The Boosters are paying for bus fare and the dinner after the game. The steaks will be served in the Willard Restaurant on E. Main St. in Bexley, a Columbus suburb.

Domenico showed movies of the Hillsboro game to the club at its meeting in the American Legion Hall.

President Bill McLean announced to members that tickets to the post-season football banquet will be available to them for the next two weeks. Then the public gets a chance at them.

Christman Rites Held Wednesday

Funeral services for Charles Christman, 88, who died Monday at his home here, were held at 2 p. m. Wednesday in the Church of Christ in Christian Union. The Rev. Arthur George officiated, assisted by the Rev. Ernest E. Beverly.

Mrs. George and Mrs. Gladys Sibold sang "Face to Face" and "When They Ring the Bells".

Burial was made in Good Hope Cemetery with James Blakeman, Edward Wilt, Samuel Jenkins, Edward Brown, Curtis Bennett and Joseph Cherry acting as pallbearers.

School Board Meets

The Miami Trace Board of Education held its regular monthly meeting at Wilson School Wednesday night. Taylor Groff, president, said the board transacted routine business and discussed plans for the district's school bond campaign.

TIRED 'TIL IT HURTS?

Just 6¢ a Day Can Help Build Rich, Red Blood . . . Save You from Being Dragged Out . . . Easy Prey to Minor Ills!*

Nutritional experts reveal vitamin losses in cooked foods plus faulty diet may be seriously undermining your energy, strength, and resistance, making you feel on edge—affecting your appetite—spoiling your sleep—because your body is vitamin and iron starved.

*These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B1, B2, and niacin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

How You Can Stop Chronic Vitamin & Iron Starvation Today . . . Feel Like a New Person!

Supplement your diet every day with High-Potency Bexel Capsules. Just one of these wonderfully strengthening capsules give you the full vitamin and iron content nature provided in the groups of the following foods *before cooking:*

1 quart of pasteurized milk
4 oz. of fresh orange juice
½ lb. of lean bacon
1 lb. of lean pork
½ lb. of green string beans
½ lb. of veal chops
½ lb. of ham
¼ lb. of butter
1 lb. of beets

Feel Better. .Look Better...Work Better or *YOUR MONEY BACK!*

NCR Employes Donate Record $870 to Chest

The mercury on the Community Chest thermometer jumped suddenly yesterday with the report of a record contribution of $870.06 from the employes at National Cash Register Co. here.

The contribution is 103 per cent more than last year's total contribution from NCR. The average contribution per employe was $5.92. "It's the best support we've ever had from an employee group," said Chest Secretary Perse Harlow.

Harlow reports that employe participation in the contribution at NCR was 99.3 per cent. When the employes' contribution is combined with the company's, it will comprise 9 per cent of the total Chest goal.

A number of other employe groups, notably the post office staff and the employes at the Washington Savings Bank, have upped their contributions considerably over last year's, Harlow said.

• • •

"THIS IS the kind of support we need to shove us up to that goal," declared Community Chest President Leonard Essman, "With the addition of the Red Cross and the Girl Scouts to our ranks, we need increases of that sort."

With yesterday's total contributions of $2,095.56 the Chest has attained 27½ per cent, or $6,520.41) of its $23,500 goal. Totals from several employe groups have not yet been reported. The employe group solicitation began last week.

"Now we'll begin to count pretty heavily on the residential and rural campaign," Harlow said. "I hope it's clear to everyone that with the addition of these new organizations to the Chest, our need has increased comparably."

The door - to - door residential and rural campaign is already beginning to move, but only scattered reports have been made.

WCH Firemen Battle 30-Acre Field Blaze

Fire spread over an estimated 30 acres of a field between the back of Sagar Dairy and Brown's Drive-in Restaurant properties on the Chillicothe Pike and the DT&I Railroad Wednesday afternoon before it was put out by the tank truck from the Washington C. H. Fire Department.

The fire, which had gotten a good start in dry weeds and grass before the tanker arrived, burned across a wide front, moving west across the field towards the railroad.

Capt. Charles Crone, who directed the battle with the flames, said more than 1,200 gallons of water—two tanks full—was sprayed on the flames with a special fog nozzle as the tanker was driven back and forth across the advancing fire front.

The field is owned by Richard Waters.

Cause of the fire was undetermined. There was no estimate of loss.

Stevenson

(Continued from Page One)

into Indochina. In that connection, he said:

"We cannot have in high places men who talk out of both sides of their mouth, who talk loosely and irresponsibly in foreign countries, men who talk too much when they would do better to keep their mouths shut and their eyes and ears open."

He said that, spotlighted against the "moral leadership" required of a President, Nixon's record was "profoundly disturbing."

Nixon, Stevenson said, would "take over the leadership of the Republican party," whether Eisenhower won or not. He said that in renominating the vice president the Republicans hoped that "enough voters would cast a ballot for one man's popularity without regard to the possible consequences if another became President."

In Ohio, Stevenson's new tactics of plugging the Democratic party promised less certainty of beneficial results. Eisenhower beat him by 500,000 in this state four years ago.

Stevenson has praised Michael V. DiSalle, the Democratic candidate for governor.

On the other hand, the relations between Stevenson and Gov. Frank J. Lausche have been strained.

Red-Jap Pact Near

MOSCOW (AP) — A declaration ending the 11-year state of war between the Soviet Union and Japan probably will be signed in the Kremlin Friday night.

There are no gymnasiums in 91 per cent of the nation's 150,000 elementary schools.

Courts

DAMAGES ASKED

A suit for $320 damages resulting from an automobile collision just two years ago has been filed in Common Pleas Court here by George Geren, of Canton, against David E. Current, Wilmington. At the time of the accident, Current gave his address as Lockbourne Air Force Base near Columbus, but since then, the court here has been advised, he has moved to Wilmington. Geren claims that at the time of the accident, Oct. 17, 1954, his car was worth $350 and that after the accident it was worth only $30.

REAL ESTATE TRANSFERS

Roy Gosnell, by certificate, to Frances Gosnell, 76.14 acres, Jefferson Township.

Charles C. Wilson, et al. to Mac Dews Jr., part lot 884, Coffman Addn., city.

Paul H. Smith to William A. Hatfield, lot 302, Washington Imp. Addn., city.

PROBATE COURT

Schedule of claims in the Edith H. Gardner estate confirmed and hearing dispensed with.

Reba B. Straley appointed administratrix of estate of Roscoe I. Straley and bond of $10,000 given. Clarence Kenecht Jr., Robert T. Owens and Arch O. Riber were named appraisers of the estate.

Estate of Roy Gosnell found not subject to inheritance tax.

Lawrence C. Hoppes and Wilbur D. Hoppes appointed administrators of estate of Lelia E. Hoppes and bond of $50,000 given.

Sale of real estate in Harold Breakfield estate by Addie Jette, administratrix, to Roy and Edith J. West approved and half of net proceeds ordered paid to Theresa F. Breakfield and balance distributed by administratrix according to law.

George W. Campbell appointed administrator of estate of Clara Dell Garinger and Arch O. Riber, Floyd Mitchell and Frank Thatcher named appraisers.

Will of Eva L. McCoy admitted to probate.

Estate of Josephine Drake found not subject to inheritance tax.

Schedule of claims in estate of Josephine Snodgrass confirmed.

Petition of Nellie B. Sheppard, executrix, for authority to distribute assets of Jonathan E. Sheppard estate approved.

City Police Probe Two Theft Reports

Two cases of theft reported Thursday morning were being investigated by police here.

Floy S. Norris, Baltimore, Ohio, said a long - handled spoon, bucket and shovel were taken from his truck some time during the night while it was parked on N. Main St., and L. F. Everhart reported that three half - horsepower electric motors had disappeared from the Ashland Oil Co. service station on W. Court St. during the past week.

News Briefs

TEL AVIV, Israel (AP)—An American woman sentenced to a year in prison as a spy for Syria will appeal to Israeli authorities for a pardon, her defense counsel said today.

Max Kritzman, attorney for 29-year-old Mary Frances Hagen, said it had been decided not to appeal her conviction last week by a Jerusalem district court.

Instead, he said, a request for pardon will be made to Israeli President Izhak Ben-Zvi.

Miss Hagan, whose family lives in Huntington, W. Va., pleaded innocent to the charges she had violated Israel's Official Secrets Act. Officials in Washington have indicated the United States also would appeal to the Israel government for executive clemency.

FORT BUCKNER, Okinawa (AP)—U. S. bases on Okinawa, hard hit by two major typhoons last month, braced themselves Thursday night for another.

Typhoon Jean's 126 - mile p an - hour central winds were 385 miles south southeast of the island (at 3 a.m. CST) and moving 10 miles an hour on a course which would send the storm sweeping directly across Okinawa.

TOKYO (AP) — The United States paroled four more Japanese war criminals today. This reduced the number of war criminals still serving sentences at Tokyo's Sugamo Prison to 149, of which 98 were sentenced by United States, 47 by Australia and 4 by Britain.

TOKYO (AP) — Three Japanese were arrested today and accused of peddling 10,000 fifths of bootleg gin to bars and night clubs in used American-and British-brand bottles. Th bottles, one of the trio told police, came from the trash heaps and ash cans of the families of American servicemen living in Japan.

HONG KONG (AP) — Pakistan's Prime Minister H. S. Suhrawardy arrived in Peiping today. Peiping radio said he was greeted by the airport by a crowd of 7,000, including Chou En-Lai, other government leaders and members of the diplomatic corps.

Suhrawardy's visit to Red China at Chou's invitation "is an important indication of that growth of friendly relations between China and Pakistan," the Peiping People's Daily said, adding it believed "there is a wide prospect for friendly cooperation between the two countries."

Suhrawardy has been described as a close friend of the west.

BLACKPOOL, England (AP) — A church organ which gives out weather reports in a strong British accent was placed under expert observation today.

Harry Wynne, organist at St. John Vianney Church, called for technicians after trying in vain to keep the instrument from talking about flying conditions in the British Isles. He does not suspect angels.

Wynne told a reporter he clicks down a stop for strings and instead gets a crisp male voice saying, "a trough of low pressure is moving in from the North Sea."

Car-Trailer, Crash, Victim Suffers Only Minor Hurts

Lee Altemus, 61, Route 5, was released Wednesday afternoon from Memorial Hospital where he had been taken for treatment of minor injuries received when a runaway trailer loaded with coal crashed into his car at the junction of Market St. and Columbus Ave. about 11 a. m.

William E. Sisson, 30, Gratiot, driver of the tractor-trailer owned by William Hartmen of Columbus, was not held. Chief Vaiden Long said, however, police reports of the accident still were being studied. Witnesses to the crash were Maynard Carr, 1142 E. Temple St., and John R. Grabiel, Worthington, who was following the tractor-trailer outfit when it came into Washington C. H. from the east of the CCC Highway.

Sisson told Patrolman Virgil Harris, who spent more than two hours gathering information at the scene, that he was going west on Columbus Ave. and that when he applied the brakes to angle to the right on Market St., the trailer broke loose and crashed into Altemus' car. The trailer also knocked off a light pole before it upset and dumped coal into the grass plot and flower bed at "The Point."

Righting the trailer and gathering up the coal was a time-coming job, Harris said.

Altemus said the last he remembered was stopping on Market St. for Columbus Ave. traffic.

Rites Wednesday For Mrs. Eckle

Services were held at 2 p. m. Wednesday in the Snyder Funeral Home, Mount Sterling, for Mrs. Earnest Eckle, 75, who died Monday in her Bloomingburg home. The Rev. Hervert Ricketts, pastor of the Bloomingburg Methodist Church, officiated.

Burial was in Madison Mills Cemetery with Neal Stewart, Russell Douglas, Raymond Lindsey, Lawrence Grim, Homer Wilson and Ray Dennison acting as pallbearers.

When a Hopi and other American girls gets married today, the wedding dress is made from cotton grown and woven by the groom's family.

Break-In Suspect Arrested in Auto

A 17-year-old Washington C. H. youth Thursday morning was turned over to Pickaway County authorities who are investigating a break-in at the CC C Auto Wrecking Co. in Mount Sterling Wednesday night.

He was picked up on the Bloomingburg and New Holland road at 1 a. m. Thursday by Deputy Sheriff Charles Hays. Hays, who was on regular night patrol, said he was not even looking for suspects in the break-in when he stopped a car for speeding. It was not until he looked inside and saw a new recapped tire answering the description of one he recalled had been reported stolen in Mount Sterling that he decided to bring the youth to headquarters here.

After questioning him at considerable length early Thursday morning, Sheriff Orland Hays notified Pickaway County that he was holding the lad and Sheriff Charles Radcliff came here for him.

Eisenhower

(Continued from Page One)

night in nearby Seattle that he charged that Stevenson, the Democratic presidential nominee, has been telling the voters "political fables" instead of dealing with "the world of reality."

Defending the record of his own administration on many fronts after saying American workers are "more prosperous and secure than ever in history." He accused the Democrats of resorting to what he termed devices of "the half truth, the hit and run statement, the big straddle, the rubber yardstick."

He said "in these days of political frenzy" the Democrats are not telling a story of what he termed a generally prosperous and happy America.

"We hear, instead, the angry hum of a locust swarm of partisan orators," he said. "They are singing a strange and sad song about a feeble America. I wonder if the cry of the political opposition is not simply this: things in America are rapidly going from bad—to good."

In swatting at Stevenson and other Democrats, Eisenhower said their campaigning is full of "oddities and curiosities—political fables that tell of a political wonderland."

Art W. Murray, Former Local Mortician, Dies

Art W. Murray, 84, former Washington C. H. mortician and for the last 37 years associated with the Billow Company, Akron funeral directors, died at 4:15 a. m. Thursday in the Castle Nursing Home, Millersburg.

At the time of his death Mr. Murray was a vice president of the Billow Company.

A native of Good Hope, Mr. Murray was long associated with the Albert McCoy Undertaking Establishment here.

He is survived by a son, William N., assistant treasurer of the Billow Company; two brothers, William C., also a vice president of that firm, and Dale R., of Greenfield; two granddaughters. His wife preceded him in death.

Funeral services will be at 1 p. m. Saturday in the Billow Akron Chapel, 118 Ash St., where friends may call after 4:30 p. m. Friday. Interment will be in Rose Hill Burial Park, Akron.

He was a member of Christ Methodist Church, Akron, and the Junior Order of United American Mechanics.

Reporter Killed

ST. JOSEPH, Mo. (AP) — An unidentified gunman shot and killed Richard Skram, 20, a reporter for the St. Joseph Gazette, early today as Skram sat in a parked car with Miss Sandra Petrie, Gazette business office employe.

The world's first transoceanic telephone cable system, recently opened between U. S., Canada and England can carry up to 36 conversations simultaneously.

Lions To See Bucks Play, Eat Steak Dinner Saturday

Saturday will be a big day for the Washington Lions, win or lose to Wilmington the night before.

The Boosters Club met Wednesday and closed final plans for a trip to the Ohio State-Penn State game and a steak dinner, which they're sponsoring jointly with the Athletic Department of the high school.

The boys will leave by chartered bus at 9 a. m. Saturday and arrive in Columbus in plenty of time to see the game.

"They're leaving early so they can see the Ohio State campus and still have time for lunch," said Head Coach Fred Domenico.

Tickets for the game were purchased by the Athletic Department. When the Boosters heard about the planned trip they decided to make a big occasion out of it.

• • •

A TOTAL OF 33 boys will be going — the whole varsity squad.

The Boosters are paying for bus fare and the dinner after the game. The steaks will be served in the Willard Restaurant on E. Main St. in Bexley, a Columbus suburb.

Domenico showed movies of the Hillsboro game to the club at its meeting in the American Legion Hall.

President Bill McLean announced to members that tickets to the post-season football banquet will be available to them for the next two weeks. Then the public gets a chance at them.

Christman Rites Held Wednesday

Funeral services for Charles Christman, 88, who died Monday at his home here, were held at 2 p. m. Wednesday in the Church of Christ in Christian Union. The Rev. Arthur George officiated, assisted by the Rev. Ernest E. Beverly.

Mrs. George and Mrs. Gladys Sibold sang "Face to Face" and "When They Ring the Bells".

Burial was made in Good Hope Cemetery with James Blakeman, Edward Wilt, Samuel Jenkins, Edward Brown, Curtis Bennett and Joseph Cherry acting as pallbearers.

School Board Meets

The Miami Trace Board of Education held its regular monthly meeting at Wilson School Wednesday night. Taylor Groff, president, said the board transacted routine business and discussed plans for the district's school bond campaign.
